Soldier Is Promoted—Mr. and Mrs. Charles H. Jones, 604 South Church street, have received word of the promotion of their son, Allan Jones. The soldier has been transferred from the headquarters company and is a corporal in the supply company, 162d infantry, of the officers' force.

Irrigation for 1918—For the purpose of trying to make the irrigation service more satisfactory the city will be divided into two districts so that each district will get the full service of the plant upon the day it irrigates.

The plan is to have the houses which bear even numbers on the streets irrigate only on Monday, Wednesday, Friday and Sunday, and the houses which bear odd numbers on the streets irrigate only on Tuesday, Thursday, Saturday and Sunday. This plan will permit every house to irrigate four days out of each week. The purpose of the Water Company in furnishing water for irrigation is not to furnish all the water a person can run through the hose in the six irrigation hours every day, but to furnish enough water to keep the lawn in condition. To use more than enough is a waste. We will pump the usual amount of water and hope to furnish it more satisfactorily. —Salem Water Light & Power Co.

Loaded Auto Overturned—An auto driven by Mrs. M. L. Barber and containing Mr. and Mrs. Will Barker, Mrs. Edith Claxton and Miss Gladys Barker, met with a serious mishap on East Court street Sunday. In turning off from Court street to one of the side streets the wheels caught the corner of a curb and the car was completely thrown over with such violence that the occupants were all more or less injured. Mrs. Barber had several ribs fractured and suffered several cuts and bruises about the face. Other members of the party sustained painful injuries but escaped without broken bones.

More Mechanics for Service—The local war board has just received from the provost marshal a telegram announcing call No. 747, which requires that Oregon shall furnish a total of 144 grammar school students who have had some training and experience along mechanical lines, to report to the commanding officer of the California school of mechanical arts on July 1. The young men are to be given special training in that institution at government's expense to fit them for various branches of mechanical work, blacksmithing, gas engine work, carpenters, plumbers, etc. They will be assigned to those lines of training most needed by men at the front and behind the lines. Young men are requested to present themselves before the boards for enlistment, the period of volunteering closing June 21. The number to be furnished by the local board is six.

Marriage Licenses Issued—At the clerk's office yesterday marriage licenses were issued to the following: John W. Stoner and Ida Ethel Baldwin, both of Stayton; Joseph M. Harrison of Brownsville and Julia M. Chase of Salem, Henry L. Torvend and Alma Henderson, both of Silverton.

Sues County for Damage—Among other cases appearing upon the records of the county is a damage suit against the county in the sum of \$2000. The complaint which is filed by J. I. Coates, administratrix of the estate of F. L. Coates, alleges that the deceased was driving an auto along a certain highway in the vicinity of Stayton when he came upon a sunken bridge over a ravine, ten feet deep. The approach to the bridge was alleged to be defective and the machine on striking the bridge was thrown from the track into the ravine, causing injuries that resulted in the death of the driver.

At the Court House—Complaint filed by Mabel Pillard against Fred Pillard, suit for divorce. Couple was married in 1914, and have no children. Plaintiff charges desertion. Commitment of Alfred Prideaux of Portland to state hospital for insanity. Order issued appointing Alfred O'Brien, Lefe Hill and Elmo S. White appraisers of the estate of Miss Angie Kaiser, deceased. BAND CONCERT GIVEN TONIGHT

Programs Will Take Place Twice Weekly Until Contract Is Filled.

C. A. STEELHAMMER.
The general public, and especially the music element of Salem, will be gratified that the summer series of band concerts in Willson Park will begin tonight, with a popular, varied program. In the enjoyment of the music, the people should appreciate the difficulty of maintaining the personnel of a band in these days when young men are being pulled away from the community in groups. Notwithstanding the fact that the band has lost eleven good players during the last year, it has been recruited to twenty-two members, including several who have seen long service behind the valves. Possibly the local band will be the more appreciated when it is known that it is the only fully organized band between Portland and Eugene. As the season is somewhat advanced, the band will give two concerts a week, on Tuesday and Friday nights, until it has fulfilled the contract with the city. These will be made up of selections that will appeal to the popular taste, with an occasional touch of the classics. Oscar Steelhammer is a conscientious leader and will endeavor to get the utmost of quality from the instrumentation at hand. In order to cater more closely to the majority ideals, an opportunity will occasionally be given for the public to make its program by requesting favorite selections. The popularity of the concerts should go out for beyond the confines of Salem. The program selected for tonight is as follows: Star Spangled Banner, Star, Robinson's Grand Entree, Sereenade, "La Zarinne", L. Ganne Vocal solo, "On the Road to Home Sweet Home", Van Alstyne, Miss Pauline Liska, Patriotic patrol, "Spirit of America", Zamecnik Selection, "Chimes of Normandy", L. P. Laurendeau March, "Caesar's Triumphal", Mitchell America. The personnel of the band is as follows: Piccolo: Miller Bevier. Clarinets: Carl Poppa, Earl Anderson, Ernest Derwent, H. S. Swart and K. Desart. Cornets: Charles Pabst, Herman Koehring, Charles Kurth, N. G. Freeman and Elmer McKinney, N. G. Freeman. Trombones: O. A. Steelhammer and Ludwig Mickelson. Baritone: Ivan G. Martin and Claire Gray. Bass: Ricard Ryley and J. F. Steelhammer. Drums: W. H. Mills and David Talmadge. Director: O. A. Steelhammer. Manager: John Graber.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt and dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulisified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

LESLIE CHURCH

(Continued from page one)
going their usual day of rest and engage in the most important work of the time—helping conserve food for their boys at the front, the allies and the starving people of Europe. It is expected that 30 or more will go. The following letter has been sent members of the class by Mr. Bohmstedt:

"When a church catches fire, the man who grabs a hose and applies water to the fire is of more practical use as a Christian than the man who stays behind to finish his devotions, or the man who prays that the fire will be put out. We have been talking about practical Christian service for nearly a year. The opportunity has come for us to show that it has been of some practical use. I am sure there isn't a Live Wire who will fail to respond to the call, if it is within his or her power to do the thing which is asked.

"This morning Mr. Kimball needed 60 cherry pickers to commence picking his 35 acres of cherries. One picker was on hand and no more in sight. Seventy-five per cent of Salem's fruit is wanted by Uncle Sam for his boys in training and at the front. Our Live Wire boys and the boys of Leslie church who are in the service are among those boys. Will we let the fruit go to waste when we can save it? I was sure you would say no, most emphatically no, and I told Mr. Kimball so. Then made a hurry-up call for some of our officers and members, and they backed me up, so we are committed to the job—your job and my job. I am sure you will not fail me here in the plan:

"All who can will meet at the Live Wire room at the church promptly at one o'clock Saturday. Ask your employer to let you off. He will. Antos will be there to take you to the orchards. Go in working togs— bloomers, overalls, etc. Those who cannot go at one may go at three o'clock, five o'clock or seven p. m. Most all will want to stay all night so as to enjoy the camp fire and be ready for work early Sunday morning. Yes—we are going to work Sunday—all day. Those who cannot go before Sunday morning should be at the church not later than seven o'clock. I have committed the class to this for next Saturday and Sunday, and for the two following Saturdays and Sundays. Remember this—people are starving for lack of food. The life of more than one person may depend upon the loyalty of your response to this work and the Live Wires go into this for service to God's people, and for service only. "Take bedding but no provisions. These will be provided. Invite a friend to join us if they are willing to work. Otherwise invite them to stay away. The Live Wires always have a good time, and this will be no exception—it will be the time of your life if you work well, but we do not want any drones. Phone Miss Sue Williams at 557 or 555J the hour you can go. We must know in order to prepare conveynances and food.
