PORTLAND AGAIN HELD SCORELESS

Al Gipe Pitching for Vancouver Blanks Rose City Players

PORTLAND, May 3.—Al Gipe pitching for Vancouver blanked Portland today although Portland batsmen found him for nine hits. A feature of the game was the shot-stopping of Cook who handed thirteen chances perfectly before retiring with a slightly sprained ankle.

Score: R. H. E.
Vancouver..... 5 6 1
Portland..... 0 9 4
Gipe and Boelzle; Arkenburg and Cox.

Spokane 2, Tacoma 4.
TACOMA, Wash., May 3.—Tacoma made it three out of four by winning from Spokane, 4 to 2. It was the best game of the series. Mountain hurler good ball for Spokane but lost his own game with two wild throws to the bases. Stevens drove in the winning run for Tacoma with a two-base hit in the seventh inning.

Score: R. H. E.

SEATTLE, May 3.—Aberdeen game postponed; wet grounds.

Poor Draw Result of Dempsey-Miske Fight

ST. PAUL, May 3.—Billy Miske and Jack Dempsey fought a tame ten-round bout here tonight. Neither gained a commanding lead and a poor draw was the general verdict.

Miske outboxed Dempsey most of the fight with the exception of the seventh round, when Dempsey, sinking a hard left into Miske's stomach and putting a right to the jaw, evened up the battle.

Miske landed only one hard blow in the fight, a right cross in the third round. Neither fighter got up a good sweat, therefore a draw seemed the only reasonable decision.

Tommy Gibbons Outpoints George Chip at Des Moines

DES MOINES, Ia., May 3.—Tommy Gibbons of St. Paul, clearly outpointed George Chip, the Newcastle, Pa., middleweight, in a twelve-round contest here tonight, ringside critics agreed. Gibbons had a definite lead in virtually every round. The mixing was slow and rather uninteresting throughout.

SPORT CHATTER

Joe Eagan's stock has climbed several points since he held Kid Lewis, welterweight champion, at events.

Jack Blackburn, the veteran colored boxer, is making a fairly good showing in his efforts to edge into the ring game again.

Billy Miske and Kid Norfolk may meet in another clash, this time in St. Paul. In their first bout in Boston, Norfolk was given the decision.

Law Tendler, the clever Philadelphia boxer, who began his career as a newsboy, is a great favorite of the newspaper corner merchants in every city he visits.

The brilliant game put up by the veteran Larry Doyle on his return to the Giants has been extremely pleasing to Larry's many admirers.

Harry Wolter, who has been in and out of the big show several times, has returned to his first love the Sacramento team of the Pacific Coast league.

Pitcher Oeschger of the Phillies looks to be a much improved twirler since the close of last season. His 1917 record was 15 won and 14 lost games.

The scarcity of good ball players is causing managers of the new international league to look over the big show carefully for promising material among the cast-offs.

The Brooklyn Dodgers have had a tough time trying to get started this season. "Wheatless" days have not helped the Dodgers, the absence of Zach being a big factor in the team's poor start.

Mike Brady, the well known professional golfer, has joined the naval reserve in San Francisco. Brady spent the winter as professional at the Brentwood Country club, at Santa Monica, Cal.

Twelve well known baseball writers in as many different cities have picked the White Sox and the Giants to repeat by winning this season's pennants in their respective leagues.

As Jack Dempsey, the Salt Lake heavyweight, will be hot on the trail of the winner of the Willard-Fulton match, it is doubtful if the victor of the coming bout can stay out of the ring as long as did Willard after defeating Johnson.

Fight fans who will be unable to attend the Willard-Fulton bout are hopeful that the authorities will permit pictures of the bout to be exhibited. It is now several years since movies of a heavyweight championship bout were shown in this country.

suit, in which the Chicago Tribune endeavored ineffectually to prevent the Associated Press from carrying certain news items taken from a London newspaper during the Boer war and efforts of the New York Times and London Times to enjoin certain New York newspapers from printing Rear-Admiral Peary's story of his trip to the North pole, to which exclusive rights had been obtained.

In concluding his arguments begun yesterday, Samuel Untermyer of New York, for the Hearst service, denied that the question of unfair competition entered into the case.

Increase Amount of Stock Grazing on National Forests

PORTLAND, Or., May 3.—According to figures prepared by the forest service, with district headquarters here, the total numbers of cattle, horses, sheep and goats authorized to graze on the national forests of Oregon and Washington during the season of 1918 are 222,559 head of cattle and horses and 1,269,809 head of sheep and goats, or an increase of 16,810 cattle and horses and 44,200 sheep and goats over the figures for 1917.

This increase in cattle is due to increased carrying capacity of the range, while the increase in sheep is made possible by the discovery of new ranges and readjustments of boundaries on the old ranges. Because of war conditions and the heavy demand for meat and wool, extra stock was grazed last year to the extent of 19,478 head of cattle and 29,102 head of sheep over 1916.

It is the desire of the forest service that ranges be used at this time to the extreme limit of their carrying capacity. In addition to the increase in the number of stock run on the ranges there has been an increase in value, due to improved grade on animals turned on the range. Stock growers and the forest service co-operate to bring about better conditions both as concerns the range itself and the grade of stock raised. Well-bred stock is no more rare than scrub and bring much larger returns on the market.

District Forester G. H. Cecil points out.

PROFICIENT IN AMERICA.

A French soldier who came proudly up to an American in a certain headquarters town the other day asked: "You spik French?" "Nope," answered the American, "not yet." The Frenchman smiled complacently. "Aye spik Engleeseh," he said. The American grinned and the Frenchman looked about for some means to show his prowess in the foreign tongue. At that moment a French girl, very neat and trim in her peaked hat, long coat and high laced shoes, came along. The Frenchman jerked his head toward her, looked knowingly at the American and said triumphantly: "Cheeken."

NEW FABRICS OF PAPER.

AMSTERDAM, March 31.—All the latest inventions in the way of imitation cotton and woolen fabrics were shown at the textile exposition in Berlin this month. There was the new paper yarn underwear, produced directly from cellulose fibre; women's coats and skirts made from "cloth" manufactured from a mixture of paper yarn and silk; quilts and padded winter garments in which cellulose wadding takes the place of down and cotton wool.

There was shown also paper-made "canvases" for tents, and paper-made harness gear. The new clothing material is as yet not cheaper than cotton, but it is fully expected it soon will be.

Another novelty is wicker furniture finished off with paper yarn instead of split cane.

GOLD COINS GIVEN UP.

AMSTERDAM, March 31.—Late in the German museum and private owners of coin cabinets have given up their gold coins, barring the most important pieces indispensable to numismatic studies, the Imperial Bank at the current metal value under an arrangement whereby the coins will be returned to the owners twelve months after the conclusion of peace, against a refund of the sum originally received.

ELIMINATE GARBAGE CAN.

LINDSAY, Calif., April 30.—Lindsay housewives have eliminated 81 per cent of their food waste. In obedience to the food administration appeal they are endeavoring by all possible means to eliminate the remaining 19 per cent and do away altogether with the garbage can. The garbage man of Lindsay, which boasts a population of about 3,000, declares his business has fallen off so tremendously that he can now feed only 38 hogs from the refuse gathered whereas a few months ago he fed 200 hogs and was planning to get others.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice insidabathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Men and women, whether sick or well, are advised to drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless night have become real cranks about the morning insidabath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to dem- onstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

MORTALITY IN UPPER HOUSE.

WASHINGTON, May 2.—Public officials in Washington are commenting on the recent high mortality among the members of the United States senate. It is said that in the entire history of congress the records fall to show during any twelve months period so many deaths among the members of the upper house as have occurred during the past year. Seven senators have passed away since last May. The senators and the dates of their deaths are as follows:

May 23, 1917—Harry Lane of Oregon, Democrat.

Oct. 21, 1917—Paul O. Husting of Wisconsin, Democrat.

Dec. 24, 1917—Francis Newlands of Nevada, Democrat.

Jan. 12, 1918—James H. Brady of Idaho, Republican.

Jan. 30, 1918—William Hughes of New Jersey, Democrat.

April 12, 1918—Robert F. Brewsard of Louisiana, Democrat.

April 14, 1918—William J. Stone of Missouri, Democrat.

DESCRIBES PALACE.

LONDON, May 2.—The palace on the Mount of Olives completed some time ago by Emperor William is thus described by a bandmaster attached to a divisional headquarters in the east whose band gave a concert there:

"Around the banquet hall, in which we performed in a broad ledge some seven feet from the floor upon which at intervals of about two yards crouch golden lions. Between these are electric lights in golden sticks.

"At one end, on a raised platform, are two massive carved chairs for the emperor and empress, with a circle of smaller chairs behind for the imperial staff.

"There is also a church in the palace containing a beautiful organ with silver pipes, and pulpit and lectern of solid marble. The ceiling is beautifully painted white on the walls are magnificent paintings in massive gold frames.

"The palace has its own electricity plant, postoffice and bank."

FINES IN THRIFT STAMPS.

NOGALES, Ariz., April 28.—Fines for violation of traffic laws, with the receipts therefore given in thrift stamps is a feature of traffic education and thrift stamp campaigning here.

The town marshal recently took his stand on a corner, where the traffic is heavy, and began to halt drivers of automobiles and other vehicles, whenever he detected a violation of traffic ordinance. Given the ordinary traffic ordinance, and the ordinary motorist, the marshal said, he could always find something to "hang on them" and his theory prove correct.

As every technical violator drove up, the marshal brought him to a halt, assessed a fine, told the offender that the fine should be paid on the spot—and then offered thrift stamps in the amount of the fine by way of a receipt.

The plan worked, as the marshal turned in \$216 to the thrift stamp committee after spending only a few hours at his task.

GLEE CLUB ENDS ANNUAL JOURNEY

Even Two Dozen Concerts Have Been Given During Present Season

The Willamette University Glee club returned yesterday morning from an extended tour of Washington and eastern Oregon. The club has been gone for two weeks, returning the trip at Portland Friday, April 19.

Two concerts were given Saturday night at Camp Lewis, Monday found the boys at Wenatchee, followed by Spokane on Tuesday night. Other towns visited that week were Colfax, Walla Walla, Athena and Echo.

Hermiston led off this week, Tuesday was spent at Arlington, Wednesday at Moro and Thursday night at Pine Grove, near Hood River.

With two ye-concerts given previously this season, the glee club has given an even two dozen to date.

Those making the trip were Gus Anderson, Francis Cramer, Floyd McIntire, Edwin Sociolofsky, Herald Emmel, Kenneth Legge, Ivan Corner, Gordon Sammons, Louis Stewart, Archie H. Smith, baritone soloist, Paul Sterling, Harry Bowers, president, Earl Cotton, Roswell Waltz and Fred McGowan.

Miss Florence Schenrie served as accompanist for the entire trip. Mrs. E. C. Richards traveled with the club as the official chaperone from the university.

Pratum Farmers Want More Gravel Placed on Roads

RICKEY, Or., May 3.—Mrs. Arthur Binnegar of St. Helens, Oregon, is home on a visit to her parents, Mr. and Mrs. D. A. Harris.

Wesley Horner and Les Gesner have returned from a trip to the coast.

Mr. and Mrs. George Thompson, who have lived in the neighborhood the last year, have left for Camas, Wash., to make their home.

The last meeting of the literary society until October was held Friday night.

The local Red Cross auxiliary met with Mrs. Thomas Fitzpatrick this week.

Miss Lenore Koon spent the week end with Miss Meryl Whitney.

A number of the young people of Rickey attended the dance at the A. Eugene Aufrance home Saturday night.

First Gold Star Will Be Placed in Banner

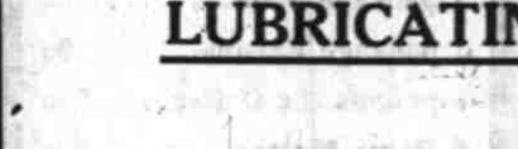

The first gold star will be placed in the service flag of Leslie Methodist church Sunday in honor of Thomas D. Cooper, who died at Fort Leavenworth, Kan., a few days ago. Mr. Cooper was a member of Leslie church during his residence in Salem. He enlisted in Portland. Addresses will be given at the service by John W. Todd and Walter C. Winslow. The choir will sing patriotic selections.

UNDATED CHECKS

A Check which is not dated is valid and negotiable. But, while it is payable on demand, absence of the date permits the bank to require further proof of its legitimacy before acceptance. It is but natural for the bank to endeavor to eliminate all risk.
