

What's the Matter with Oregon?

R. N. Stanfield, Republican for United States Senator

I have a very strong conviction that Oregon has been discriminated against by the National Government in many ways. Mr. Stanfield shares this feeling and promises, if elected, to correct it as far as it lies in his power to do so. Senator McNary denies that any such discrimination exists. He was quoted in a dispatch from Washington to the Oregon Journal as saying that he took no stock in the statement that there had been discrimination against Oregon. Of course, if he believes there has been no such discrimination he will make no effort to remove it—S. B. Huston, who withdrew from the Senatorial contest and is supporting Stanfield.

Why do the Telegram and Journal complain that Seattle is always taking payrolls away from Portland and then attack Stanfield because he has built up an industry which benefits Oregon and Portland, creates a payroll and adds thousands of dollars to the tax list? Why has Portland lost so much to Seattle—is it because there are elements in Portland always ready to knock anyone who tries to help the community?

Five lawyers comprise the Oregon delegation at Washington; there has not been a business man, farmer or toiler in the delegation in a generation.

Why has the Chamber of Commerce felt it necessary to hire a special representative at a senator's salary of \$7500 a year to look after Oregon's interests?

Stanfield never represented a corporation at Salem. Stanfield is no man's man.

Stanfield will not be dictated to and controlled by a political boss, by corporations or by newspapers, but he will serve all the people of his state, playing no favorites and giving a square deal.

No one has ever said that Bob Stanfield is a double-crosser, or that he is selfish or not liberal with his resources or his friendship. There isn't a lazy bone in his body. He has been a toiler all his life and never held a cushy job.

Raised on the range, he is no silk-stocking. Stanfield has built up from nothing through constructive labor until today he is one of the genuine assets of Oregon. He did not marry his money nor did he inherit it—he worked for it.

Republicans know that Stanfield is 100 per cent Republican. He is not a 50-50 Demo-Rep.

WEKERLE FORMS NEW MINISTRY

Hungarian Cabinet Plans to Compromise on Suffrage Proposals Introduced

BUDAPEST, via London, May 10.—A new Hungarian cabinet has been formed with Dr. Alexander Wekerle as premier and minister of the interior. The other ministers follow: Commerce, Joseph Steppenyi; Agriculture, Count Johann Zichy; Finance, Count Popovitch; Food, Prince Windisch-Graetz; Defense, Baron Szurmay; Court Affairs, Count Aladar Zichy; Justice, Dr. Gustave Torny; Minister for Croatia, Dr. Karl Unkelhauser; Social Affairs, Count Paul Teleki.

Premier Wekerle has stated that the government intends to introduce various small amendments to suffrage proposals, based on compromise, that will make the acceptance of the proposals possible. The amendments provide that every citizen who would not otherwise have the right to vote should obtain that right if he gives proof of sufficient learning to have passed through four classes of the national school and also is master of the Hungarian language or if he has passed through six classes of the national school. The premier added that workmen will have the right to vote. The extension of suffrage will be carried out forthwith and the government will maintain its social and economic program and its plan of army reform.

"Allied aviators have bombed an enemy airdrome at Drama and troop encampments at Beroncl."

Two Attacks Fail. BERLIN, via London, May 10.—The supplementary official communication issued by the war office this evening says: "An English local attack of Albert was repulsed. "A French advance in the Aprement wood also failed."

Haig Statement Brief. LONDON, May 10.—There was local fighting today at Aveluy wood, north of Albert, and hostile artillery activity, particularly in the Vimy and Robecq sectors and south of Dickebusch. There is nothing further to report, says the official report from Field Marshal Haig this evening.

Italian Fire Heavy. ROME, May 10.—Patrol actions occurred yesterday on the mountain front, the war office reports. There was lively artillery fighting in the Adamello area, on the northern slopes of Monte Altissimo and in the eastern sector of the Asiago plateau. The first of the Italians caught enemy columns of troops in the Brenta and Seren valleys. All along the front there was intense aerial activity. Five enemy machines were brought down.

UKRAINE TALKS GERMAN PEACE

Negotiations Are Begun—Line of Demarcation on Fronts Established

LONDON, May 10.—A Russian government wireless dispatch announces that peace negotiations with the Ukraine have commenced. It says that hostilities have ceased on the Veronezh, Karak and Briansk fronts and that a line of demarcation has been established. It is expected, says the dispatch, that the Russian delegation will shortly meet the German-Ukraine delegation and sign a peace. Meantime, the Russians have established on all fronts defensive guards, who will not permit armed detachments to enter Russian territory. The statement, which is signed by Leon Trotsky, the Bolshevik minister of war and maritime, asserts that many enemy detachments have violated the orders of the central authorities and crossed the frontiers of the Ukraine and invaded the region of the Don Cossacks. These detachments, it says, must be disarmed by the relentless use of force. With a view to combatting such bands, the Don and Kuban regions are declared to be in a state of siege. Guards will be placed at exposed points on the frontier and the military commanders made responsible for a vigilant defense. The statement says severe discipline must be maintained and that reports shall be sent to the high military council regarding obedience to these instructions, as well as information concerning the movement of all bands.

ODD AND INTERESTING

In Iceland gull flesh is one of the principal winter foods of the people. Leon Trotsky, lately so prominent in Russian politics, was at one time a moving picture actor in America. As a result of the simplification of divorce proceedings, 38,000 applications for divorce have been made in Petrograd since the revolution.

NO BAD HABITS

The fussy old gentleman asked the chance traveling companion: "Have you any children, sir?" "Yes, sir, a son." "Does he smoke?" "Ah, sir, he never so much as touched a cigarette." "So much the better, sir; the use of tobacco is a poisonous habit. Does he frequent clubs?" "He has never put his foot in one." "Allow me to congratulate you. Does he ever come home late?" "Never. He goes to bed directly after dinner." "A model young man, sir, a model young man. How old is he?" "Just six months."—London Opinion.

MEMORY SCHEME

A wife gave her husband a sealed letter, begging him not to open it till he got to his office. When he did so, he read: "I am forced to tell you something that I know will trouble you, but it is my duty to do so. I am determined you shall know it, let the result be what it may. I have known for a week that it was coming, but kept it to myself, until today, when it reached a crisis, and I can not keep it any longer. You must not censure me too harshly. I do hope it won't crush you." His hair was slowly rising and his heart beating faster. Then he turned the page and read: "The coat is all used up! Please call and ask for some to be sent this afternoon. I, though by this method you would not forget it!"

HUN AVIATOR INJURED

LONDON, May 10.—A Reuter's dispatch from British headquarters in France says it is reported that Lieutenant von Richthofen, brother of the famous German aviator, who was killed recently, has fallen during an aerial fight over the Somme valley and that his skull was fractured. It is unlikely that he will ever fly again.

SECOND RAID ON OSTEND SUCCESS

(Continued from page 1)

The fire which covered the sinking of the Vindictive began about 1 o'clock this morning and lasted until 2 o'clock. The bombardment was very heavy and could be heard at Dover. The night was clear, with the stars shining brilliantly, but there was a haze over the sea. Work Under Heavy Fire. The Vindictive came under a fierce fire from the German shore batteries. She was navigated close into the pier in fine style and sunk by an internal charge. The crew escaped in fast motorboats. Only the number of officers and men absolutely necessary were on board of the ship on account of the danger of her total loss. These, on signal, swarmed up from the engine rooms and stokehold and took their positions at appointed stations so as to slide quickly into the motorboats. The small boats were under heavy gun fire all the time while they were transferring the crew to waiting destroyers.

BLOCKADE ONLY PARTIAL

LONDON, May 10.—The Vindictive lies at an angle not effectively blocking the channel at Ostend, but serving a very useful purpose, according to the press association. A partial and very serious blockade has been achieved and under the conditions of tide and silt prevailing this obstruction will certainly tend to increase.

ATTEMPT CALLED FAILURE

BERLIN, via LONDON, May 10.—The British attempt to blockade the harbor of Ostend was a failure, according to an official statement issued today. An old cruiser, entirely battered to pieces, lies aground before the harbor outside the navigation channel, and the entrance to the harbor is quite free, the statement continues. "At 3 o'clock Friday morning British naval forces, after a violent bombardment, again made a blockading attack on Ostend. Several enemy ships, which under the protection of artificial fog tried to force their way into the harbor, were driven off by the excellently directed fire of our coastal batteries. Harbor Entrance Free. "An old cruiser, entirely battered to pieces, lies aground before the harbor outside the navigation channel. The entrance to the harbor is quite free. "Only dead men were found on board the stranded vessel. Two survivors of the crew had leaped overboard and were captured, according to information so far received. "At least two enemy motorboats were shot away and one motorboat was badly damaged. The blockading attempt, therefore, has been completely foiled. Once again the enemy has sacrificed human lives and vessels in vain."
