MARRIED

BEUTLER-LARDON—At the home of Mr. and Mrs. L. P. Lardon of Howell Prairie, Sunday, June 16, 1918, at noon, Miss Huda A. Lardon and Otto Beutler, with Rev. S. P. Baumhart performing the ring ceremony.

The bridal couple left on a honeymoon to Portland and Puget Sound points. They will later live on their farm at Pratum.

Notice to Stockholders—Of the O. E. Country Club. It is important that all stockholders of the O. E. Country Club attend the meeting Wednesday evening, or if unable to attend, deliver their proxy in person to the secretary before the meeting. Give this matter your immediate attention. It is important. —W. H. Burghardt, Jr., secretary.

Irrigation for 1918—For the purpose of trying to make the irrigation service more satisfactory the city will be divided into two districts so that each district will get the full service of the plant upon the day it irrigates.

The plan is to have the houses which bear even numbers on the streets irrigate only on Monday, Wednesday, Friday and Sunday, and the houses which bear odd numbers on the streets irrigate only on Tuesday, Thursday, Saturday and Sunday. This plan will permit every house to irrigate four days out of each week.

The purpose of the Water Company in furnishing water for irrigation is not to furnish all the water a person can run through the hose in the six irrigation hours every day, but to furnish enough water to keep the lawn in condition. To use more than enough is a waste. We will pump the usual amount of water and hope to furnish it more satisfactorily. —Salem Water Light & Power Co.

Peace of Mind at Least—Sergeant Paul Hendricks, son of the publisher of the Salem Statesman, writing to his uncle, D. B. Snyder here, from France, where he is in service, says that, though he would like to be back home if things were quieted down, he must not be understood as ready to quit. "There's no peace of mind sitting comfortably in the front parlor and knowing that some blankety-blank is murdering your friends and relatives in the back yard and that, when he has them safely stored away, he'll come back and work over. It is much better to leave all and 'get' the aforementioned person and we are going to have him in a tight box before many moons."—Pendleton Tribune.

Will Pick Fruit—Mrs. George Vick will have charge of a party of children who will pick fruit in orchards near Salem in the next several weeks. She is able to accommodate three or four children more in the party and hopes to have them enlisted in a few days.

Motor From Walla Walla—Mr. and Mrs. Charles Fishman of Walla Walla are motorists in the Willamette valley and passed through Salem yesterday. While here they were visitors at the state capitol building and went through the building. They will go as far south as Riddle, Douglas county.

Two Go As Seamen—George Hanson of Oregon City, who has been employed here, and Ernest F. Powell of Jefferson left yesterday to join the navy as seamen of the second class.

Professors To Make Trips—Professor Florian Von Eschen will go to Tillamook and other nearby points on a speaking tour in the interests of Willamette university, the latter part of the week. Professor James T. Matthews is also slated to get in touch with high school graduates in Portland with the idea of advertising the local college. He will occupy the pulpit of the Centenary Methodist church in the city on Sunday morning.

Plenty of Bites—No Fish—E. Cooke Patton returned yesterday from a trip to Mt. St. Helens in company with a group of Portland friends. The journey was made entirely by auto, and included in its schedule several cases of miring down in the Washington roads, for which no bottom has been provided. The party spent several days camping in the heavy timber and endeavoring to lure trout from the streams. Each member of the group got the limit in bites but no trout. The mosquitoes of that section are found to be in good health and very scorable.

Eastern Oregon Very Dry—C. B. McConnell, at the head of the Harney County Improvement company, has been in the city for several days on business connected with an irrigation project on the Silvers river, some thirty miles from Burns. He states that this project, which contemplates the irrigation of about 100,000 acres of land, has been held up during the past four years by litigation, and at the present time is in worse shape than ever. He reports conditions in that country very serious, as it is not only burning up with drought, but there is a plague of grasshoppers which threaten the limited crops. He leaves today on his return to Burns.

Plaintiff Wins Verdict—A verdict of the jury yesterday in the case of Mary E. France against Robert E. France was in favor of the plaintiff. France was plaintiff in a former suit for divorce and in settlement of the affairs of the couple he was required by the court to pay his part of a joint obligation of \$900. Mrs. France alleged that he refused to pay his part and that a judgment was brought against her for a total of \$445. She sued France for that amount and was allowed the sum in the jury's verdict yesterday.

Hill to Washington—Dr. John O. Hill, who has held the chair of social science at Willamette university, has resigned his position and will go to Washington, D. C., where he will take a position with the government.

Life Is Short! See Hutch

Pero Funeral Today—The funeral of the late Edward A. Pero will be held this morning at 10 o'clock from the Rigdon chapel. Burial will be in Lee Mission cemetery.

Body Sent to Canada—Accompanied by the widow, the body of the late Robert Lee Brooks, who died June 14, at the home of his sister-in-law, Mrs. A. Tittle, 640 Marion street, has been taken to Carstairs, Alta, Canada for burial.

Ovall To Camp Lewis—Andrew Victor Ovall, son of Rev. John Ovall, 275 North Twentieth street, left yesterday for Camp Lewis, having been inducted by the local draft board. For several months Mr. Ovall has been employed at the State House.

At the Court House—Summons filed in the case of J. I. Coates against Marion county, suit for damages. Complaint filed in the case of W. T. Rawleigh company against W. H. Verrier and T. W. Lush, suit for money. Complaint in the case of Coolidge & McClaine against J. E. Smith, suit for money. Order issued admitting will of Ferdinand Mantle to probate and appointing John Heyster administrator. First naturalizations papers issued to Frank W. Bath, of Salem, a Swedish subject.

Few German Women Register—Following is the list of the German alien women who have thus far registered under the federal regulations: Mrs. Millie Mattap, Mrs. Mary Lapechies, Ida Boettshen, Mary Zeilke, Louise Abraham, Marie Resch, Emma Bahberg, Annie Domogalla, Mary A. Weisenberger.

Liberty Bonds at Large—J. R. Hall, residing near this city, is mourning the loss of a pocketbook containing two \$100 liberty bonds, a couple of \$20 bills and some smaller currency.

Chiropractic Has Made Good

Although Chiropractic is a comparatively new science—having been practiced but little over ten years, it has demonstrated its worth.

Thousands of doctors of chiropractic now practicing throughout the United States is indisputable evidence of the fact that chiropractic is winning its deserved recognition.

Highway Commission Has Postponed Trip South

Members of the state highway commission and State Engineer Herbert Nunn, who were to leave Portland by automobile yesterday for a tour of the Pacific highway and tributary roads as far south as the California line, telephoned the Salem office that the trip had been postponed indefinitely. The reason given is uncertainty of action the government may take on the remain \$810,000 bonds, which, under the \$6,000,000 bonding act, are available this year. The commission wishes to be in position when the trip is made to inform county courts exactly what can be done in road construction. A short trip will be made by the commission along the Columbia river highway.

Supplies Sent to Committees—Yesterday several hundred pounds of W. S. S. supplies were sent out from the assessor's office to the chairmen of committees who are to have charge of the war savings campaign in the various districts of the county. At the same time Chairman W. M. Smith mailed out a letter giving detailed information as to the conduct of the campaign, which will begin on Monday, June 24.

HUTCHASON'S INSURANCE STORY

Tenth Installment

I met a young lawyer not long ago who was the perfect picture of a happy contented man. He simply radiated happiness. It is my business to know the other fellows business in so far as it affects my business. I learned that this young lawyer had accumulated two good paying wheat ranches; owned his home in town; drove his car and enjoyed a lucrative law practice. He always looked on the bright side and practiced and preached happiness. When I asked him about his life insurance he told me that he carried \$10,000 with an old line company and that he would consider as much more. The increase in the cost of living, in his mind made it incumbent upon him to double his life insurance.

This young man could afford to be happy. He was making a success in life, but was taking the right method of protecting his income. He realized that when his work was ended on earth that his estate might not be so great and by carrying life insurance—his family could go on living as they had been accustomed. Better follow his example.
