LOYAL USE IS MADE OF WASTE

Thrift Campaign in Oregon Opens June 28—Price Schedule Given

Three-fold is the purpose of the Oregon thrift campaign, announced by the Patriotic Conservation league, beginning June 28, in the mustering of waste materials from every home and hamlet in the state, with school children as a ready volunteer for the promotion of the enterprise, says information reaching Salem.

The Patriotic Conservation league, at its headquarters in Portland, will receive shipments of waste materials from every community, paying therefor at the highest market rate, in baby bonds of the war savings stamp issue. The purpose of the league is to further the distribution of war savings stamps, to provide a fund for the welfare of Oregon boys summoned to service, and to conserve war materials for America.

In each community the supervision of the work will be in charge of the war savings stamp representative, and it is proposed to ship the collected materials in carload consignments to the league at Portland. Individual shipments may be made, however. In any case the name of the sender, with complete address, should appear on every package, in order that proper payment may be made.

Articles Paid For
The materials that Oregon school children and citizens are urged to collect, with the prices per pound that will be paid therefor, are as follows:

Copper wire, free of hair wire, 21 cents; light copper and bottom, 18 cents; heavy red brass, 20 cents; heavy brass, 14 cents; light and medium brass, 10 cents; soft lead, 6 1/2 cents; tin and hard lead, 5 1/2 cents; zinc 4 cents; battery lead, 3 cents; battery zinc, 2 1/2 cents; No. 1 pewter, 40 cents; aluminum, 20 cents; tin foil, 45 cents; block tin pipe, 55 cents; No. 1 rubber, boots and shoes, 6 1/2 cents; No. 2 rubber, boots and shoes, 5 cents; No. 1 auto tires, 3 1/2 cents; No. 2 auto tires, 2 cents; No. 1 inner tubes, 16 cents; No. 2 inner tubes, 7 1/2 cents; bicycle tires, 2 1/2 cents; solid tires, 3 1/2 cents; black scrap rubber, 1 cent; garden hose, 40 cents; fire hose, 50 cents; mixed rags, 2 1/2 to 3 cents; paper, per ton \$8.

Twenty-five per cent of the value of waste, received by the Patriotic Conservation league will be retained as a commission to establish a fund for the entertainment of Oregon soldiers and men of the selective draft who are leaving for the training camps and the front. It is estimated that from \$3000 to \$5000 will be needed for this purpose, and every young patriot who sends in a pound of metal or rubber, will know that he has borne his share in the farewell tendered to Oregon men who are to serve in France. Should a surplus exist it will be devoted to the Reed college fund for the reconstruction work for wounded soldiers.

Boys and girls in Oregon, as well as their seniors, is urged to begin at once the collection of valuable waste materials, and to attend to their shipment to the league after the date of June 28. In all cases the prices are F. O. B. Portland, and represent the best price obtainable. Shipments should be sent by freight where possible, owing to the prohibitive cost of express shipments for material of this character, and should be plainly addressed to the Patriotic Conservation League, Portland, Oregon.

Dallas School District Asks Special Tax Levy

DALLAS, June 7.—(Special to The Statesman.)—Notice has been posted to the legal voters of school district No. 2 in which the city of Dallas is located that at the annual school election to be held in the high school building on the afternoon of Monday June 17, besides the election

of two directors to serve for three years the proposition of voting a special district tax will be placed on the ballot. The total amount of money needed by the district during the fiscal year beginning with June 20 and ending on June 30, 1918 is estimated to be something like \$32,000. The total estimated receipts, not including the money to be received from the tax which it is proposed to vote is \$21,500, which leaves the amount to be raised by the special tax levy \$10,500. This amount is considerably less than the amount voted by the taxpayers of the district for the schools last year.
