AMERICAN FLAG TO BE HONORED

Governor Urges More Than Usual Emphasis in Ceremonies June 14

Governor Withycombe yesterday issued a statement in which he urged the people of Oregon to observe with more than usual emphasis the natal day of the American flag, Friday, June 14. All assemblies of the people on that day are requested to sing "The Star Spangled Banner." The governor's statement follows: "At no time in the history of the American people has our flag represented as much as it does today when it champions the precious principles of justice and liberty involved in this tremendous world war.

This year for the first time the American flag will celebrate its birthday flying along the battlefronts of foreign lands, side by side with foreign flags representing nations allied with the United States in the common cause of humanity and freedom.

In the light of these circumstances will not the people of Oregon place far more than the usual emphasis upon the true significance of Flag Day and pause long enough on June 14 to mark the 141st birthday of our beloved flag, and to express in one form or another, our deep respect and devotion for the Stars and Stripes? "respectfully urge that in all possible assemblies the people sing the "Star Spangled Banner" and in every other available manner contribute wholeheartedly toward a proper observance of the most momentous Flag Day since the Continental Congress adopted the Stars and Stripes."

Patriotic Film Is to Be Seen Here Monday, June 17

Another huge patriotic gathering is to be held in Salem on Monday, June 17 at which there will be a popular lecture on the world war, illustrated by the famous moving picture film entitled "Wake up, America!"

This film, which is presented presented through the generosity of a prominent eastern manufacturer, is one of a series that is being used throughout the nation with a view to educating and enthusing the masses along the lines of patriotic activities. A most capable lecturer, William J. Burns, accompanies this film, and he will present in a most dramatic and convincing manner the conditions in the battle arena, illustrating his address with authentic scenes from ruined Belgium and France. The work of the Red Cross is shown in the midst of actual battle scenes, and there will be views of our own boys on the march.

To heighten the effect of the lecture and film, it is planned to provide the meeting with martial music of some sort. This evening, which is given under the auspices of the Commercial club and Council of Defense, is entirely free to the public. It will be given at the armory.
