Each of the petitions is purported to contain not less than 25,000 signatures.

No More Wooden Boxes-

Packages intended for soldiers in the American Expeditionary force in France can no longer be sent in wood or tin packers. The few bundles, which are sent through on special permits, must be placed in corrugated cardboard boxes, heavy paper, sacking ,bagging or cloth wrappers. They are limited to seven pounds weight. New postoffice regulations remind people that a package, if it fails to reach a soldier in this country and is forwarded abroad will require considerable additional handling, besides being subjected to a long sea transit. It should consequently be prepared as though destined for overseas, even though addressed to a camp in the United

GRANT SCHOOL BOY GETS STARS

Third Grade Room at Lincoln Wins First Place in Reading Contest.

Thus far one boy, Willie Silverman of Grant school, is the only youngster in Salem who has won four stars this year under a reading plan established two years ago by the school librarian. Several others have gained three. Miss Button's third grade room at Lincoln school has been awarded first place among all the schools, nineteen children having earned their stars.

The scheme, which worked out successfully during the past school year, is carried out in this manner: For each grade from the third to the sixth inclusive ten books are selected which are considered the best books for that grade. The names of these books are printed on a card and a card is placed in the hands of each child at the beginning of the school year. The plan is for the teacher to check the child's card after he has finished reading each book and when the child has read eight of the ten books he may take his card to the public library and have a star placed upon his library card. The child's name is then placed upon the honor roll. There is a different colored star for each grade and there are many children anxious to secure the

Following is the list of children who have gained their stars this

EXPRESS FIRM TO FIX RATES

Public Service Commission Insists However, that Law Be Followed.

Speaking for public service commission yesterday relative to a request of D. S. Elliott of the American Railway Express company that the Oregon commission accept in its entirety a general rate advance of 10 per cent, on express shipments, Commissioner Fred G. Buchtel declared that the commission does not feel that it can abrogate state laws and that in Oregon the methods of increasing rates should made to conform to state laws Silverton people stopping in town

The American Railway Express company is the new company formed from the recent merger of other companies. Mr. Elliott's telegram to the commission asks if the tariffs could be filed in Oregon on five days notice. In reply the commission says that it will accept for filing on ten days' statutory notice the increased rates on first and second class merchandise in block tariffs. but that Pacific intrastate commodity rates, put in on order of the commission, cannot be advanced without formal hearing and appropriate or-

Like Being Hit By Rattle Snake

Says that every time you cut or pick at a corn you invite lockiaw

You reckless men and women who are pestered with corns and who have at least once a week favited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn. root and all, lifts right out with the

fingers, without one particle of pain. This freezone is a sticky substance which dries the moment it is applied and just loosens the corn without inflaming or even irritating the surrounding tissue or skin. He says a quarter of an ounce will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard or soft corn or callus.

You are positively warned that cutting or picking at a corn is a suicidal habit.

ders of the commission. The commodity rates referred to include materials of the nature of milk, butter. fruits, vegetables, laundry, ice cream and ice.

Seven Fatal Accidents Are Reported for Week

Seven fatal accidents out of a total of 646 accidents were reported to the state industrial accident commission for the week ending June 27. The fatal cases were:

A. Weisenfield, Astoria, shipbuilding; T. J. Baty, Portland, shipbuilding; John F. Casey, Takilma, mining: H. W. Rea. Portland, shipbuilding; J. J. McGuire, Powers, logging; Oscar Cornellus, Brighton. lumbering; Yaney Cooper, Boring. lumbering.

Of the total number of accidents reported 617 were subject to the provisions of the compensation act.

Hundred Tons of Flour Gathered in Polk County

DALLAS, Or., June 28 .- (Succial to The Statesman.) -Polk county has again demonstrated its loyalty by the return to the government of 100 tons of flour gathered from the high honors. housewives and stores throughout the county. After notices had been sent out by the county food administration a few weeks ago the women began an active canvass of their stocks and in hundreds of cases every bit of flour in the bins was gathered together and deposited at local stores for shipment to Portland. All of the merchants of the county aided the food administration in gathering up the surplus and them selves returned tons and tons of the foodstuff. Most of the flour was gathered at the Farmer's Co-operative warehouse in this city and this week shipped to Portland for reshipment abroad. Of the total amount gathered Dallas came to the front with 50,000 pounds. Other communities who contributed heavily were: Rickreall, 1500 pounds; Suver, 1400 pounds; West Salem, 1200 pounds; Parker, 1000 pounds; Me-Coy, 1700 pounds; Perrydale, 1000 pounds; Airlie, 2600 pounds; Independence, 37,600 pounds; Monmouth, 12,000 pounds; and Falls City 9,000 pounds making a grand total of 212,-000 pounds.

BAD FIRE IN POLK HILLS

Supervisor Fuller and Force **Battling Flames Above** Black Rock.

DALLAS, Or., June 28 .- (Special to The Statesman) -- W. V. Fuller, supervising fire warden for Polk county, reported today that a fierce forest fire is raging in the vicinity of the logging camp of the Willamette Valley Lumber company several miles above Black Rock. The fire fighting crew of the company together with Polk county patrolmen are engaged in fighting the flames. A small fire in Mill creek country was reported yesterday but it was

the western part of the county who are in danger on account of the extreme dry weather.

Pendleton Man Killed in Fall from Airplane

MOUNT CLEMENS, Mich., June 28.—Lieutenant Raymon Templeton of Pendleton, Or., and Private Edgar Sawyer of Hartford, Conn., of the 830th aero squadron, U. S. A. were killed here this afternoon when their machine went into a tail spin and crashed about 150 feet to the ground. The machine caught fire and both bodies were badly burned.

Industrious Dallas Girl Once More Wins Honors

DALLAS, Or., June 28 .- (Special o The Statesman)-Miss Hazel Bursell, a graduate of this year's class of the Dallas high school, has gone to the Corvallis summer school in session there. Miss Bursell has attended the Corvallis summer school three years prior to this and each instance her expenses have been paid by some concern as a prize for work done during the year. This season Miss Bursell's scholarship was won by making a record by canning 420 jars of fruit last year. Previously she had won scholarships on chicken raising. She was graduated from the Dallas high school with
