"See 'Gets-It' Peel Off This Corn."

Leaves the Toe As Smooth As the Palm of Your Hand.

The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your

It's Wonderful to See "Gets-It" Peel off Corns!

finger and there you are—pain-free and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It always works. "Gets-It" makes cutting and digging at a corn and tussling with bandages, salves or anything else entirely unnecessary. "Gets-It," the guaranteed, money-back corn-remover, the only sure way costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Sold in Salem and recommended as the world's best corn remedy by J. C. Perry and D. J. Fry.

all day Saturday, Bargain day. E. L. Stiff & Son.

Irrigation for 1918—

For the purpose of trying to make the irrigation service more satisfactory the city will be divided into two districts so that each district will get the full service of the plant upon the day it irrigates.

The plan is to have the houses which bear even numbers on the streets irrigate only on Monday, Wednesday, Friday and Sunday, and the houses which bear odd numbers on the streets irrigate only on Tuesday, Thursday, Saturday and Sunday. This plan will permit every house to irrigate four days out of each week.

The purpose of the Water Company in furnishing water for irrigation is not to furnish all the water a person can run through the hose in the six irrigation hours every day, but to furnish enough water to keep the lawn in condition. To use more than enough is a waste. We will pump the usual amount of water and hope to furnish it more satisfactorily. —Salem Water Light & Power Co.

Statutory Case Postponed—

The case of state against Delbert Riggs has been postponed until the September term of court on account of the inability of defendant to secure certain witnesses at this time. There were no other cases coming before the court yesterday, the regular routine being taken up this afternoon. It is now thought that the term will carry over into next week.

Musical Editor in City—

David S. Craig of Seattle, has been here in the interests of a monthly publication devoted to the interests of music teachers and musicians generally. It carries the title "Music and Musicians," and contains many notes, reviews and technical articles. Considerable space is devoted to the work of Salem directors and singers. In addition to editing and publishing this periodical, Mr. Craig issues a musical year book that covers the states of Oregon and Washington.

Eleven-Piece Pyrex Coking Set—

Free with each Universal range sold this week. E. L. Stiff & Son.

Holes in Bridge—

Some complaint has been made about the South Commercial street bridge which is badly worn in places with cracks big enough to endanger horses or passing vehicles. However the city has made arrangements to replank the bridge and the work is to begin in a short time.

Trade in Your Old Stove—

And old furniture on a new Universal range. E. L. Stiff & Son.

Envelopes Cause Trouble—

Attention is called to the mailing of envelopes of standard sizes by the postoffice department, who request that people be careful and not send those unusually large or small ones. Often they are badly torn before they reach their destination because of not fitting the cancelling machine. Extra work of stamping them by hand is necessary. Trouble has also been caused by extra dark paper being used and this covered with advertising to the extent that it is almost impossible to distinguish the address.

Galloway to Eugene—

Charles V. Galloway, state tax commissioner, will go to Eugene today where he will deliver the Flag day oration at a program given by Eugene Elks tonight. Mr. Galloway is one of the leading speakers in the state and is in demand for occasions of this nature.

Licenses Issued—

Marriage licenses were issued yesterday to John C. Stahlman of Detroit, Or., and Bertha M. Schram of Woodburn; to Michael A. Galloway and Mable Wasson, both of this city. The latter couple were married yesterday afternoon at the office of City Recorder Race.

MARCH TO GIVE WEEKLY REVIEWS

General Will Talk on War to Newspaper Correspondents Each Saturday.

WASHINGTON, June 13.—Weekly reviews of what is transpiring on the battle fields of Europe will be given the American public hereafter by the war department through the newspaper correspondents in Washington. Secretary Baker announced today that he believed it essential that the public have a better understanding of events at the front and had asked General March, chief of staff, to arrange for the review.

Instead of issuing a statement prepared by general staff officials, General March will see the newspaper men personally every Saturday and talk over with them the battle situation and the part the United States is playing in the great contest. In this way a resume of the events reported by General Pershing and something of their significance will be given in an authoritative manner, General March being peculiarly well equipped for the work by reason of his months of experience at the front as chief of artillery under General Pershing.

Since he took up the duties of chief of staff, General March has been a close student of every operation at the front. Near his office a special map room for his use has been established with all of the battle fronts laid out in varying scale. Officers are especially assigned to keep these maps up from hour to hour when a battle is in progress and the chief

A DEAD STOMACH

OF WHAT USE IS IT?

Thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-o-na stomach tablets are sold by druggists everywhere and by Daniel J. Fry, who guarantees them.

of staff can satisfy himself as to exactly what is going on at any moment.

OVERWORKED MAN

Couldn't Get Man to Fill His Place, Had to Keep On. How He Did It. Saratoga, Cal.—"I am an engineer and overworked so I could not sleep, was tired all the time. I could not get a man to fill my place so I had to keep on working. My druggist asked me to try Vinol and it built me up and strengthened me so I feel fine and sleep all right."—Isaac W. Bradford.

There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the greatest body building and strength creating tonics.

We strongly recommend Vinol. Emil A. Schaefer and Druggists everywhere.

Families Roost in Trees to Escape Montana Flood

BILLINGS, Mont., June 13.—There is little change in the flood situation here. The hot weather continues and the river is remaining stationary to a trifle higher. Three families who sought shelter in trees to avoid the flood were rescued tonight.

The Northern Pacific got its line open from the west tonight. The Burlington's Casper-Denver line is tied up by a wreck near Silesia.
