These lands are suitable for wheat and grain growing, or general farming purposes, and crop can be sown at once. One tract of 123 acres is especially adapted for dairying and stock raising. Irrigation ditches on all the lands which can be used if desired. In order to close out the lands in the quickest possible time they will be sold at 50 per cent or more below their actual value. Rails Relinquish Prominence —Greater Breadth in Yesterday's Trading

NEW YORK, May 15.—Greater breadth attended today's stock dealings, although the volume of operations was slighfly under recent large totals. Rails relinquished much of yesterday's prominence and strength after the first hour when war shares dominated the market.

United States Steel was far outdistanced in strength by Baldwin Locomotive, which made an extreme gain of nine and a half to 97, while Midvale Steel, at an advance o three and three-quarters, rose to 53 3-4. Midvale's rise was accompanied by reports that the government proposes to erect a plant or its own use.

Other notably strong and active industrials included Colorado Fuel, Great Northern and Crucible, Lackawanna and Gulf States Steel, these gaining two to five points.

Pronounced strength was shown at intervals by oils, Texas company gaining five and three-quarters, American Sugar and half a score of utilities.

Low priced rails again displayed more resistance than the standard group, coalers, Rock Island, New Haven and minor grangers rising one to two and a half points. Sales amounted to 1.175,000 shares.

Liberty bonds rallied, the 4¼'s rising to 98.17. Total bond sales, par value, $8,350,000. United States bonds, old issues, were unchanged on call.

MARKET RALLIES WITH SUNSHINE

Considerable Selling Pressure During First Half of Session

CHICAGO, May 15.—Lightness of receipts rallied the corn market today from the bearish effects of weather favorable for planting. The result was an unsettled close, May $1.27 3-4 and July $1.43 1-2 to 5-8, with the finish as a whole 1-8c off to a like advance, compared with twenty-four hours before. Oats gained 1-2 to 5-8 to 1 1-8c net. In provisions the outcome varied from 70c decline to a rise of 27c.

Prevailing warmth and sunshine out the corn market under considerable selling pressure during the first half of the session. Decided setbacks in prices resulted, but enlarged demand for immediate delivery of corn became manifest in the later trading when notice was directed to the fact that fresh supplies in Chicago today amounted to only sixty-one cars.

Congestion in May contracts led to advances in all deliveries of oats.

"Humph!" remarked the swine as pearls were cast before him. "Regular food has evidently become so expensive that they're trying to hold out on me."—Washington Star.
