BIG QUOTA YET TO BE RAISED

Preparation Being Made for War Stamp Rally at Armory June 23.

Among all the mass meetings and conferences that have been held this year in behalf of war activities, none has been of more vital interest to the masses than the meeting to be held Sunday afternoon, June 23, at the armory. This is the gathering that is expected to give impetus to the war savings stamp campaign opening on Monday, June 24. The raising of Marion county's quota of \$800,000 will mean the subscribing of \$20 worth of stamps by every man, woman and child. President A. L. Mills of the First National bank of Portland, will be the principal speaker.

All speakers here, and will, urge that the purchase of stamps is a patriotic duty, but that along with this it should be remembered that they are in several ways the best investment yet offered by the government. The quarterly compounding of interest gives them the rate of over 4 1/2 per cent, and besides that they may at any time be turned in at the postoffice at their face value at the time of sale. This provides immediate relief for any who find themselves pressed for funds.

To make the investment more attractive to the person of small means, the subscriptions may be paid in small installments extending over a period of six months.

The city of Salem, on the above per capita ratio, will have to raise a total of \$320,000, but as about \$70,000 of this amount has already been subscribed, the city has approximately \$250,000 to take up.

Among other towns of the county, Gervais holds the honor record of

Helpful Hints on Banking Trust Accounts

THESE may be opened for heirs to an estate, minors and other persons—in the name of another party, but the funds are subject to withdrawal only by the party in whose name the account stands. In the event of his death or the lapse of a certain specified period of time, these funds pass directly into the hands of the beneficiaries.
