**Pumps Are Working Hard**—The temperature and the winds of the past few days have compelled the use of an immense amount of water in the city, and still there is evidence of thirst on many a lawn. The management at the water office states that the company is compelled to run the pumps almost to capacity in order to keep up with the demand although the city is under restriction in the matter of irrigation. With auxiliaries in operation, the company could furnish a maximum of 6,000,000 gallons a day. It has been demonstrated that under the present system of division through the city, irrigation can be done with a comparatively small amount of water.

**Twenty-eight Women Register**—At the close of registration last night at the city hall a total of twenty-eight alien German women had placed their names on file. It is believed that this does not include all the women in this district subject to registration, but it is not made plain in the regulations as to whether further registrations as to whether the penalty for failure to register is either internment or deportation. The list of names, enrolled is as follows: Louisa Abraham, Alma Bahlberg, Augusta Bellers, Amelia Burger, Agnes Colneburg, Anna Domogalla, Elsie Donaldson, Anna Flubacher, Olga Gersy, Julia Gatzke, Louisa Heidecker, Susie Hanson, Meta Kolb, Dorothy Lapches, Elizabeth Lalack, Marie Resch, Herminia Rautaburg, Louisa Sproed, Olive Schmass, Betty Schmidt, Mary Timms, May Wiesenberg, Augusta Wirth, Augusta Wirth, Jr., Mrs. Barbara Woelpl, Marie Ziekle.

**Irrigation for 1918**—For the purpose of trying to make the irrigation service more satisfactory the city will be divided into two districts so that each district will get the full service of the plant upon the day it irrigates.

The plan is to have the houses which bear even numbers on the streets irrigate only on Monday, Wednesday, Friday and Sunday, and the houses which bear odd numbers on the streets irrigate only on Tuesday, Thursday, Saturday and Sunday. This plan will permit every house to irrigate four days out of each week. The purpose of the Water Company in furnishing water for irrigation is not to furnish all the water a person can run through the hose in the six irrigation hours every day, but to furnish enough water to keep the lawn in condition. To use more than enough is a waste. We will pump the usual amount of water and hope to furnish it more satisfactorily. —Salem Water Light & Power Co.

**Certificates of Nomination Mailed to Lucky Candidates**

Secretary of State Olcott yesterday mailed certificates of nomination to the Republican and Democratic nominees who were successful in the primary elections of May 17 for the several state and district offices. The certificates were prepared following the official canvass of votes June 15 and were mailed to Governor Withycombe at La Grande for his signature.

Included with the certificates are blanks for convenience of the nominees in filing their acceptances of nomination. Acceptances under the law shall be filed with the secretary of state not before July 29 and not later than September 10, the law providing that they shall be filed not more than 100 and not less than 55 days before the general election which will be held November 5 this year.

**Street Car Company Must Remedy Interurban Service**

By an order of the public service commission, issued yesterday, the Portland & Oregon City Railway company is required to conform to its published schedule for arrival and departure of trains between Portland and Carver and to remedy "irregular, inadequate and unreasonable" service provided its patrons. Complaint was made by citizens of Milwaukie and Clackamas. It was alleged that little or no provision was made for the convenience or comfort of passengers at stops along the line and that the company allows a dangerous practice of filling the fuel tanks of the gasoline engine, used as motive power for passenger traffic, while passengers are on the car. This is ordered stopped by the commission. Another order of the commission allows the Portland & Oregon City Railway company to construct one overhead and four grade crossings in Clackamas county. The plans have been investigated by representatives of Director General McAdoo and approved by the regional director.

## FRIENDLY SUIT IS INSTITUTED

**State Treasurer Kay is Asked to Show Cause Why Stock is Not Issued.**

State Treasurer Thomas B. Kay has been made defendant in a friendly suit filed by beneficiaries of the will of the late Thomas Johnson to determine whether or not the jurisdiction in a previous suit contesting the will of Mr. Johnson and which involved in litigation 80 shares of stock in the Thomas Kay Woolen mills of Salem. The shares are valued at from \$10,000 to \$12,000.

Johnson was a resident of St. Louis, Mo. At his death he left a will appointing as executor Squire Farrar of Salem, his brother-in-law and close friend, and naming as his sister, Mrs. Eliza Dakin of Massachusetts and two sisters-in-law, Mrs. Squire Farrar and Mrs. Sarah Forstner, now living in Portland, as beneficiaries of the will.

Mr. Farrar, who is now dead, administered the property according to the will. Mrs. Isabella Fortado of St. Louis, an adopted daughter of Johnson, instituted proceedings contesting the will, alleging that Johnson, who was about 90 years old at his death, was not responsible when the will was made and that previously he had made other wills. The suit was brought in federal court at Portland, but that court disclaimed jurisdiction. The case was then taken up in the circuit court for Marion county where the plaintiffs failed to appear and judgment was given the beneficiaries of the will by default. Mr. Kay was ordered by the court to issue the stock in accordance with the terms of the will. But the certificates were held by Mrs. Fortado in St. Louis and she refused to surrender them. She made the claim also that they had been issued to other persons and informed Mr. Kay that if he issued other certificates of stock he would do so at his peril. For the reason that the certificates were held in St. Louis and not in Oregon, Mr. Kay's attorneys advised him to refuse to issue the stock as ordered by the court on the grounds that the Oregon court was without jurisdiction. Mr. Kay took this position. L. K. Adams, Portland attorney representing the beneficiaries, was here a few days ago and Mr. Kay suggested that he bring proceedings in some manner to determine the question of jurisdiction. The action now filed against Mr. Kay is a contempt charge and Mr. Kay is cited to appear July 5 and show cause why he should not issue the stock according to the Johnson will.

## Canteen Stories Will Be Told by Miss Stuart

Thilling stories of her experiences as a canteen worker in the war zone of France will be told by Miss Helen Stuart, public librarian at Victoria, B. C., in an address at the Salem Public library auditorium tonight. In 1916, Miss Stuart secured a leave of absence of one year so that she might go to the front. In a dramatic way she tells of her experiences in a canteen in one of the railroad centers of France where trainload after trainload of soldiers touched as they pass to and from the front line. The remarkable determination of Miss Stuart was shown by her preparation for her trip to France. Not physically strong, she feared she might not be able to stand the voyage and the hardships of the war country. As a preparation she journeyed alone along the entire Pacific coast and after a time became injured to hardship sufficiently to attempt the trip abroad.

## Keys Leaves Soon to Attend Elks' Gathering

Mayor Walter E. Keyes accompanied by Mrs. Keyes, will leave Friday or Saturday night of this week for Atlantic City, N. J., where Mr. Keyes goes as a representative of the Salem Elks to attend the national convention of that order. Mr. and Mrs. Keyes will go by the southern route and return by way of the Canadian Pacific. They expect to be gone about three weeks.

## Price on Prunes Will Be Set at Portland July 2

Prune growers of this district will meet in a few days to elect delegates to represent them at a meeting in Portland July 2 when the growers will name a price on prunes that will meet with general satisfaction. Whether the price will be accepted by the government, apparently is a different matter. The price will apply to the 1918 crop. County Food Administrator Steusloff received a letter from the federal food administration yesterday informing him of the Portland meeting and asking that delegates be named here to attend. A meeting of the local growers will probably be called as soon as Manager Paulus of the Salem Fruit Union returns from Roseburg.

It is evident that Hindenburg did not think the water was so shallow when he took his last dive.

## Boards Will Confer on Draft Reclassification

Complete reports of the reclassification work accomplished by the legal advisory board have been turned over to Sheriff Needham and will be taken up today at a meeting of the local draft board with the appeal agent. Several days will probably be required to go over the recommendations for change of classification before results can be definitely announced.

Practically all of those whose liability to draft will be shifted had not been previously placed in class 1 on account of dependents. Although at present there is a considerable number of names on the advisory board's list, by the time the local board and the appeal board have sifted through them, officials think it unlikely that many changes will be made.
