SQUEEGEE TREAD TIRES

Fit For Battle

TIRES, like men, have to be "stripped for action" if they're going into battle.

Under the terrific battering of American roads, "extra features" are a burden, guarantees are useless. Only clean-cut, well-built tires can stand the punishment.

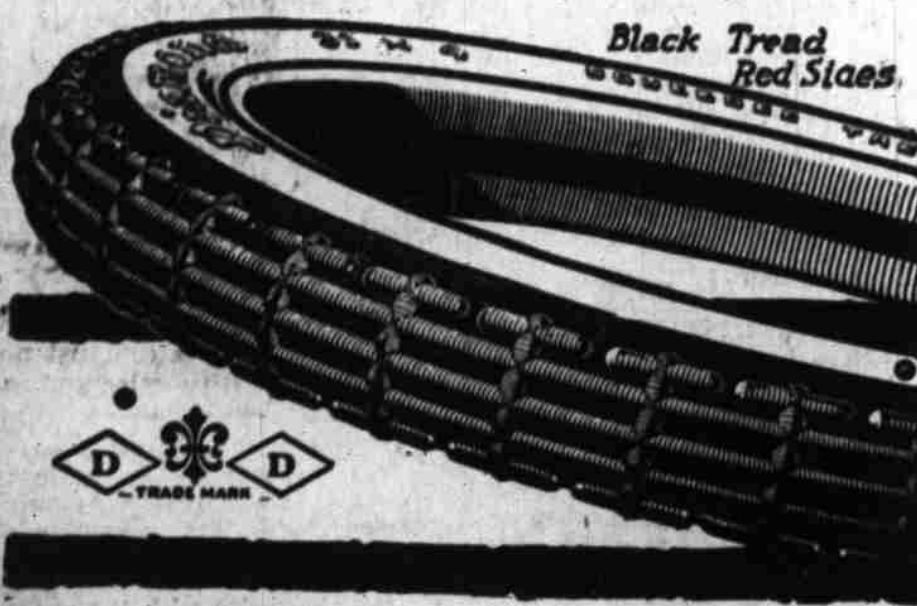

We're glad to tell you that Diamonds are rolling up thousands of miles for our customers, with "come-backs" so few and far between that they don't count.

Diamonds are "fit for battle," ready to jump from our complete stock to your car on short notice.

Diamond Tubes keep their life for years. We consider them the best tube on the market.

Lot L. Pearce & Son

236 No. Commercial St. Salem, Ore.

onstration, there being several hundred school children, armed with cow-bells, rattles and other noise-making instruments. Not less than a hundred automobiles and trucks joined in the parade, most of them bearing the national colors. Owing to the brief time given to preparation, there were but a few floats, but these attracted a good deal of attention. One of them, bearing a group of women in costume and carrying the title "Yeomen," elicited applause all along the line.

Kaiser "Froze In."
A very suggestive feature of one display was a huge cake of ice in which was imbedded a portrait of the Kaiser, and over it the legend, "Froze in." Another detail worthy of mention was the big service flag of the highway commission, borne by a group of marchers.

The Cherrians made a conspicuous unit in the parade with their Jersey-cream uniforms, and at one point a certain person was heard to remark, "That's the best looking bunch of men I ever saw in Salem."

The various units of the pageant gathered at different points in the business section and at the appointed moment fell into line on Marion street, headed by Mayor Keves, "General" Steiner, the police force and city officials, marching through solid ranks of cheering spectators on State street. The Chemawa Indian band and the Cherrian band, with the backing of a fife and drum corps, made the welkin ring with martial music, and here and there a bell or whistle joined in to heighten the enthusiasm.

If the people of Marion county respond to the call for funds with the same spirit and enthusiasm that marked this demonstration there will be no trouble in reaching the quota.

Ministers Help Today.

Today, as previously announced, the ministers of the various churches of the city will make the liberty loan the subject of their addresses and they should have an unusually large hearing. In the afternoon a special meeting will take place at the First Methodist church for the purpose of arranging final details of the canvass, which is to be one of the most thorough and systematic ever pulled off. Charles W. Robison of Portland will be present and address this gathering.

During the week of the working committees will have the assistance of two Canadian veterans who have distinguished themselves on the French front—Private Burke and Sergeant Major Christy, who have been granted leave of absence in order that they may assist in the big drive in Oregon. They will speak in Salem and at various points in the county.

Sale of Bonds Begins.

Concurrent with the ringing of liberty bells, the blowing of Liberty whistles and the concourse of marching citizens, the sale of Liberty bonds began in earnest at every bank and office where opportunity for their purchase was afforded. The name of Lee Ho, a Chinese, is second on the list of early bond buyers at the Capital National bank, where applicants were monopolizing

the tim- of the clerk in charge of the liberty bond window.

The United States National bank reported at 3 o'clock, two hours after the hour scheduled for the starting of the parade, a number of application approximating the total for the entire first week of the last previous liberty bond drive.

The Ladd & Bush bank reported at 3 o'clock yesterday sales far in excess of those of opening day of any previous bond drive, with a rush of orders making it impossible to make even a guess as to totals.

Salem Bank of Commerce reported sales up to 3:30 far in excess of the opening day of either former bond campaign.

All-in-all yesterday's demonstration was the best indication so far shown of the city's appreciation of the nation's war problem.

ENTENTE CENTER IS HIT

(Continued from Page 1)

Somme there were lively engagements and minor successful infantry fights.

"Railway establishments in Amiens were shelled. French attacks on wide sectors between Moreuil and Montdidier, made to wrest from us gains that we secured on Thursday, broke down with heaviest losses to the French. Montdidier was subjected to French fire.

There was lively artillery firing before Verdun which increased during the day.

"In the other theaters of the war, there is nothing new."

Artillery War Vigorous.

WITH THE FRENCH ARMY IN FRANCE, April 6.—The artillery alone made war during the night and early this morning, but made it with great vigor, chiefly in the vicinity of the junction of the French and British, where strong enemy concentrations are visible. The infantry scarcely came into action, seemingly marking time, while taking a rest, perhaps for another great push here or elsewhere.

The present fighting is progressing over a rather broken country, and the Germans are meeting with the fiercest resistance on every inch of it, and they are open to counter-attacks that are perilous for them. The slight fluctuations in the lines in the last few days show how the French and British are taking advantage of the natural conformation of the ground, which they are strengthening their defensive lines and their artillery.

Huns Keep Up Raids.

WITH THE BRITISH ARMY IN FRANCE, April 6.—The enemy today continued to make raids along the northern section of the battle front for the purpose of learning what British troops were opposing them. German prisoners captured April 3 declared that their latest orders were to be ready to push on further, but so well was the secrecy of the plans preserved, they knew nothing more of the impending operations. That there would be another drive shortly, however, seemed to be the general opinion.

The German casualties in the fighting in the Albert sector yesterday were very heavy. At numerous places it was possible with the naked eye to see them forming for the attack, and in every case the British artillery and machine guns played havoc among the assembling troops. Near Hebuterne, German concentrations were caught in machine gun barrages on three occasions and badly smashed.

The British artillery continues to pound the Germans all along the battle front.

U. S. DOLLARS ROLL IN FAST ON LOAN

(Continued from page 1)

Sound forts and sailors from the naval training station here and at Bremerton, marched with civilian war workers in a parade estimated to be nearly two and one-half miles in length.

The new house flag of the United States board was raised over the board's Seattle offices, as well as

over eight shipyards. It was estimated that 30,000 shipyard employees took part in the flag-raising and liberty loan day ceremonies.

AMERICAN GUNFIRE DRIVES OFF RAIDERS

(Continued from Page 1)

The prisoners talked freely and divulged considerable valuable information.

General Pershing arrived at the headquarters at the front as the prisoners were brought in.

In another part of the sector and enemy patrol earlier today attacked an American party carrying food to a listening post. The American sergeant commanding the food carriers shot a German sergeant through the head. The loss of their commander demoralized the remainder of the patrol, which retreated.

Evangelical Churches Hold Annual Meeting

The annual meeting of the United Evangelical churches was held Thursday in the church at St. Johns, Bishop U. F. Swengel, of Harrisburg, Pa., presiding. G. L. Lovell, of Salem, was elected secretary and C. P. Gates of Corvallis, statistician.

A general report of the year's work by presiding elder Mummy and by the pastors, showed a spirit of optimism, firm patriotism and high Christian

unity. The war has taken many of the choicest workers among the young men, and the war work has tended to supplant the regular work among the church people. Nevertheless, all phases of activity have been carried forward. Several of the leading men of the conference have moved away during the year.

A Bible Training school has been established at Corvallis, and a building has been provided.

With few exceptions, the pastors expressed themselves by vote against the proposed changes in the church discipline.

S. S. Mummy and M. S. Ballentine were elected as delegates to the general conference at Harrisburg, Pa., with J. A. Goode and H. H. Farhan as alternates.

Friday afternoon Superintendent Rodin, of the Oregon Anti-saloon

league, addressed the conference and congratulated the churches on their leadership in the fight which is not almost won. He reported that it was a dramatic moment in congress when Joe Cannon voted "aye" on the national prohibition amendment. He advised the conference that when the nation is dry by vote it will still remain to enforce the law. It developed that Bishop Swengel is a trustee of the national league, and he asked that Oregon help to put his state—Pennsylvania—in the dry column.

Special patriotic services were ordered for Saturday afternoon with a time of special prayer for the boys who are with the flag.

About thirty-five delegates were in attendance upon the sessions. Florence was chosen as the place of meeting next year.

Many New Woolens

I have an excellent assortment of high grade woolens from which I will take your order for a suit AT THE OLD PRICES.
