An affidavit was filed in the case of T. A. Livesley, et al. against Frank Lynff, et al. showing recovery of fifty-six bales of hops. A petition was filed asking for the appointment of Sallie Graham as administratrix in the estate of John Graham, deceased. Eleanor Lampert was appointed administratrix in the estate of John P. Rogers, deceased.

They Receive Help—Knotty dressmaking problems are lightened each Tuesday night at the Grant school when women of North Salem meet to remodel their clothing in order to help save for the war relief. The instruction is entirely free and among those who have been donating their time regularly are Mrs. H. C. Schultz and Mrs. Ella A. Toothacre. The meetings will be continued as long as the women care to do remodelling on their clothes or any wearing apparel for their families. Last night, a housewife brought a small boy's coat to the rooms in despair. She had vainly tried to make it and arrived in a place where she could go no further

ENDMEN CHOSEN FOR MINSTRELS

Rufe White and Charley Knowland Selected—Cherrians Rehearsing. Primrose, West, Kolb, Dill and all other second rate minstrels and comedians will be relegated to the background of professional oblivion after the Salem Cherrians put on their big minstrel show which is scheduled to be pulled off on the nights of April 23 and 24. The performances are to be given at the Grand and all of the proceeds are to be donated to Willamette chapter of the Red Cross. The first rehearsal was held at the Elks auditorium Monday night, when about thirty voices were selected for the big chorus and the first try-out of the music was had. The chorus will embrace between thirty-five and forty of the best vocal talent in the Cherry City, including some of the old-timers, such as Frank Hughes, Frank Darbin and several others whose enthusiasm has been aroused and are rapidly whipping into old form of voice and volume. The songs which have been selected for this performance have just arrived. They are mostly patriotic and the greater number of them are absolutely new, never having been sung on the coast before. Superintendent John W. Todd of the Salem schools, he of entrancing voice and figure, has consented to drill the chorus and excellent progress was marked in the first rehearsal of the prospectives. Rufe White and Chas. W. Knowland have been selected as the backface "endmen." The minstrel show, proper, will be interspersed and followed by a program of special events for which some excellent numbers are being cast, not the least among them will be Professor E. Cooke Patton, he of the black and mystic art fame, who will put on his entirely new stunt entitled "A Night in Spook Land." Everybody who knows Cooke, and those who do not are among the most "recent arrivals," know that whatever he put on will be worth while and fully worth the price of admission. The next rehearsal will be held at the Y. M. C. A., at 8 o'clock, Thursday night and a full attendance of those who desire to "lend voice to the enterprise" are urged to be present. The Elks and Y. M. C. A. have both tendered the use of their auditoriums for the rehearsals.

Clatsop County Schools Active in Patriotic Work

O. H. Byland, school superintendent of Clatsop county, has submitted to State Superintendent Churchill a summary of the results shown in the Clatsop county schools in selling and buying thrift stamps and buying liberty bonds and war savings certificates. Work of both teachers and pupils is shown in the report. For Astoria the total is \$27,181.11 and for the schools of the county outside of Astoria \$10,577, or a grand total of \$37,758.11. Food pledge cards which the schools were instrumental in having signed total 2691, and twenty-eight Junior Red Cross auxiliaries and fifteen industrial clubs have been organized in the schools.

with her sewing. Her problem was quickly solved at the remodelling meeting. Because of the success of the North Salem women residents of South Salem are contemplating the establishment of similar classes.

Dr. Ford Honored—The Methodist ministers of the Salem district honored their district superintendent, Dr. T. B. Ford, who is leaving on a vacation to the southland, his old home, in a few days, with a special reception, and presented him with a valuable gold fountain pen as a token of appreciation and respect. The presentation speech was made by the Rev. Mr. Jostyn in behalf of the district.

Many Salem People

Many Salem people are thoroughly acquainted with the wonderful curative properties of Schaefer's Cold Tablets. They have tried them. For the information of anyone who has not tried them—Schaefer's Cold Tablets are mildly laxative. They break up a cold or a gripe in 24 hours. Wonderful for the relief of headaches. 25c Bottle SCHAEFER'S DRUG STORE 135 N. Commercial St.

and that every pupil is a member of the Junior Rainbow regiment. Superintendent W. W. Austin of Grant county reports one boy, Emmett White of Monument, Oregon, who has purchased \$1000 worth of thrift stamps.

Methodist Conference at Oregon City Is Closed

The Salem district conference of the Methodist Episcopal church, held at Oregon City, from April 3 to 7, was in all respects very successful. The district includes a territory as large as some of the European states, with fifty-two ministerial appointments, and has sixty ordained Methodist ministers inside its boundary. The Rev. T. B. Ford, D. D., district superintendent, is credited with much of the success of the conference. The program was one of the most elaborate presented at any district conference, and the papers read and speeches made were of high order. The district conference is said to have given a new impetus to Methodism in this part of the country, and all expect that this year will be one of the best for the Methodist church in Oregon.

MEASLES ARE ROUNDED UP

City Health Officer Asks People of City to Help Check Disease. While there is no great menace in the visitation of German measles in this city, its presence is exceedingly inconvenient and annoying and City Physician Miles is enlisting the cooperation of the citizens in eradicating it. During the past two weeks about twenty-five cases of measles of light form have been rounded up by Dr. Miles and his deputy and ordered into quarantine. But all the vigilance of the City Physician cannot locate all the cases, which are usually of such a mild type as to excite little concern. As was recently brought out in a meeting of the school board, a number of cases that have been sent away from the city schools have not been rounded up for quarantine. Dr. Miles is making a request that people who know of cases of either German measles or mumps in their neighborhood will communicate with him or his deputy. He calls attention to the duty of citizens not only to report the existence of such cases, but also to report cases where the quarantine is violated. All physicians are of course required to report cases coming under their notice and in addition it is expected that any person having control of or instructing any child shall at once report any contagious disease.

The SPINAL CORD

Carries the messages from the brain to all parts of the body. These messages tell each part of the body how to perform its functions. If this line of communication (the spinal cord) be interfered with, the messages do not reach their destination and that part of the body does not function normally. This is called disease. Pressure of a vertebra on the spinal cord produces this result. Chiropractics remove this pressure and health is the result.
