To Hold Exchange Tomorrow—As previously announced, the Salem Floral society will hold a second exchange tomorrow, but instead of using the former room on State street, it will be located in a building adjoining the Europa furniture store on North Commercial street. The last exchange brought very good results, and it is hoped that this one will be even more so in the distribution of vegetable seeds for the war gardens. Although the season thus far has not been very favorable, there should be more than usual interest in the garden propaganda out of regard for the war needs.

Attention, Grand Army—The members of Sedwick Post, G. A. R., are hereby ordered to assemble at the court house, Thursday, May 2, at 10 o'clock in the morning, to escort a detachment of selected troops to the S. NEED OF IRON NOW

Ailments Due to Insufficient Iron Common in Spring. Iron is an essential constituent of pure and healthy blood. Pepton, the new iron tonic, combines iron with nux, celery, pepsin and other blood and stomach-tonics that successful physicians prescribe. It is a wonderful corrective of anemia, paleness, languor, nervousness, whether caused by hard work, worries, too close confinement indoors, or any other cause. Pepton will multiply the red corpuscles in your blood, tone your nerves, improve your color, aid your digestion, and restore the health and strength that you must have for the cheerful performance of daily duties. Pepton is in the form of pills, chocolate-coated, pleasant to take, prompt in effect and economical. Your druggist knows the great merit of this nux and iron preparation, and will be pleased to supply you.

TOTALS EXCEED PAST FIGURES

Banner Week of Liberty Loan Thought Under Way at Last

WASHINGTON, April 30.—Liberty loan subscriptions yesterday totalled \$443,000, the record for any single day in the campaign and the beginning of what the treasury hopes will be a banner week to drive the loan far above the three billion dollar minimum. The campaign total tonight was \$2,457,774,000, not including today's business which appeared large judging by reports from all parts of the country of a final intensive canvass. The most notable feature of the district records was the spurt of the Atlanta district from 37 to 58 per cent in a single day, bringing it within seven per cent of the New York district which now stands second from the bottom in percentage of quota subscribed, although its total, \$592,022,000, is the greatest of any district. The San Francisco district, with an official percentage of 88 and fifth position in the percentage list, sent word tonight that the one hundred per cent mark had been passed with subscriptions of \$211,000,000, or a million more than its quota, and that latter official reports would show it is entitled to the honor of being the fourth district to go over the top. Reports of large sales in sections of the Kansas City district populated by persons of German parentage continue to pour in. Chicago continues to lead in honor flags awarded with a total of 3243. Other districts reported tonight that they had awarded flags as follows: Cleveland, 1186; San Francisco, 885; New York, 710, and Philadelphia, 259.

SALEM WOMAN STILL MISSING

Miss Nan Wilson Cannot Be Found—Left Portland Friends Friday

Mrs. Mary Wilson, who lives in the country near Salem, has been informed of the disappearance of her daughter, Miss Nan Wilson, who left the home of Mrs. George O. Gaston, 406 East Fifty-seventh street, Portland, early Friday morning and has not been heard of since. The young woman's mother believes that her daughter, while out walking, wandered too far, became exhausted, and went to some farmhouse. "That is my idea," said Mrs. Wilson when interviewed by telephone last night. "Of course I may be all wrong. The day before her disappearance she had spoken of the beautiful view. I think she wandered too far and had to stop at some house to rest."

A search is being made for the young woman. She left the Gaston home without taking hat, purse or gloves. She is 36 years old and is described as 5 feet 7 1/2 inches tall and weighs about 100 pounds. A reward has been offered for any information leading to her whereabouts.

Miss Wilson had been ill for several months and had gone to the home of Portland friends when a change of air and environment were recommended.

TRADING SHOWS LARGE INCREASE

NEW YORK, April 30.—Prices rose one to one and a half points at the brisk opening of today's stock market but reacting one to three points before noon, thereafter pursuing an uncertain court with irregular and partial recoveries at the close. The initial advance was the direct result of the repulse of the Teutonic forces on the Franco-Belgian front, while the setback seemed to originate in heavy realizing for profits. Trading increased materially, both in volume and scope, the turnover of the morning being vastly in excess of the previous session's entire operations. United States Steel featured the reversal and subsequent improvement just as it led the opening advance, fluctuating between 96 3/4 and 93 3/4, closing at 94 3/4, a nominal net loss. The steel corporation's quarterly statement and its accompanying announcement of the maintenance of the extra three per cent dividend on the common stock were not issued until after the market closed. Sales amounted to 550,000 shares. Italian exchange made a new minimum, lire selling at 9.92 for checks to Bondy were extremely variable, including Liberty issues, which comprised the bulk of the larger dealings. Total sales, par value, aggregated \$9,250,000. U. S. bonds, old issues, were unchanged on call.

There's No Danger In Chiropractic

Chiropractors aid nature in doing its own work of eradicating disease. No drugs—no knife—no dangerous method is used to do away with the abnormal conditions. Chiropractors remove the cause of the ailment. Nature then performs the cure—that is, it functions properly—a condition that precludes disease.
