county. "Dave" Looney has never before been a candidate before the people for office. He has been a prominent farmer and breeder of fine stock in the Jefferson neighborhood for many years. He has done a great deal towards improving farming and live stock conditions in Oregon. He is a large taxpayer and has been during all his active life. Mr. Looney has been urged, for several months, by the people up Jefferson way, to become a candidate for the legislature. In these busy times he paid little attention to the demand at first. But, since his people have urged his candidacy because they feel that they should be represented by such a man, and also that the state and the nation at large need the services in a legislative capacity of a man of such practical ability—putting it in this light, asking nothing for himself, but willing to do what he can for his county, state and nation in this time of war stress, Mr. Looney has decided to have his name entered on the list. He will surely carry nearly all the Republican votes in the southern end of the county, and his candidacy should and no doubt will be welcomed in every section of the county.

JUNK COMPANY LANDS CONTRACT

Will Supply 500,000 Pounds of Cast Iron for Portland Firm

The Western Junk company, situated at Center and North Commercial streets, has been fortunate in securing a contract to supply 500,000 pounds of cast iron to the Elerath Steel & Iron Company, Inc., of Portland.
On account of the scarcity of iron ore and shortage in cars to bring the material to the coast, foundries turned to other means of securing their supply of iron, consequently scrap iron has become a very useful and greatly needed substitute for the virgin ore.
The head of the Western Junk company foresaw the future of old iron. He has, therefore, been placed in a position to help by furnishing a large quantity of the sorely needed material but more is needed. The shortage is becoming very acute. Foundries are clamoring for more and more iron to keep up with the government contracts on their hands.
If you have any cast iron on your premises or in your possession now is the time to dispose of it. The Western Junk company is offering very attractive prices for it.
If you have anything in that line, phone them at 706.

IT'S YOUR EYES!

Hundreds of men and women suffer untold hardships and pain without knowing the cause. Of no comfort to themselves or others, enjoying nothing, they are in constant distress. They resort to medicine without relief.

Headaches, stomach ailments, indigestion, brain fog, and other disorders are often directly traceable to improper vision. If your eyes are at fault, and this cause is not removed, you cannot be cured permanently.

If you suffer without apparent reason, if your nerves are unstrung, look to your eyes! Correcting them may tone up your health, giving you new life and vigor.

My 34 years experience in eye examinations and correct fitting of glasses assures you of an unexcelled quality of service. I guarantee satisfaction in every respect.

I use no drugs, as drugs are dangerous. I exchange your glasses, when necessary, for one year free of charge.
