

# NEW SHIPMENT JUST RECEIVED

## Red Cross Has New Materials Valued at \$2500; Some Sent to Auxiliaries

A shipment of 9024 yards of various materials was received at Red Cross headquarters this week valued at \$2502.43. The supply department under supervision of Mrs. W. H. Dancy has been working strenuously for several days packing and forwarding muslin, outing flannel and other supplies to the auxiliaries in Marion and Polk counties, where it will be rapidly worked into hospital garments and returned to the headquarters to be packed for overseas shipment.

Willamette chapter is now composed of 152 auxiliaries and four branches. Fifty of these auxiliaries and three of the branches are located in Polk county, twelve of which were supplied from this shipment.

### CAMP LEWIS NOTES

**CAMP LEWIS, TACOMA, Wash., April 24.**—Coming of warm weather has caused a big improvement in the health conditions of Camp Lewis, according to the weekly report of Major R. F. Mount, division sanitary inspector, made public today by Lieutenant Colonel P. C. Field, division surgeon. The report in full follows:

"Communicable diseases reported as occurring at Camp Lewis, Wash., for the week ending midnight, April 19, 1918:

	13	14	15	16	17	18	19	Totl.	Mean	Strength
Mumps	30	30	40	26	17	20	137	21,687		
Measles	3	3					7	21,687		
German Measles	1						1	21,687		
Scarlet Fever	7		3	2	2	1	13	21,687		
Broncho Pneumonia	2		5				7	21,687		
Lobar Pneumonia	3		1	3			16	21,687		

"Continued clear weather has aided in the decrease of diseases transferred by sputum and it has appeared that chilling and exposure were factors in producing pneumonia, orders were issued during the week requiring overcoats to be worn in inclement weather.

"Pneumonia, measles, German measles and scarlet fever are fewer in number than during the preceding week.

"There were no deaths during the week."

Sliding down a rope from a fifty-story building, diving from a cliff several hundred feet into the water and jumping from an open draw-bridge into a river in an automobile was every day work for William Emery of Los Angeles before coming to Camp Lewis with the latest draft contingent preparatory to being a soldier of the national army.

Emery's work was in the movies, where he doubled for some of the well known stars of the screen in dare-devil acts which were considered too hazardous for the leading ladies and men.

Emery was to make up to represent the stars of the photoplay he was appearing in and take their places when there was a dangerous feat called for in the scenario. In a short time he could become a beautiful leading lady or a handsome leading man, resembling for all practical purposes the person for whom he was doubling with the aid of grease paint and costumes. Now he is playing under his own name in the war drama and Emery finds army life rather to his liking, he says.

A well known concert pianist of the Pacific coast is at Camp Lewis learning to be a soldier in a training battalion of the depot brigade. He is Edwin Selgried of Alameda, Cal. Selgried will appear in sacred concerts at each religious service to be given at Y. M. C. A. hut No. 5, beginning next week.

First Lieutenant Ralph E. Davis, former Y. M. C. A. secretary at Los Angeles, came to camp this week as chaplain for the 347th machine bat-

ment with 1405 yards valued at \$378.67.

Forty-six of the Marion county auxiliaries were furnished with 3029 yards, with a total valuation of \$831.04.

While a majority of the auxiliaries are now self-sustaining, the chapter makes no distinction between those and the ones which are not, but all requests for materials are filled in the order received at the office, regardless of location or financial condition.

Delays in shipment and transportation and the great scarcity of merchandise are such that the chapter has been unable to keep a supply on hand. Orders are outstanding for approximately 40,000 yards of materials which will cost in the neighborhood of \$10,000.

### BEST FOR CHILDREN

Experience proves that Foley's Honey and Tar is the best family medicine for children for coughs, colds, croup and whooping cough. Mrs. M. E. Schlarb, 556 Oakland Ave., Ashland, Pa., writes: "When my little girl gets a cold I give her a dose of it and it always relieves her. I cannot praise it too highly." J. C. Perry.

Lieutenant Davis is the first graduate of the army school for chaplains at Fort Monroe, Va., to be assigned to Camp Lewis. The first class of chaplains was graduated there April 4, and a second school was begun this week. Hereafter chaplains must take the five weeks' prescribed course at Fort Monroe before being assigned to duty in the army.

The first of the Y. M. C. A. play-sheds to be built at Camp Lewis will be opened Tuesday night between the barracks of the 363rd and 364th infantry regiments with volley ball and basketball games and a wrestling tournament. The building has three volley ball courts, four basketball courts, one handball court and rooms for wrestling and boxing. The two regiments will have the use of the building on alternate nights. The second building is nearing completion and will be ready for occupancy within a couple of weeks.

The third Liberty theater boxing show, presenting men of Camp Lewis who have received training in the art of self-defense at the hands of Willie Ritchie, division boxing instructor, was announced by Ritchie today. It will be staged next Friday evening.

Ritchie is developing some good boxers among the men and a big improvement in the work over the first two performances is expected when the third tourney is staged Friday. Taylor of the 316th supply train and Sergeant Starr of the 364th infantry, who fought three fast rounds to a draw at the last Liberty theater show, are matched to appear again Friday. Their weights are 175. Dyness, the San Francisco hotel clerk, who fought under the name of Marty Kane before entering the army, will appear Friday.

The big decrease in the number of contagious diseases in camp with the coming of fair weather makes it improbable that quarantine regulations will interfere with the program this time as it has in the past.

Five hundred student officers completed their course of training at the third officers' training camp at Camp Lewis today and were presented with their diplomas by Major General H. A. Greene, commander of the Wild West division of the national army. General Greene reviewed the graduates on the parade grounds and personally presented the diploma to each man.

The training camp consisted of seven companies of infantry and three battalions of field artillery. The camp opened January 5. The men will be sent back to their organizations to await receipt of their commissions from Washington and assignment to command as second lieutenants.

# TROUPE AGAIN TALLIES HIGH

## Salem Cherrians Score Second Big Success With Minstrel Show

Tally another magnificent success for the Salem Cherrians. Standing room was again at a premium at the minstrel and mystery show last night and some semi-privileged persons resorted to the wings on the stage to view the performance. So thoroughly trained were the performers that little difference could be noted in the work of last night and that of the previous night and the reception given the players was equally as enthusiastic.

The grand finale to the first part—the minstrel show proper—was worked out to a perfection of effectiveness with a pervading patriotic theme introduced by "Well Knock the Hells into Heligo out of Helgoland," sung by Charley Knowland.

Those who saw both performances say the end men were in better form last night than the night before. They were Charley Knowland, Leslie Springer, H. R. White and Billy Lerchen.

One of the salient hits in the first part was the original poem recited by Interlocutor "Doc" Epley entitled "From Out the Depths, or the Emmissary of Hell," which was a scathing indictment of Kaiser Bill of Germany.

The chorus work was again of high order, directed by John W. Todd, who knows the art of injecting pep into a troupe of singers.

Mrs. A. J. Rahn scored another big hit with her "original cannon flame," and the instrumental acts by Ivan Martin and the three Gladstones had professional flavor. Fred Taylor, whose dark complexion is no camouflage, since he carries it about with him all the time, exposed a lot of things that go on around Salem and the crowd enjoyed it so much that he was allowed to retire with reluctance.

E. Cook Patton's "A Night in Spookville" closed the show. He has conquered the art of legerdemain, and his performance is in big time class.

# COMMITTEES TO CONTINUE WORK

## McAdoo Urges Communities Not to Be Satisfied With 100 Per Cent Record

WASHINGTON, April 24.—Another plea for beef campaign committees not to stop working after communities reach their 100 per cent subscription quotas, went forth today from Secretary McAdoo, prompted by recurring reports that workers in some towns are satisfied with 100 per cent records.

"If we stop fighting when we have reached the minimum of the minimum of the liberty loan," said the secretary, "we are not comparably sustaining our sons in France who are fighting not for the minimum, but for the maximum of America's rights and world liberty."

At the rate the country is subscribing this week, the loan will be slightly over-subscribed, but treasury officials are hoping for a total of at least \$5,000,000,000. The aggregate of reports up to the opening of business today is \$1,790,478,150 which is \$132,000,000 more than the total announced last night.

The average daily subscriptions necessary until the end of the campaign are \$120,000,000 to make the three billion, and \$320,000,000 to make the five billion.

The Minneapolis and St. Louis federal reserve districts were officially reported tonight as having over-subscribed and headquarters records of the claim of the St. Louis district of having gone over the top first.

Governors of twelve states today wired Secretary McAdoo that they either had or would issue proclamations declaring liberty day Friday, a state holiday. The states are Illinois, Wisconsin, Texas, North Carolina, South Carolina, West Virginia, Minnesota, Virginia, New Jersey, Mississippi, California and North Dakota.

Probably ten thousand communities in the country now have exceeded their quotas, said the headquarters review tonight. Definite reports from six of the twelve federal reserve districts showed that about 4500 flags had been awarded as follows: Chicago, 2076; Cleveland, 740; San Francisco, 577; Boston, 482; New York, 424 and Philadelphia, 176.

**MORE FLAGS SENT OUT.**—Total district subscriptions mailed to the federal reserve bank in binding form yesterday aggregated \$152,213,500 from 574,789 subscribers, it was announced here tonight.

This amount was divided as follows: Arizona, \$1,281,200; Washington, \$20,509,400; Oregon, \$19,421,500; Utah, \$6,739,550; Idaho, \$5,533,200; Nevada, \$1,865,500; Northern California, \$59,279,150; Southern California, \$35,023,700.

The district's quota is \$210,000,000.

The total number of honor flags awarded in the twelfth federal reserve bank district up to tonight was 577, of which 249 have been won by California cities and counties. Oregon was reported next to California with 224 flags.

Washington counties to be awarded flags were announced as follows: Island, Lincoln, Pacific, San Juan, Skagit, Walla Walla, Clarke, Columbia, and Ferry. The Laveen and Scottsdale school districts in Arizona also won flags.

San Francisco's subscription to the

### Rheumatic Aches

Drive them out with Sloan's Liniment, the quick-acting, soothing liniment that penetrates without rubbing and relieves the pain. So much clearer than many plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle in the house for the aches and pains of rheumatism, gout, lumbago, strains, sprains, stiff joints and all muscle soreness.

Generous size bottles at all druggists.

Sloan's prices not increased 25c 50c 25c

It was announced tonight as \$44-116,800, or approximately 89 per cent of the city's quota.

### Mrs. Matilda Grant Died at Late Hour Last Night

Mrs. Matilda Grant, 78 years old, died shortly after 11 o'clock last night at her residence, 859 Center street, death being caused by bronchial pneumonia. She was the mother of Miss Laura Grant, the music instructor. Murray Cox, a brother, arrived in Salem Tuesday from Peila, Iowa.

Mrs. Grant had lived in Salem seven years, coming here from Iowa.

### Why Not Be Good to Yourself

If you awaken weary and unrefreshed in the morning, or the early in the day, are bilious and "blue," with coated tongue and bad breath—if you are suffering from indigestion or constipation—you will find Foley Cathartic Tablets quick to relieve and comfortable in action. They are wholesome and health-giving. J. C. Perry.

### Camp Lewis Assigned Part of Drafted Men

WASHINGTON, April 24.—Camp Lewis has been assigned 9920 of the 150,000 drafted men ordered mobilized next Friday. Provost Marshal General Crowder announced today. They will be drawn from the states of Washington, Oregon, California, Idaho, Nevada, Montana, Wyoming and Utah.

# RED CROSS TO GATHER MONEY

## Second War Fund Campaign Scheduled to Be Waged May 20 to 27

Beginning May 20 and extending through the week to May 27, the American people will be asked to subscribe to the second War Fund of the American Red Cross.

One hundred million dollars will be needed and every cent of every dollar will be spent for war relief. The northwestern division which has jurisdiction over the states of Oregon, Washington, Idaho and Alaska will have to raise \$2,000,000.

For many months now the world has been spending over \$100,000,000 a day in the destruction of life and property.

In connection with this the following appeared in the weekly bulletin published in Seattle: Chapters should plan no money-raising activities that will interfere in any way with the coming War Fund Drive of the Red Cross. It is now advisable that all local campaigns for funds and all plans for benefits and entertainments be suspended until after June 1.

# BASIS LAID FOR FISHING TREATY

## No International Policy Yet Adopted—Secretary Red-field Speaks

SEATTLE, April 24.—While no international policy to be adopted by the United States and Canada toward fishermen of either country was determined at the first day's session of the American-Canadian fisheries conference, which opened here today, ground work for the drawing up of a treaty governing the fishing industry was laid, it was stated. The keynote to the discussion, headed by Secretary of Commerce William C. Red-

### LAST TIMES TODAY

field, who asserted that since the United States and Canada are now fighting side by side in the common cause, the moment was opportune for removing the sources of vexation that has existed between the two countries over fishery questions ever since the Declaration of Independence was signed. The secretary likewise asserted that the conservation of sockeye salmon, one of the subjects under discussion, was a war measure and had been regarded in more than a local light.

Suggestions for conserving sockeye salmon ranged from increasing the length of the closed season to absolute prohibition of the taking of these fish for an extended period. A number of Seattle and British Columbia fishermen and fish packers attended the conference and testified.

The Seattle conference probably will end tomorrow. Sessions will be held later at Vancouver, B. C., and Ketchikan, Alaska.

### Brigadier-General Is Under Arrest at Camp

WASHINGTON, April 24.—Brigadier General Arthur B. Donnelly, a former Missouri national guard officer, is under arrest at Camp Mills, N. Y., facing trial by court martial. War department officials tonight refused to discuss the nature of the charges against the officer or to say when he would be brought to trial.

### Forty-Nine Working Days Is Ship-Building Record

PORTLAND, April 24.—When the wooden steamer Caponka was launched late today by the Grant Smith-Porter Shipbuilding company, with forty-nine working days from the time her keel was laid, a new world's record was set for the speedy construction and launching of a hull. The best previous record also was held by this company, which put the Wakan in the water April 20 last, within 52 working days from the time her keel was laid. A statement of today's achievement was telegraphed tonight to the Emergency Fleet corporation by Lloyd J. Wentworth, director for Oregon of wooden ship construction.

Beginning with February 17 last, when the Wasco was launched, the Grant Smith-Porter company has put ten ships in the water. Five have been launched this month. The plant has eight ways, so this means from two of them two vessels each have been launched within 66 calendar days. The Caponka is a 3500 ton ship.

### Timely Work Saves Polk County Man From Mad Bull

CLOVERDALE, Or., April 24.—Mr. and Mrs. Hamilton and Mr. and Mrs. Arthur Kunkle while on a motor trip through Polk county passed the Bradford farm just as an enraged bull was attacking Mr. Bradford. The men hurried to his assistance and Mr. Kunkle struck the animal with a club dazing it, and soon had Mr. Bradford safe. But had he have had five minutes more time the bull would surely have killed him, as it was he was badly scratched and shaken up.

Miss Agnes Arnold and Miss Pearl Blachman attended a teacher meeting in Salem last Saturday.

Albert Hennis came up from Portland Saturday evening to spend Sunday with his parents, Mr. and Mrs. L. C. Hennis.

Mrs. F. A. Wood was a Salem visitor Monday.

Mrs. J. D. Craig and daughter Ethel were in Salem Tuesday.

J. D. Craig is plowing for John McKinney this week.

### Condition of Archbishop Is Now Slightly Improved

ST. PAUL, Minn., April 24.—The condition of Archbishop John Ireland was slightly improved tonight. Announcement made at the home of the aged Catholic archbishop stated that he had enjoyed several hours of rest and that it was hoped he would recover.

## Count von Roedern Speaks Before Reichstag—German Success Forecasted

BERLIN, Tuesday, April 23.—(Via Amsterdam, April 24)—Speaking on the first reading of the new taxation proposals in the reichstag today, Count von Roedern, secretary of the imperial treasury, said that 11,000,000,000 marks of the 14,500,000,000 marks subscribed to the eighth war loan already had been paid. The count pointed out that during the war the indirect taxation had been considerably lower than the direct taxation.

"In the forthcoming reconstruction of the imperial finances that masterpiece, the imperial constitution, must not be fundamentally altered," he said. "A fundamental taxation division into direct and indirect taxes would at present be premature."

"We do not yet know the amount of indemnity we shall win. Our taxation legislation need not fear comparison with that of foreign countries. Great Britain's big taxation achievements show neither a new basis nor an organic reform. American war taxes represent merely random and variation. The success of our loan policy is attributable to a conscientious covering interest on imperial loans and to balancing the budget."

Says 20,000 Wounded. AMSTERDAM, April 24.—Speaking before the main committee of the reichstag yesterday, Lieutenant General von Stein, Prussian minister of war and state, said that 20,000 men wounded in the battle on the western front have already returned to their regiments, according to German newspapers received here. He inferred from the small number of Americans captured that not many Americans had as yet been sent to the front line.

Gustav Noske, socialist, said that the number of Americans on the western front appeared, according to the latest reports, not as small as the minister represented.

General von Stein said that gas fighting is not a development of this war, but had been used earlier in position warfare.

"Our new powder develops carbonic oxide gas," he said. "We organized the employment of this gas and the enemy soon followed. Thanks to our excellent gas masks, the successive enemy gas attacks in the Somme battle amounted to but little."

# AN OLD RECIPE TO DARKEN HAIR

## Sage Tea and Sulphur Tea Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
