of the family except the baby and a 3-year-old child, ate some of the raw sausage. About six weeks ago Mrs. Frey became ill and the husband found himself suffering from the same symptoms as the wife, two weeks ago. Later the children fell sick and then the family was brought to the hospital.

The four children at the hospital range in ages from about 6 to 12 years. They are Andrew, Ida, Adeline and Billie. The baby is being cared for by Mrs. H. H. Rooster of St. Paul, Or., who is a neighbor of the family. The 3-year-old child is also being cared for. Hope is entertained for the recovery of the children.

The funeral of the parents will be held Tuesday morning at 10 o'clock from the chapel of Webb & Clough. Rev. W. H. Cross will have charge of the services and burial will be in Odd Fellows cemetery.

Joe Jackson Ordered to Report for Army Service

Greenville, S. C., May 18.—Joe Jackson, the Chicago league outfielder, who went to work in a shipyard at Wilmington, Del., last Monday after he had been placed in Class 1 of the army draft and had passed the physical examination, was ordered today by his draft board here to report immediately for active army service.

AGREEMENT IS FOR DURATION OF WAR ONLY

WASHINGTON, May 18.—Information reached the state department today of the conclusion of an agreement between Japan and China for the protection of their common interests in the far east against German aggression. Although giving few details, the state department reports to the dispatches that the agreement was made clear that the agreement was only for the period of the war and was solely for protective purposes.

A joint defensive to counteract German aggression in Siberia is known to be contemplated, but information was lacking as to whether this would involve a movement in force into Siberia by Japanese and Chinese troops. As to the necessity for such action, the state department is not informed, but it is assumed that the cause of their proximity to Siberia, Japan and China, with a much keener interest in that country than any other powers, were doubtless in better position to know the extent of German influence there and the necessity of curbing it by military force.

The attorney general informs Mr. Reed that Oregon has a flag law to prevent the misuse or abuse of the flag but that "in Oregon we interpret criminal laws to suppress evil and punish wrong and not to prohibit patriotic endeavor."

Willamette Glee Club Concert Is Triumph

The Willamette University Glee club evidently profited by its concert tour through Oregon and Washington, and in the concert at the opera house Friday night presented the program in excellent form. Both the quartet and ensemble numbers were rendered with a finish that left little to be desired. The selections were made with a view to variety, being divided between the light and the serious, and the audience seemed especially pleased with the comedy element. Solo numbers were given by Bowers, McGrew, Anderson and Smith. The dialogue work of Waltz and Emmel brought a gale of laughter and applause. The piano numbers by Miss Florence Scheuerle showed exceptional technique and finish, and added much to the quality of the program.

Out On the Road

The constant grind of daily service puts tire quality claims to the test. It's the grueling, steady service that proves Racine Rubber Company's claims to leadership—that proves the real worth of

RACINE Country Road and Multi-Mile Cord TIRES

"Extra-Tested" is the keynote of the extra mileage in Racine Country Road and Multi-Mile Cord Tires. Each of the many extra tests does add extra resistance to wear. For instance, the extra test for "frictioning" gives to a tire's exactness—the proper proportion of rubber and fabric.

Racine Country Road Tires—5000 Mile Guarantee—are the only tires built and Extra-Tested for country road travel.
