

You'll get a glimpse of his innermost personal life from authentic incidents in this film—and it will make you hope to heaven that the "Mad Dog of Europe" meets just the finish that the photoplay portrays.

Even a dyed-in-the-wool pacifist will come out of the theater a boiling, fighting, red-blooded American when he has seen it.

authority on certain industrial matters, recently came up to town, bringing his wife with him. This good woman was one afternoon the guest of a rather patronizing club woman. "So your husband is an editor?" the latter asked. "Yes." "Since you have no family and have considerable leisure on your hands, I dare say you assist him in his editorial work?" "Oh, yes," said the editor's wife, who is also his cook. "I edit nearly all his inside matter."—Chicago Herald.

Mrs. George W. McMath of Portland was yesterday appointed by Governor Withycombe to serve temporarily on the advisory board of the state industrial school for girls, succeeding Mrs. Lola G. Baldwin, who has gone into federal service. By terms of the appointment Mrs. Baldwin will resume her place on the board upon her return from government service. Other members of the board are Mrs. M. H. Dancy of Salem and Mrs. Aristene N. Felts of Portland.

Mrs. Jas. M. Perry, of Greenville, S. C., is the first woman to be admitted to the practice of law in South Carolina. Will H. Hays, the new chairman of the Republican National Committee, urges that women take part in politics to the fullest extent.

### Lachmund and La Follett Nominated by Democrats

Louis Lachmund has the distinction of having been given the Democratic as well as the Republican nomination for state senator, and the other Democratic nominee is A. M. La Follett, one of the defeated Republican aspirants. The names of Mr. Lachmund and Mr. La Follett were written in by the Democrats. Also Democrats voted for W. A. Jones and Sam Brown, the other Republican candidates. The vote was Jones 38, Lachmund 48, La Follett 41, Brown 21. Under the law candidates of one party cannot accept the nomination of another party, but the vote is nevertheless a flattering endorsement.

### Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally instead of leading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of lime phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result in poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to trouble, kidney misery, sleeplessness, phosphate at the drug store. This will cost very little but is sufficient to make everyone a real crank on the subject of internal sanitation.

## WAR REVENUE LEGISLATION TO BE ACTED UPON

Congress Finds Solution to Problem Without Sacrificing Vacation

SUBMIT PLAN TODAY

Democrats Expected to Frame Tentative Draft as Basis for Bill

WASHINGTON, May 28.—Congress tonight apparently had found a way to provide the new war revenue legislation insisted upon by President Wilson without abandoning entirely its long cherished plan to get out of Washington for a summer vacation.

Leaders of both parties joined in conferences and approved a program that contemplates prompt action on pending appropriation bills, to be followed about June 15 or 20 by a recess of both houses until August 1, while the ways and means committee frames the revenue bill. After passage of the measure by the house, probably about August 10, the house would recess for thirty days to await action in the senate.

The plan will be submitted to the ways and means committee tomorrow. The Democrats of the country probably will frame a tentative draft upon which the entire membership will build the bill after hearings lasting a fortnight or more.

Representative Kitchin of North Carolina, chairman of the ways and means committee, in the house today charged that a powerful lobby working for revision of the new zone postal rates on newspapers and periodicals was responsible for the demand for keeping congress in session. He declared the lobby hoped to have the senate put an amendment repealing or modifying the zone system law in the revenue bill and to keep it there by getting the president or the secretary of the treasury to insist upon the house conferring yielding when election or adjournment time approached.

### Williams Bill Would Allow Soldiers' Votes

S. B. Huston of Portland, on behalf of Ralph Williams, yesterday filed at the secretary of state's office an initiative bill to amend the existing statute by providing that Oregon soldiers and sailors absent from the state may have the right to vote. The bill would amend section 2 of article 2 of the state constitution and would make that section read in part as follows: "The legislative assembly or the people, by initiative, may enact a general law providing that soldiers and sailors in the service of the United States who are absent from the state of Oregon at the time of any election on account of such services, may vote and that their votes shall be counted at such election."
