WHERE SHOPPING IS A PLEASURE

RATES MUST BE ON CASH BASIS

Passenger Ruling Effective July 1—Same Will Apply to Freight

Effective July 1, the collection of passenger transportation charges by carriers under federal control will be on a cash basis, according to an order from Director General McAdoo that has been received by the Oregon public service commission. On that date any credit accommodations which may be in conflict with certain regulations of the railroad administration must be cancelled. Tickets will be sold only for cash in advance of service. Baggage charges will be subject to the same rules as tickets, except C. O. D. baggage and storage charge must be paid in cash before delivery.

The commission is also informed in a circular from C. A. Prouty, a director of the railroad administration that the director general is contemplating an order which will place the payment of all freight transportation charges on a cash basis.

The director general is about issuing an order putting the payment of all transportation charges upon a cash basis, and is especially desirous that this shall result in as little inconvenience as possible to the public," says Mr. Prouty's letter. "The rule should be interpreted in a practical business way. If, for example, the consignee who is financially responsible, is accustomed to send for his freight in the morning and the collection of the freight charge is effected in the afternoon, that should

be treated as a cash transaction so long as the consignee continues to pay its freight charge promptly upon presentation of the freight bill. Similar application of the rule should be made in the collection of a prepaid charge from a shipper. That is to say, payment of such a charge if made on the day the shipment is forwarded will be treated as a cash basis transaction.

The enforcement of the cash rule will require payment by the shipper and consignee, for the most part, without opportunity for the correction of errors in the freight bill, but in all cases where a mistake is obvious or where it is plainly indicated upon the face of the bill, the agent should make the correction before exacting payment.

The director general is also anxious that the public shall understand that the reason for the promulgation of this order is to prevent discrimination between shippers and consignees. The extending of credit in payment of transportation charges to one person while it is denied to another results in a preference in favor of the person to whom credit is given. While repeated attempts have been made in the past to check this evil, competitive conditions have rendered it impossible to do so. At the present time many shippers and consignees, especially large ones, enjoy with respect to many of their freight bills a credit not only of days but of weeks and sometimes months. There seems to be no way of dealing with this except the cash rule.

The director general further instructs me to say that he has under consideration rules, which will be promulgated in the near future touching upon the settlement of overcharge and claims for loss and damage which he believes will result in the prompt and fair disposition of such matters with a minimum of inconvenience to the public."

MAY STILL CUT INTO BUSINESS

Police Cannot Protect Jitney Men From Drivers of Private Cars

The case of Z. J. Zinn, last in the series of unlicensed jitney drivers to appear in the police court, was heard by Judge Race yesterday morning, and being fully advised of the facts in the case, and the accused signifying his intention to retire from the business at once, the magistrate dismissed the case and closed the incident. The thorn of dissatisfaction remains with the jitney drivers, however, for the police department can offer them no assistance in the matter of apprehending drivers of private cars who cut into their business; and on the other hand the jitney men do not care to take upon themselves the role of detectives and attempt to bring the alleged violators to justice.

THE FALL OF THE ROMANOFFS

"Through the panorama moves Ilidor, the Siberian monk who brought about Rasputin's downfall; the emperor, a superstitious weakling; his wife, the Czarina, with German family leanings; indeed, the whole court. The Kaiser himself appears briefly. Brings the story up to the murder of Rasputin and the revolutionists' arrest of the Czar in a railway carriage on March 15, 1917. Ilidor, who plays himself in the production, Ilidor provided the wealth of facts upon which we based the story, for historical data to details of secret religious ceremonies. More than that, he provided himself a remarkably good screen actor.

Rifle Production in U. S. Shows Increase

WASHINGTON, June 6.—More than a million and half rifles have been produced by the United States army since this country entered the war, says an announcement tonight by the war department. Of this number 1,140,595 are modified Enfields, 175,796 Springfield models of 1903 and 251,270 Russian rifles.

"Besides the rifles made since war was declared," said the announcement, "there are 600,000 Springfield models of 1903, in use. Only about one-half the soldiers in an army carry rifles. On this basis the ordnance department has enough rifles, Springfield and modified Enfields, for an army of about 2,000,000 men, allowing wastage for one year."

LABOR AGENT WILL BE HERE FIRST OF WEEK

Office Will Be Opened in Former Red Cross Office on State Street

SITUATION IS IMPROVED

Rumor Comes That Laborers May Come Into Valley From Hood River

At length there is a glint of sunshine and encouragement athwart the fog that has hung over the labor situation in this part of the valley. With a demand for several thousand fruit pickers and cannery employes needed within the next thirty days, there has been but a small percentage mobilized thus far. The matter has been under consideration by the Commercial club, the Y. M. C. A. and the Pheasant Northwest Products company, as well as of a committee of the Boys' Reserve organization, but with no definite results on a broad scale.

Some days ago negotiations were opened with the federal labor agent in Portland, and recently Manager R. C. Paulin of the Salem Fruit union went to the metropolis to consult with the federal representative in person. As a result he has secured a promise from R. P. Bonham, who is acting for the government in the labor field of this state, that a representative would be placed in this city the first of next week. It is proposed that an office be opened in the rooms recently occupied by the Red Cross campaign managers, on State street, and that this be made a clearing house for employers and employees alike—the whole line of fruit industry. While no details are forthcoming at this time, the logical supposition is that an active campaign will be carried on to secure an army of fruit pickers that will be virtually pledged to the work on the ground that it is a patriotic duty as well as a matter of public benefit for every "unattached" boy, girl and woman to lend a hand in the work.

It has been suggested that in addition to the efforts of other organizations, the women's societies of the city get behind a movement to enlist the women of the city for the work. One bit of encouragement that floats in from Portland is the fact that there is a surplus of help signed up for the harvesting of the Hood River strawberries—an indication that the crop in that section is considerably short of past seasons.

Judgments Are Rendered In Circuit Court Cases

Only three or four civil cases have been disposed of in the present term of court, the first of these being the case of Emerson Hardwood company against Andrew Kemp, judgment for \$250.95 being awarded to the defendant. In the case of Koehler Chase against Savage, suit to recover on a promissory note, verdict was rendered to the plaintiff in the sum of \$457.80 with \$75 costs. At the hour of closing last night the case of Dave Trester against A. T. Moffitt was being staged. This is a sequel to the case of Moffitt vs. Trester, in which the latter was accused of the larceny of a few timbers, and which was dismissed from the justice court. Trester now brings suit against Moffitt for malicious prosecution. A fourth civil case was dismissed from the court on motion of the plaintiff.

"Corn-Less Day" for Feet, Every Day

Use "Gets-It," the Great Corn Discovery! Makes Corns Peel Right Off!

Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel! And the man is smiling when he's doing it. All done painlessly, joyfully. The moment "Gets-It" touches a corn or callus growth is doomed. It takes but two seconds to apply "Gets-It." The corn-pain is eased at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no farther excuse for suffering from corns and corn-pains. "Gets-It" is the guaranteed money back-corn remover, the only sure way, costs but a trifle at any drug store, W'd. by E. RED CROSS BULLETIN

From Red Cross headquarters in the U. S. Bank building the following were shipped yesterday: 1350 abdominal bandages, 1120 triangular bandages, 90 suits of pajamas.

Red Cross Wants. A call for 1300 dish towels.—Use sugar sacks of 100 pounds size or flour sacks 50-lb. size or larger. Be sure and hem the edges and darn the small holes and wash clean.

A call for 300 dish cloths.—Use sugar or salt sacks from 10 pounds to 50 pounds. Not necessary to finish the edges. Wash clean. The above calls are urgent and should be turned in to Red Cross headquarters, U. S. Bank building, by June 12 to 14, sure.

Donald Red Cross News. Mrs. Benjamin Quinn of Donald called at Red Cross headquarters and reported good work at Donald. They furnish their own finances by holding entertainments. Mrs. Quinn reports that Donald residents are enthusiastic workers for the Red Cross. Just now they are making pajamas.

The Prospect auxiliary is now being formed. The town will have a good strong branch.

Central Howell Prairie auxiliary of the Red Cross was formed last night at the Howell Prairie school house.

The home service section report for May shows 166 families were visited during the month; service was rendered to forty-two families and helpful information given to 124 families. Financial assistance during May amounted to \$85.20.

Silverton Red Cross workers are reported to be doing excellent work. Marion Circle auxiliary of the Silverton branch of the Red Cross is now being formed. Ten members are enough to form an auxiliary.

No more comfort pillows or quilts needed. If any auxiliary has any of the above items, sell the quilts and use the cash in your own auxiliary.

BONUS PAY FOR TELEGRAPHERS

Local Western Union Appraised of Specials Distributed on October 1

The local office of the Western Union Telegraph company has received from Newcomb Carlton, president of the company, announcement of a distribution of extra special payment which will be made October 1. The distribution will be in addition to the two special payments of July 1, 1917, and January 1, 1918.

The payment is to be made to all regular employes, except the president, who shall have served the company continuously from April 1, 1918. The schedule will be as follows: All messengers at independent office, flat sum of \$6.25 each employes receiving less than \$1200 a year, at the rate of 4 per cent of semi-annual wages; employes receiving from \$1200 to \$1999.99 a year, both inclusive, at the rate of 3 per cent of semi-annual wage with a minimum of \$25; employes receiving \$2000 a year and so more, at the rate of 2 1/2 per cent of semi-annual wage with a minimum of \$25.00. Special payment will not affect the increasing of salaries which will be determined on individual merit.

SENATORS AGREE ON NAVY PLANS

Complete Confidence in U-Boat Protective Measures Expressed by Both Sides

WASHINGTON, June 6.—Complete confidence in the measures taken by the navy to deal with submarine raiders was expressed in the senate today by spokesmen on both sides of the chamber. Senator Lewis of Illinois, Democratic whip, and Senator Lodge of Massachusetts, Republican, joined in declaring that the navy was on the alert and ready for the enemy.

These expressions came in the midst of a sharp debate precipitated by the reading of Senator Brandegee of Connecticut, of a newspaper editorial criticizing the navy department for not warning shipping of the presence of the submarines.

Commenting on this, Senators Lewis and Lodge agreed there was no complaint against the navy, although they had very different theories as to what possibly drew the submarines to American shores. Senator Lewis said the attack was invited by false statements in congress and elsewhere regarding the nation's unpreparedness; while the Massachusetts senator suggested "that loose brags and boasts" about the number of American troops transported overseas had contributed to the appearance of the raiders.

Wants Another Appropriation. While this discussion was in progress Secretary Baker sent to congress a request for a \$16,000,000 appropriation for 16 new balloons and airplane stations along the Atlantic and Gulf coasts, to supplement the army's preparations for its part in
