L. W. W. ARE FED BUT ONE MEAL

Officers Threaten Bread and Water Diet If Disturbance Is Repeated

ST. MARIES, Idaho, March 19.—Sixty five alleged L. W. W. held here by the military received but one meal today, at 4 o'clock this afternoon, as the result of a disturbance they created late last night and it was declared that a repetition of the offense would result in the prisoners being put on a bread and water diet.

All employes of logging camps in this vicinity are being examined by soldiers as to their attitude toward the war and the doctrines of the L. W. W. and it was stated today that all failing to give satisfactory answers will be brought in and held. Half a dozen logging camps in this vicinity were visited today.

Federal infantrymen here are expected to be ordered back to Fort George Wright, Spokane, shortly, it was announced today by Lieutenant Stiffson, in command here. He said he believed the state guardsmen had the situation well in hand and that he had recommended that the federal troops be withdrawn.

battle front to witness the commencement of the German offensive preparations. The correspondents, it is stated, are expected to begin their journey toward the scene of the proposed fighting Wednesday.

Probably not unconnected with this latest announcement of the Germans is the apparent sensitiveness displayed by the German imperial chancellor, Count von Hertling, over the inclination of the United States and the entente to accept at its face value Germany's latest proffer of peace. Running the gamut from Germany's good intentions to the fate that ultimately will befall the allies for their refusal to be taken in by Germany's sweetened words, the chancellor ended his address with the well-worn admonition that for all future bloodshed the allies must accept full responsibility.

Big Guns Work.
In the meanwhile all along the battle fronts in the west, from the North sea to the Adriatic, the hostilities continue to be carried out by means of the big guns.

The Americans on the Toul sector continue daily to give the enemy little rest, bombarding towns behind the lines and also trenches in the front of them. Along the Chemin-des-Dames, another portion of the front held by the Americans, there has been a rather heavy play of gas shells from the German guns, but the men from overseas have answered four-fold all the German projectiles.

British Bomb Mannheim.
Everywhere the airmen of both sides are keenly active. Particularly so are the British, who, in addition to numerous air raids behind the lines, bombing points of vantage and indulging in fights in the air with enemy aviators, since October have carried out 255 flights, or 38 raids, into German territory.

WEINBERG FREED FROM CHARGES

Jitney Bus Driver Relieved of Connection With Bomb Explosion
SAN FRANCISCO, March 19.—Israel Weinberg, jitney bus driver, was freed of three charges of murder in connection with a preparedness day bomb explosion here by Superior Judge Franklin Griffin today. Edward A. Cunha, assistant district attorney, announced that his office was not prepared to proceed with the trial of the charges today, and they were dismissed on Cunha's motion when Judge Griffin announced that he would not grant a continuance. Cunha and Assistant District Attorney Ferrari offered to try Weinberg and Mrs. Rena Mooney jointly, but this was objected to by the defense. Mrs. Mooney is held on charges similar to those against Weinberg.

During the argument Ferrari admitted that the case against Weinberg was weaker than the one against Mrs. Mooney.

Maxwell McNutt, counsel of record for the defense, asked the court to combine all of the remaining indictments against Weinberg in his own court and the court of Judge Frank H. Dunne and include them in the dismissal motion. Judge Griffin declined to do this stating that he had no jurisdiction over the case in Judge Dunne's court.

fall. If there is to be no German drive, as the war department predicted yesterday in its weekly review, the council will not be forced to hold its reserves for defensive purposes and can devote this new agency to attempts to smash weak points in the German line.

Opinion as to the sectors offering the best opportunity for allied assaults varies widely here. There is substantial agreement, however, that the Italian front may in fact become the main theater of war this year.

Austro-German concentrations and possible offensives on that front also noted by the weekly war summary, may represent the recognition of this view by the German high command.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Belford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my household work. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and to day I am as strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

Ban Lifted on Non-Laying Hens, Poultrymen Rejoice

CORVALLIS, Or., March 19.—Federal Extension Poultry Husbandman U. L. Upson is in receipt of a letter from the federal food administrator for Oregon, in response to the former's request of March 7, advising that the ban on the sale of non-laying hens and pullets has been lifted, under the following provisions:

"That the grower, in making shipment, must attach a certificate with each lot that they are non-layers. The buyer shall then forward the certificate to this office."
It is also stated that on account of the season being a month earlier on the coast than in the east, all restrictions on the sale of hens will probably be removed on April 1 in the states of California, Oregon and Washington, instead of April 30, as originally ordered.

Resignation of Judge C. L. Cram Is Accepted

POSTOFFICE PAY LIKELY TO RISE

Increases of 15 Per Cent for All Employees Approved by Committee
WASHINGTON, March 19.—Pay increases of 15 per cent for all employes of the postal service, recommended by the senate postoffice subcommittee in revising the postoffice appropriation bill, were approved late today by the full committee, which ordered the bill favorably reported. The increase does not apply to postmasters of the first, second or third classes, but obtains in the case of fourth class postmasters deprived of credit for stamp cancellations.

Additions made to the bill today were an appropriation of \$100,000 for experiments in utilizing motor trucks for the shipment of food to large cities; a clause prohibiting the censoring of mail from the American expeditionary forces in Europe; an appropriation for the censorship of foreign mails and a clause authorizing the secretary of war to turn over

to the postmaster general for use in mail transportation all airplanes and automobiles unsuitable for military purposes.

CAMP LEWIS NOTES

CAMP LEWIS, Tacoma, Wash., March 19.—Undeterred by a grizzling rain which was interrupted occasionally by a burst of sunshine, the Right Rev. James B. Funston of Boise, Episcopal bishop of Idaho, today visited Camp Lewis and was shown the work being done for the soldiers by the religious organizations and visited some of the Idaho soldiers in their quarters.

Bishop Funston was favorably impressed with camp conditions and said he found the men from his state well taken care of. This morning he attended a conference of religious workers of the camp at Knights of Columbus building No. 1.

Professing from soldiers and their families was given a blow today when one man whose name was withheld was ordered to leave camp within 24 hours. The man has been making a considerable sum by renting several old shacks on government property to wives of soldiers for \$20 a month each and charging 50 cents a barrel for water, according to information given out at the office of the division judge advocate.

It was said the man charged an extra \$5 a month for connecting the homes with electric lights after the occupants had paid for the fixtures.

Drastic action will be taken to eliminate any persons from camp who are taking advantage of the soldiers for their own profit, it was said. In cases where the persons implicated are outside the jurisdiction of the military authorities, the county authorities will act.

Squatters who have been living on government property near the amusement zone at Greene park today were ordered to move. Deputy sheriffs served notice on the occupants of the homes, title to the land having transferred from the county to the federal government.

The order was issued at the request of Major General H. A. Greene, division commander, because of alleged insanitary conditions.

With the departure from Camp Lewis April 1 of N. F. Coleman, secretary of the Y. M. C. A., for religious work and education, two new positions will be made on the staff of the Y. M. C. A. at Camp Lewis, formerly head of the English department at Reed college, Portland, and whose services were loaned to the Y. M. C. A. by the college, has been appointed head of the educational department in the western department for association work at camps and will divide his time between Tacoma and Olympia to serve breakfast in each of their three buildings following the 9 o'clock mass. Breakfast also will be served to the men who are in quarantine and unable to attend mass.

Wille Ritchie, former lightweight champion, and boxing instructor for Camp Lewis, today announced another boxing show to be held at the Liberty theater Friday night to raise funds for the purchase of boxing gloves for the companies at camp. Ritchie will give an exhibition three-round bout with some clever boxer from among the soldiers and ten other matches will be staged. Ritchie has a list of forty boxers from whom the entrants will be selected. Quarantine regulations are always a hand-icap in arranging any program at camp and an announcement of the entrants for the boxing show can be made until the evening of the fight.

RELIEVES INDIGESTION IN TWO MINUTES

Simple Remedy Saves Doctors' Bills
If you suffer from dyspepsia, indigestion, pain after eating, gas, flatulency, heartburn or any stomach trouble due to acidity or food fermentation—and are ninety per cent of stomach complaints are due to these causes—go to your druggist and get 50 cents worth of Bi-nesia. The next time you eat, have pain in the stomach, take a teaspoonful in a little hot water and note how quickly all pain and discomfort ceases. It is said that thousands of soldiers use this simple remedy at the front and many attribute their freedom from all digestive troubles in spite of exposure, hasty eating and poorly cooked food, to its regular use. Chemists say that its almost invariable success is due to the fact that Bi-nesia instantly neutralizes the excess acid and stops fermentation, thus promoting healthy, natural digestion. Being absolutely harmless as well as inexpensive, Bi-nesia should be kept on hand in every home where economy and good health are sought.

SHIPBUILDING IS AGAIN HELD UP

Local Interruption Caused When 600 Workers Want Bigger Pay

WASHINGTON, March 19.—A serious local interruption in the shipbuilding program, due to demands for increased wages by workers who a month ago were given substantial advances in pay was reported to the shipping board today from Baltimore where 600 riveters, chippers, caulkers, reamers and drillers left the hulls on which they were working in the yards of the Baltimore Drydock and Shipbuilding company.

Mine sweepers under construction for the navy were left unfinished by the strikers as well as the merchant ships building in an effort to offset the losses from submarines. The company officials reported that the walkout took place without any explanation, but that they understood the men refused to work until a decision was rendered on their demand for \$10.56 a day for chippers and caulkers and \$24 a day for riveting gangs of two men and a boy, all of whom are employed on what is known as allowance work on intricate parts of the ships' hulls.

Officials of the shipping board think the strike is an effort to force a day wage scale on the basis of pay for special work, the present day scale for chippers and caulkers is \$5.60 for eight hours, with many men making greater sums in getting time and a half for overtime and double time for holidays and Sundays. Riveters make even more on piece rates.

J. A. Franklin, president of the boilermakers' union, to which most of the strikers belong, was notified of the trouble, and confidence was expressed by officials that the national officers of the union would settle the difficulty.

GOOD SELLING TALK.
