CORN REACHES BOTTOM PRICES

CHICAGO, May 18.—Conditions likely to facilitate planting had a bearish influence today on corn. The market closed unsettled 3-4c net lower to a shade advance, with May \$1.27 3/4 to 7-8, and July \$1.40 7-8 to \$1.41. Oats gained 1-8 to 1 1/2-c and provisions 15c to 55c.

Downturns in the price of corn began soon after the opening, and although several rallies took place the finish was at virtually the bottom figures of the day. At first the resulting pressure of offerings was not heavy, but support was poor, and in later trading some of the principal houses sold
