

BIBLE STANDS OR FALLS WITH RESURRECTION, SAYS MR. JONES

Rev. Frank E. Jones, pastor of the Court Street Christian church very appropriately chose "Christ's Victory for the World," as a sermon on the Resurrection of his topic for discussion Easter Sunday morning. On the fact of the Resurrection, he declared, the Bible stands or falls, and he gave the historical evidences that the Resurrection took place as given in the Bible accounts. Mr. Jones said in part:

"The Christhood of Jesus was attested by his passage through the grave. If he arose from the grave he was the Christ of God. If not, the victory claimed for the world it was a delusion.

"With this fact the Bible stands or falls. Realizing the point of conflict unbelievers have made their strongest efforts to break the testimony of the resurrection. Baur tried to set it aside by claiming that it was outside the sphere of historical investigation. Renan intimated that the body of Jesus might have been eaten by worms. The sixty Roman soldiers were the only eye witnesses. They were hired to perjure themselves by reporting that the body of Jesus was stolen by the disciples. But they destroy their own testimony by confessing that they were asleep. Their testimony is the only evidence against the resurrection.

"In favor of the resurrection we

have (1) the empty tomb. (2) The many appearances alive. (a) To the two men as they went into the country. (b) Three times to the apostles. (c) To 500 brethren on the mountain. (d) His ascension.

"The strongest evidence is that evidence surrounding the empty tomb and the testimony of the woman, and the strongest effort has been made to break that testimony. It has been urged that John contradicts the other writers by saying that Mary came first to the tomb while Mark names a company of women. This trouble is set aside by the fact that Mary is named as one of the company. The whole matter is easily understood when we see that when they saw the stone rolled away from the tomb that Mary separated from the company and returned to the city. John in his account follows Mary while the other writers follow the other women.

"Man has wants higher and deeper than hunger. The intellect calls for high—a teacher to solve problems and reveal mysteries. This gave rise to the prophet. All nations have had them. The sensibilities feel their misadjustment to the idea of right and wrong. They have hungers that cannot be satisfied. This gave rise to the priest with his altar. He will cry out for some one to go be-

fore and conquer. This gave rise to the king with his throne.

"The Hebrew race was not the only race that had the prophet, priest and king. The heathen nations have had them, but they did not satisfy the hunger of the heart. Paul tells us in Galatians 4:4 that when the fulness of time was come God sent forth his son. He was sent to be the world's prophet, priest and king. As our prophet he solves all our problems. As priest he makes atonement for sin. As the world's king he goes before conquering and to conquer. His victory over death and the grave is the result."

Biggest Man in Oregon Gone, Says Mr. Beckwith

"In the death of Theodore B. Wilcox the state of Oregon, in my opinion, has lost its biggest man," said Harvey Beckwith, chairman of the industrial accident commission, who for two years was president of the Portland Chamber of Commerce.

"For three years I was on the board of directors of the chamber of commerce with Mr. Wilcox and became intimately acquainted with him. He was not given to self exploitation and gave away thousands of dollars for benevolent purposes without the donations ever becoming known to the public."

Quarter Hour of Time for Week May Be Giving Basis

A quarter of an hour of the productive time for one week may be the basis of contribution to patriotic war campaigns in this community to be decided upon by the war chest committee that has been appointed to settle upon an equitable system of giving to the various causes that come up. This plan has been adopted at Kenosha, Wis., and is said to be highly satisfactory.

At a recent meeting of the committee a sub-committee composed of Frank Davey, R. A. Harris and W. M. Hamilton was appointed to bring in a scheme of working and this will be done at a meeting in the near future. The plans of four eastern cities have been procured. They are similar to the plan proposed in Salem and all are said to be giving satisfactory results.

DON'T SCOLD MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When restless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the scrubble and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy Mothers! A little given today saves a sick child tomorrow, and get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember: there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

BLAME THOSE TEETH OF YOURS

DO YOU KNOW that modern medical research finds over fifty per cent of our physical ills are due to bad teeth?

DO YOU KNOW that the up-to-date doctor is sending his patients—those whose cases baffle him—to the dentist instead of to the sanitarium—or to the operating table?

DO YOU KNOW that disease and maladies that have mystified the medical profession and have caused sufferers untold sums of money in wasted treatments, have been cured simply through proper correction of tooth troubles?

DO YOU KNOW that you may be ailing right now from some difficulty that is traceable solely to decayed, abscessed, crooked or broken teeth?

DO YOU KNOW that you owe it to yourself to see a dentist once every six months whether you think that you need dental work or not—because defects creep slyly into even the most carefully cleansed teeth and gums?

DO YOU KNOW that one of the reasons you dodge the dentist is that you fear him—fear a heavy expense, fear the interminable delays that generally accompany dental "operations," fear the grueling ordeal that you have been led to believe must accompany all tooth-treatment—and fear unsatisfactory workmanship, on top of all that?

DO YOU KNOW that dentistry has become such a bugbear that most of you prefer to let your teeth go all to pieces before you will muster up enough courage to occupy a dental chair.

BUT—

Do you know that you are not only short-sighted in neglecting what our Army is telling the people is the most important part of a soldier's physical equipment—the teeth—but that you are negligent as well, failing to grasp this opportunity to get tooth relief without any of the troubles and pains and annoyances and financial burdens that have heretofore frightened you away from dentistry?

THE ANSWER? The leading dental organization in the world is at your disposal.

Bell Telephone Volunteers

More than 7,000 employes of the Bell System are now enrolled or in actual military service, including fourteen battalions of Signal Corps reserves. Many Bell employes are members of the Federalized National Guard or of the Naval Coast Defense Reserve.

Over ten per cent. of the male employes of the company are now or soon will be engaged in active military service. A large proportion of these Bell System volunteers are telephone engineers and technically trained men. They leave gaps in the Bell ranks not easily filled. There is not a man of them who has not proved his loyalty in the service of the public, and not a man who will not give unreservedly the same large measure of devotion wherever the path of duty leads.

One of our great problems, incident to the war, has been to readjust our organization and meet this heavy loss to our working forces, and at the same time to take care of the tremendous increase in telephone traffic with as little impairment to the service as possible.
