Heavy Dew at Night Is Salvation of Forests

Heavy dew is about the only protection from forest fires in Jackson, Josephine and Douglas counties, according to State Forester F. A. Elliott, who has returned from southern Oregon after a conference with fire wardens in that part of the state. Rain has been very limited in the three counties and the forests are in a dangerous dry state. However, no serious forest fires exist at present.

State Officials Asked To Comment on Report

Several state officials have received copies of that part of the state consolidation commission's report that affects their respective offices with a request for comments. Letters asking for comments are being sent out by Herman Von Borstel, secretary of the commission.

MRS. DOOLEY'S
ADVICE TO
WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."

Mrs. H. Dooley, 1135 25th Street, Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.
