For JUSTICE of the PEACE FRANK DAVEY

I am asking the Republican nomination for justice of the peace of the Salem district because I believe myself thoroughly equipped to give the best possible service in that important position. I came to Salem in 1887, over thirty years ago, and in every movement since for the betterment of the city and all its enterprises, for the development and settlement of the state, for the safety and support of the nation, I have taken a somewhat prominent part with hand and tongue and pen. My life is known to all who have lived here a dozen years or more, and I trust to their verdict. I am a lawyer by education and have been in close touch for thirty-eight years with courts, even to the highest jurisdiction. I know the work of a justice office thoroughly. I have not an enemy in the world to punish and reward at the expense of justice. Respect for law and its enforcement without malice, revenge or oppression is inherent in me and has been intensified by my extensive experience in making laws, hence the public knows what to expect from me. I owe the people of Salem and vicinity for many friendships. I expect to repay them by honest, faithful service at all times. —Frank Davey. (Paid Adv.)

RHEUMATISM

If you have rheumatism in your shoulder, your hip or your knee—do you think doctoring your blood will cure it. If it is caused by a condition of the blood which are not both hips, both shoulders or both knees affected alike?

Chiropractors believe and are ready to prove that the affected part is not supplied with the proper amount of vital force—nervé force—and that the rheumatism is the natural result. By a simple adjustment Chiropractors restore the nerve force to normal, and this nerve force soon brings about a healthy condition of the part affected.

Felix Kordina Leaves For Portland Today

Felix Kordina, Bohemian tailor, heretofore located at 372 State street leaves today for Portland where he will be employed in the tailoring department of Lipman-Wolfe & Co.

Mr. Kordina, when seen by a Statesman representative yesterday said: "I am back again from Portland to get my tailoring supplies. I have found that there are some people in Salem who are my enemies and would be glad to see me go away. I don't care to live in a community where some people do not like me. The world is large enough for all. For this reason I am leaving for Portland. I realize that I have many staunch friends in Salem and I dislike to leave them. They realize that I am loyal to the Stars and Stripes and that I am the kind of man that will always give a helping hand to my fellow man. I have the best of wishes for my enemies as well as my friends."

Alumni Deny That Bristol Was Hazed at Corvallis

Salem alumni of Oregon Agricultural college are attempting to correct a statement made in a Portland newspaper recently to the effect that hazing at that institution was responsible for the insanity of R. R. Bristol who was recently committed to the State Hospital for the insane a second time.

The article stated that Bristol had been hazed at O. A. C. in 1918. It appears that he was a student at the University of Oregon instead and that he was "tubbed" in December 1908 and became insane the following January and was committed to the state hospital. Later he was discharged and was recently re-committed. An investigation by specially appointed students and members of the faculty at the state university brought the report that hazing was not responsible for his insanity.

Dr. Hall to Give Another Lecture About Russia

Those who heard Dr. J. O. Hall in his lecture at the library on the revolution in Russia will be delighted to know that he is scheduled for another lecture, "The Present Situation in Russia." This lecture will be given Wednesday night, March 13, in the auditorium of the public library. In his previous lecture, Dr. Hall outlined the historical background and political revolution. On Wednesday night he will discuss the revolution in more detail. Dr. Hall is not only a careful student and thinker, but he has that admirable characteristic as a public speaker of making his points in a simple, definite manner that enables the hearers to follow his thought with pleasure and understanding. Those who were so unfortunate as to miss the earlier lecture need not hesitate to attend this one for the speaker will make himself intelligible and enjoyable for all. This number takes the place of the lecture which Mrs. W. D. Carlisle was to have given. Mrs. Carlisle was unable to keep her appointment at this time.

200,000 Mechanics Enroll for Work in Shipyards

WASHINGTON, March 9.—Figures received at the department of labor today showed that 200,000 mechanics have registered for work in the shipyards and that many states have already exceeded their quotas. Illinois, with a quota of 23,662, now has 29,000 enrolled. New York city has passed its quota of 20,000. Many of these volunteers already have been sent to the ship yards in the vicinity of New York and to Hog Island, Pa. California has passed its mark of 11,310 and Oregon has exceeded its quota of 2204 by 400.

GRANT SCHOOL HOLDS HONORS

Achieves First Full-Fledged Junior Red Cross Auxiliary

To the pupils of Grant school of this city belongs the honor of having achieved the first full-fledged organization of a Junior Red Cross auxiliary. Not only has Grant school succeeded in forming a healthy and exceedingly active Junior Red Cross but it has contributed liberally toward the organization of juniors in other schools of the city and has contributed \$25 of its excess funds to the support of Willamette chapter, just as an eye-opener.

Miss Ruby Hazlett, who has the honor of holding the position of secretary of the Grant School Junior Red Cross auxiliary, gave headquarters quite a pleasurable shock yesterday morning when she dropped in on them and smilingly handed over \$25 of good Uncle Sam coin of the realm as her organization's proud offering to the cause of humanity and justice. Along with it she deposited the required additional amount to place her auxiliary in good standing as the first junior to be organized in the city upon the basis of 25 cents per capita of the membership. The junior auxiliary still has enough funds on hand to remain self-sustaining and hopes to be of still further assistance to the organization of other juniors and to Willamette chapter.

There are several other junior auxiliaries in the process of formation and the very near future will witness a number of them in Salem and surrounding country, contributory to Willamette chapter, in full-ledged, flourishing and active existence. Young America does nothing in a half-hearted way and when it comes to genuine patriotism he has the older generation "backed off the board."

One of the liveliest and most progressive auxiliaries to Willamette chapter is the Hayesville auxiliary. Upon previous occasions this organization has pulled off stunts in a manner to do itself proud but the latest caps the climax for originality and purpose of achievement.

The auxiliary has just finished counting the money received as a result of a chicken pie supper and finds its exchequer enriched to the tune of \$52.50, clear money thereby. This is one of the many self-sustaining auxiliaries to Willamette chapter and it is a live and coming organization. Yesterday was the day of this crowning event and to top it off in the proper manner, Hayesville auxiliary disposed of \$6.50 worth of yarn tags for the benefit of the chapter.

The first attempt of Willamette chapter in putting on the "Yarn Tag" sales, yesterday, netted the organization easily \$200, as far as could be learned last night, and later returns may swell this amount considerably. Under the leadership of Mrs. August Huckestein, Jr., the sale of "Yarn Tags" was a splendid success and it is proposed to make of this a regular Saturday event in future and continue the sales indefinitely. This will serve as a warning and reminder to all those who found themselves without the necessary dime when solicited by the girls yesterday not to be found in the destitute circumstances upon future Saturday occasions. Always remember to put one or two or more dimes in your vest pocket and look out for the "Yarn Tag" girls hereafter.

Eastern College Girls Not Wanted on Farms

LINCOLN, Neb., March 9.—No eastern college girls are wanted on Nebraska farms this summer according to the executive board of the woman's committee of the state council of defense which today passed a resolution opposing any effort to send women and girls to western farms. The resolution was aimed at the woman's land army under whose direction Vassar and Bernard and other college girls have been organized for farm work next summer.
