Gas Rates Are Increased for Period of Six Months

In an order yesterday the public service commission granted temporarily an application of the Oregon Gas & Electric company to increase rates. The order affects the company's business at Medford, Grants Pass and Roseburg, all of which made appearances in the hearing. The company presented a plea that because of the advancing cost of oil it would have to go out of business unless relief could be obtained by higher rates on its product. The order provides that after a period of six months the authority given in the order shall cease and former rates be restored unless further advances shall be granted in the meantime. Old rates charged by the company ranged from \$1.20 a thousand cubic feet for 45,000 feet and over to \$1.75 for quantities up to 5000 feet. The new rates range from \$1.35 for any excess over 45,000 feet up to \$2.10 up to 5000 feet. The order is the first of temporary nature that has been issued by the commission.

"Escape Book" Cause of Pope's Undoing in East

Frank Pope, a convict at the state penitentiary who escaped in May while classed as a trusty and employed as cook at the residence of Warden Murphy, is under arrest at Central City, Nebr., and Parole Officer Joe Keller is on his way to Nebraska to bring him back to this state. Pope was committed from Multnomah county for obtaining money by false pretenses. Upon his promise of good behavior while at state prison it was agreed that other similar charges against him in Portland would not be pressed, but because of violation of his promise these charges will be opened. Officers here were not informed as to the reason for Pope's arrest in Nebraska, but he was identified through the Oregon "Escape Book" in the hands of Nebraska officers.

Woodburn Man Will Not Accept Democratic Nomination for Legislature

John Dinwoodie of Woodburn, who was defeated in the May primaries for the Republican nomination for representative in the legislature, received enough Democratic votes to make him one of the nominees of that party, but Mr. Dinwoodie has notified Secretary of State Oleott that he will not accept the Democratic nomination. Z. J. Riggs, the other defeated Republican candidate, also received the Democratic nomination and has not yet informed the secretary of state whether he will accept. The Democrats of Marion county nominated three other Republicans who were successful candidates in the Republican primaries. They are D. H. Looney, George W. Weeks and S. A. Hughes.

Clatsop Children Sell Thousands in War Stamps

Remarkable work of the schools of Clatsop county in selling war saving stamps and liberty bonds is reported to the office of State Superintendent J. A. Churchill by O. H. Byland, county school superintendent of Clatsop county, who is a member of the war savings committee for his county. Prior to the recent war savings drive the teachers and pupils of the county had sold \$101,240 worth of stamps and liberty bonds through the schools alone. Spirit engendered by this work is believed to be largely responsible for the fact that when the campaign came on Clatsop county was one of the earliest in the state to go over the top. The rural districts are reported to have made

WHY?

With over fifty million Life Policies in force in the United States—representing a SAVING to the Policy Holders of over 26 Billions of Dollars—WHY does any one hesitate to take Life Insurance? When you have EVERYTHING to gain and NOTHING to lose. Why are so many inadequately insured? You are sure to win by insuring your life. WHY NOT DO IT NOW? The people of the United States knew that LIBERTY Bonds were the safest of investments. WHY was it necessary to drive them to buy? People do not have to be urged to spend money for the pleasure of life. WHY are so many negligent of the most necessary things? Wise people, as a rule carry adequate Life Insurance.
