

Music

An evening of song was the delightful vehicle in which Miss Hilda Amster received her first presentation as a vocalist. Thursday evening at the attractive studio of Miss Minnetta Magers on Court St. there were over eighty guests and Miss Amster was showered with beautiful spring flowers. One exquisite bouquet was an old-fashioned boutonniere. The studio was artistically arranged with tall-Easter lilies. Miss Amster possesses a fine soprano voice with beautiful tonal qualities. Her songs portrayed a graceful and easy manner and were excellently enunciated. The singer gave a pleasing smile with her songs which blended with the style of her program. She responded to a number of encores.

Assisting on the program was Miss Lavan Cappel, a child impersonator who read, "Jim Brady's Big Brother." Miss Joanna James gave two interesting piano solos taken from Mendelssohn and McDowell. Miss Evelyn De Long was an excellent piano accompanist.

The program follows:

- Song of Sunshine Maley
- My Day Dichmont
- Who'll Buy My Lavender? German
- Parla Ard'it

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used.—Alice Record, 437 So. 11th St., New Castle, Ind.

by the captains, Esther Anderson and Clara Page.

With a dash and precision which elicited words of praise and commendation for each of the participants in the program, the Secular concert, by the Pilgrim Chorus of the First Congregational church, last Tuesday evening, gave a comfortable and appreciative audience two hours of delightful entertainment.

Harmony pervaded the affair even unto the tasteful decorations. The Tri-Color of France and the Stars and Stripes of America adorned the choir loft from which the chorus of twenty-five voices opened the concert with the stirring "Marseillaise" and brilliantly sang as the closing number the "Star Spangled Banner." A profusion of potted palms added color to the beautiful song cycle, "In a Persian Garden," a musical setting by Liza Lehman of the choicest gems from "The Rubaiyat" of Omar Khayyam, the singing of which gave plentiful range for close harmony effects and the individual ability of each of the quartette by which the cycle, requiring thirty minutes in time, was rendered. Evidence of hard work and understanding became apparent, however, in both the solo and quartette parts of the piece before the singers had proceeded very far.

Especially noteworthy was the work of Professor John W. Todd, who carried the tenor part. Mr. Todd's ability as a singer and particularly as a reader of music had been placed to a rigid test by his being granted at the proverbial eleventh hour to fill the place of Henry M. Compton, unfortunately taken ill two days previously with a threatened attack of pneumonia. To secure for his listeners a better understanding of one of his difficult solo parts, Mr. Todd aptly prefaced his singing of the part by quoting its words:

"I sent my soul through the invisible. Some degree of that after life to myself. And by-and-by my soul returned to me. And answered: I myself am Heaven and hell. Heav'n but the vision of fulfilled desire. And hell the shadow from a soul on fire. Cast on the darkness into which ourselves."

So late emerged from, shall so soon expire.

The seeming ease with which Mr. Todd merged beautiful high falsetto tones with his natural voice called forth hearty applause.

Mrs. Leonia Peterson, soprano; Mrs. Arthur J. Rahn, contralto, and Albert H. Gule, baritone, tastefully and expressively sang, the other three parts of the quartette.

Familiarity with the sextet from "Lucia di Lammermoor," entitled "Now the Night in Starlit Splendor" will bring to mind the intricate and at times almost indistinguishable harmony of that masterpiece as usually sung by six voices, each carrying a different melody. The quartette arrangement of this piece broadens the harmonious effect and was so delightfully rendered by the quartette that the audience required its repetition as an encore.

Miss Margaret Garrison, whose splendid ability in the Delsartian art has on many occasions in the past won for her the admiration of Salem audiences, gave two delightful readings in the course of the program. Miss Garrison possesses the gift of holding the rapt attention of her listeners throughout her every effort and gracefully responded to encores after each of her selections.

Miss Bernice Clark, who with her inborn ability and her continued zeal as an accompanist, will easily some day grace the list of the most fastidious of singers, was the accompanist for all of the vocal numbers of the evening's program. She played also, as a pipe organ solo, "Andante from Violin Concerto," by Mendelssohn. Rapid development from the beginner's mere mechanical efforts to a rare artistic touch in her pipe organ studies has been the lot of Miss Clark in the brief course of a year's work with that instrument.

Greatly enhancing the fervor and effect of the closing number, the "Star Spangled Banner," by the chorus, the lights were turned off while a brilliant spotlight played on a silken American flag, mechanically caused to wave in graceful folds and flutters. The audience arose in mass and joined heartily in the singing of the national anthem.

RED CROSS WORK GROWS RAPIDLY

Chapters Are Quick in Response to Suggestions of Chairman

Immediate and gratifying response is being received at headquarters of Willamette Red Cross chapter to the appeal recently sent out to the auxiliaries by Chairman H. W. Meyers, urging each separate unit to raise funds and become self-supporting, thus relieving the national headquarters of the drain of providing supplies for the thousands of chapters and hundreds of thousands of auxiliaries throughout the nation.

No sooner had the circular letter been sent out by Chairman Meyers than the Willamette chapter auxiliaries began to get busy, with the result that all of them have taken

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush Kidney and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks can't, because they can't control urination. While it is excruciating, annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidney and changes no bad effects whatever.

If you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble,

MOLINE Universal Tractor

**As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works**

The Ideal Tractor
No other tractor on the market will do such a great variety of work, nor is so correct in design and construction as the Moline-Universal. It makes the herculean farm possible. It pulls the usual 3-horse load—it will do as much work as 7 horses, using in the greater speed and efficiency. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting. In fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit
The Moline-Universal is easier to handle than a team of horses, weighs about the same, turns in a 36-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and easier to load and unload than any other tractor. This tractor is made in the best of materials and is guaranteed to last for years.

Cut the Cost of Horse Labor
The cost of horse labor is almost one-half the cost of operating a tractor on the average farm. A fine horse averages only 36 hours work a day through the entire year, and tires in six. It costs from \$2 to \$3 cents per working hour to maintain a horse, and requires 25 minutes a day to care for him, or fourteen ten-hour days a year. And yet there isn't enough power to plow as deep as scientific methods require. In harvesting, the tractor is more efficient, more economical, and a good state of soil is maintained to cultivate more frequently, and to harvest at the proper time.

Let us tell you how the Moline-Universal Tractor can reduce the cost of power on your farm. It will pay you.

steps to put the suggestion embodied in the appeal into execution. The first auxiliary to make substantial response to the appeal is the North Salem auxiliary. This auxiliary has notified headquarters that a fund of \$12 has been raised and the auxiliary is rapidly on the way toward self-support.

Liberty School To Front. Another bit of most encouraging news received at chapter headquarters yesterday was brought in by Miss Catherine Fowle of the committee of the Liberty school. Miss Fowle turned over an aggregate of \$8.99 which represents the receipts of a patriotic program and cafeteria supper given at Liberty school Friday night.

Large attendance enlivened the meeting and exercises and over 100 people were served at the cafeteria supper. No admission fee was charged and the people patronized the refreshment feature most patriotically. One of the big features of the entertainment was a Red Cross tabernacle, but on by a group of little folk, one of whom held a cup in his hand and offerings were placed in this cup to the amount of \$110. Walter Denton delivered a patriotic address upon the subject of the workings and purposes of the Red Cross and received a cordial ovation. The other active promoters of the benefit performance were Principal A. N. Arnold of the Liberty school and Mrs. Robins.

Mrs. Benson Reports. The monthly report of Willamette chapter, for the month of January 20 to February 20, as prepared by Secretary Mrs. Arthur Benson, demonstrates the activities of the several auxiliaries of this section of the valley and shows that a marked increase has been realized in the output of articles made by the auxiliaries and sent in to the headquarters for shipment. The total increase in the output over the previous month amounted to 16,958 articles. The report in detail follows:

Total number of surgical dressings made (including gauze and muslin bandages) 21,857, which is an increase of 9,316 articles over the December-January output.

The total number of articles of patients' clothing for this month is 11,542, which is an increase of 5,711 articles over the output of last month.

The total of hospital supplies for this month was 2,662 articles, an increase of 252 articles over last month.

Total number of knit articles this month 1,793, an increase of 765 over last month's output. Fifteen hundred pairs of socks and 228 sweaters have been turned in during the month. This is an increase of 647 pairs of socks and 95 sweaters, over what was received last month.

Reports from every auxiliary indicates an increased interest and impetus in the work which spells victory for the allied armies at the front.

Supplies Are Forwarded. Another big shipment of Red Cross supplies has been forwarded by Willamette chapter to the Red Cross bureau of supplies at Seattle, which went forward yesterday. This shipment embraced the following list of articles representing the sacrifices of loyal and patriotic mother and sisters: Eighty pairs of pajamas;

207 comfort pillows; 240 pairs of socks; thirty sweaters; 130 bandage foot socks; 1305 handkerchiefs and 1715 "T" bandages.

Another shipment of articles is being assembled and will go forward within a few days. Willamette chapter headquarters presents very active appearances and the volunteer heads of departments and their volunteer assistants are working overtime in taking care of the rush.

THE MEAN SON-IN-LAW. John D. Rockefeller Jr. at the Y. M. C. A. camp in New Jersey, where he has been doing volunteer war work, told a story about a mean young man.

"This mean young man," he said, "married a girl of wealthy parentage, and the young couple began their wedded life in a house belonging to the bride's father. "Not long ago, while we were discussing market conditions together, I asked the young man if it was true that his father-in-law made him a present of the house he lives in. "It's a very generous thing, if so," I added. "Well, it ain't so," said the young man. "That is, it ain't exactly so. He offered me the house, but I wouldn't accept it. "Why not?" said I. "He winked solemnly. "The house is sure to be willed to me when my father-in-law dies," he said, "and while I'm living in it rent free, while the old man pays the taxes."—Washington Star.

It was only in 1835 that bull-baiting ceased to rank among the amusements of England.
