A very pleasing program of sacred music was given to a very large audience at the Catholic church last Sunday night. The altars were prettily decorated with snowballs and when lighted for the benediction service were beautiful. The Catholic choir gave two good numbers, Ben L. Markee of Portland sang two solos and Miss Mary Schoettle played a violin solo, "Legende," by Bohm, in a most pleasing style. Rev. Father Thompson of Portland gave a masterful address on "The Catholic Church and Democracy." The concert closed with benediction at which three numbers were sung by the choir. WARD FOR MAYOR.

As a candidate for mayor of the city of Salem I want to repeat, so that it may be understood distinctly by the electors, that my candidacy is not backed by any corporation and that, if elected, I shall be guided in my policy solely by consideration of the welfare of the city as a whole. I am a taxpayer. I am a member of the city council, and as a member of that body I have been an active alderman and have made a close study of the needs and conditions of the city. I have been a member of important committees of the council and at the beginning of the year assisted in cutting the budget to a minimum without impairing its efficiency. It stands to reason that a man who has served on the council is better qualified to serve as mayor than one who has not. I ask your support. FRANK S. WARD. (Paid Adv.)

Pickers Prices To Be Adjusted

Some weeks ago a committee was appointed by the Salem Fruit Union to take steps toward an agreement among the growers of loganberries as to the price to be paid to pickers this season—action that is very essential in order to prevent the "stealing" of employees from the smaller tracts by the larger ones. This committee will come before a meeting of the loganberry growers, to be held at the Union's offices Friday afternoon at 2 o'clock, at which time the whole matter will be gone over with a view to permanent adjustment of picking prices. All growers of this section are urged to be present at this meeting, whether members of the Union or not.

MACLEAY, Or., May 14.—The Red Cross benefit dance given in the Macleay hall Saturday night netted the organization something over \$60. Good music, a good crowd and good refreshments joined together in making this dance one of the best of the year. Another dance will be given this coming Saturday night. It is also a Red Cross benefit. The revival services which were being conducted by Guy Fitch Phelps ended Sunday night with an exceptionally good attendance. Several persons were converted. Sunday school will be held next Sunday morning at the school house. The hour is 10:30 o'clock. Jesse Martin is building a new garage. Construction has begun on the new barn on the D. J. Miller farm. CAPTAIN HOBSON SPEAKS TONIGHT

Former Naval Officer One of Foremost Men in Recent American History

Captain Richmond Pearson Hobson, who speaks at the armory tonight on "The World War and the Great Destroyer," is one of the foremost men in recent American history. It was Hobson's idea of bottling up the Spanish fleet at Santiago de Cuba during the war with Spain in 1898 that led to the idea being carried out by the British on a vastly bigger scale only a few days ago at Zeebrugge and Ostend. Captain Hobson, upon his retirement from the navy, entered public life and was sent to congress by his native state. He has devoted years of his life to the cause of prohibition of the liquor traffic and is now helping in the battle that doubtless will soon lead to a dry nation.

APPRECIATIVE WOMEN

How often is the question asked "Are the testimonial letters published in the advertisements of Lydia E. Pinkham's Vegetable Compound genuine and true?" In answer to that question we want to answer most emphatically yes; and it is gladness for health restored by the use of Lydia E. Pinkham's Vegetable Compound after weeks, months and sometimes years of suffering that has prompted these women to write such letters in order that other women who suffer as they once did may profit by their experience. "The trouble is that you Americans don't understand grand opera." "That's what I have been telling my wife," agreed Mr. Cumrox. "If we understood the proposition better, we wouldn't be paying \$15 or \$15 a seat for it."—Washington Star.
