### SPRING TREATMENT

Necessary to Purify Blood and Correct Weak, Run-Down Conditions.

Trying weather, exposure to storms, the grip, hard colds, pneumonia, fev-ers; diphtheria and other blood-poisoning, prostrating diseases leave the whole system sub-nermal-below par -weak and slow-blood depleted and thin, with that tired feeling, poor appetite, backache, rheumatic pains, delicate digestive power or almost none at all. The ideal treatment is Hood's Sarsaparilla-to be taken before meals-thoroughly to purify the

blood and expel poisons, and Peptiron—to be taken after meals to put power into the blood, give strength, increase red corpuscles and restore tone, and do it quickly.

If there is biliousness, constipation, bad taste in the mouth, or "the blues," the liver is torpid. Take Hood's Pills -they rouse the liver and relieve all liver ills, are perfectly compatible with Hood's Sarsaparilla and Peptiron.
