ORDINANCE IS BEING FORMED

City Council Will Be Asked to Appoint Salem Meat Inspector

"There is going to be a sting in my method, and it will not be a 'mad method' at that," said F. W. Steusloff, president of the Marion County Council of Defense, yesterday afternoon, in outlining something of his plan to procure the appointment of a meat and dairy inspector for Salem.

ORDINANCE IS BEING FORMED

City Council Will Be Asked to Appoint Salem Meat Inspector

"I am having attorneys prepare an ordinance to be presented to the city council, which will provide for the appointment by the city of a meat and dairy food inspector for Salem, whose certificate of inspection will be good in Portland, or any other point where we want to ship meat or dairy products. This is a matter of self-protection and the security thus provided will more than offset the expense.

"Salem is too big a city now to be always playing the second fiddle to Portland. It is well known that many carcasses of hogs have been shipped to Portland that were inspected there as being diseased, when it was not evident here that they were.

Luther J. Chapin Buys More Valuable Farm Land

Luther J. Chapin must believe in Oregon, and especially in the Willamette valley. In fact, he says if a fellow could not make good on the land in the Willamette valley, he could not make good as a farmer anywhere on earth.

Mr. Chapin is field agent for this territory. It is Mr. Chapin's intention finally to devote his 100 acres to raising high grade seeds—known to the trade as "pedigreed" seeds. As everyone knows, Mr. Chapin was formerly agriculturist for Marion county. If he were a doctor, he would not be accused of not being willing to take his own medicine.

Carload of Valley Corn Is Shipped to Minnesota

A carload of yellow dent field corn was billed out of Salem yesterday to a point in the state of Minnesota.

So far as is known this was the first car of corn, produced in Oregon, ever to be shipped out of the state. It has been the other way round, as the saying goes, for Oregon has always been a shipper of corn from Nebraska, Iowa, Illinois or Kansas whenever corn was wanted for feed, seed or milling purposes.

Lafferty Announces His Candidacy for Congress

Announcing a breezy platform for the consideration of the voters, A. Lafferty of Portland, yesterday filed with Secretary of State Oleson declaration of his candidacy for representative in congress from the third district. Mr. Lafferty's slogan is "Vote for justice, a home, vacations, art, music, literature, travel, Republican candidate."
