### Clear Lake

CLEAR LAKE... Danielson, Notario  
A report of work of the Clear Lake Red Cross auxiliary for the year from January 5, 1917 to May 23, 1918, shows the following articles have been completed: Fifty-six pairs bed socks, 313 triangular bandages, 42 pair operating leggings, 66 abdominal bandages, 214 handkerchiefs, 6 hot water bag covers, 45 pajama suits, 6 knitted wash cloths, 1 knitted outfit.  
The sum of \$151 was turned into headquarters for cash membership fees, \$10 was realized from an ice cream social. Clear Lake league donated \$5 and \$100 was realized from a Red Cross entertainment.  
During the year fifty-four and one-half yards of muslin and five skeins of yarn, besides buttons and thread have been donated by members of the auxiliary. Much credit is given the officers for the successful year and the auxiliary has retained them for the ensuing year. They are: President, Mrs. A. M. Anderson; secretary, Miss Z. Painter; treasurer, Mrs. Charlie Beckner; cutter, Mrs. Nolan.

### ORDER OF TEA.

LONDON, April 26.—Tea is not a food within the meaning of the British food controller's order against hoarding, according to a decision handed down by the King's bench division of the high court of justice.  
The case under review was that of a woman who had been fined \$250 for accumulating 122 pounds of England's favorite beverage. The controller's anti-hoarding order reads: "For the purpose of this order the expression 'article of food' shall include every article which is used for food by man, or which ordinarily enters into the composition or preparation of human food."  
The court said: "Unless tea could be got within the word 'food' it could not come within the prohibition. The applicant acquired dry tea leaves. Nobody eats tea leaves. So that what she ate was something different from what she bought. If she had acquired a drink there would have been no prosecution. It would be straining the order to say that the word 'food' includes tea leaves."

### LOCAL PLANTS GOING STRONG

#### Salem Kings Has Time for Some Other Things Than Government Orders

Salem's industrial plants have all been up to normal during the past week, with prospects for greatly increased activity next week. The Salem Kings dehydrating plant has shipped out two cars of product during the week. Some small consignments of spinach have been received, but not enough to interfere with progress on the big government contract, which will probably be completed within the next thirty days. The company is not placing any further contracts for potatoes, having enough on hand to finish up the contract for 600 tons of the finished product.  
Both the Hunt Bros. cannery and the Oregon Packing company plant have been using limited forces on gooseberries during the past week, the latter plant using about seven tons of fruit a day.  
Both plants made a start on the canning of strawberries yesterday, which are coming very slowly thus far. Next week it is expected that the consignments will be coming in fast enough to employ a full force of workers and all the equipment. Cards have been mailed out to all those who have registered requesting them to report Tuesday for work. Probably there will be employment for every unattached woman and girl in the city next week, with the plants in full operation in addition to the Lojn and Phez bottling works.

SALEM---ONE DAY ONLY---THURSDAY, JUNE 13

Third base seems to be the weak spot in the White Sox infield, and Manager Rowland is having considerable trouble in finding a capable guardian of the hot corner.  
The Cubs have given evidence that they are much stronger than factum predicted. More than one fan figured that the Mitchell crew would blow the minute Alexander left the team.  
In the first Red Sox-White Sox series of the season IPitcher Joe Bush of the Barrow outfit downed the White Sox twice. Joe not only held the champions safe all the way, but in each game he made the clinching hit.
