WOMEN PLAN TO BOOST LOAN BY NOVEL PARADE

Because of State Fair Pageant Not Likely To Be Held Till Sept. 28

OTHER TOWNS LINE UP

Lumber Companies Organize Teams to Work Independently During Drive

If enough women in Salem can be interested in holding a service parade, this will be one of the principal events of the week before the opening of the fourth liberty loan drive. The women's loan committee composed of Mrs. Mattie Beatty, Mrs. L. J. Harris, Mrs. W. M. Hamilton and Mrs. Charles Weller met yesterday afternoon with County Chairman F. G. Deckerbach, City Chairman Frank Chapman and U. G. Shipley to make preliminary arrangements for such a demonstration if it is deemed advisable to hold one.

State headquarters in Portland have asked that parades of this nature be held all over the state on September 21, but because the drive here will begin two days later than elsewhere and state fair week interferes with other arrangements, it would not be staked in Salem until the evening of September 28.

At least 600 women are desired in line and lodges and church organizations are to be asked to aid in getting out this number. All who have them should carry service flags, whether they belong to individual homes or to groups. Drill teams in uniform may also take part.

The feeling of the committee was that it would be useless to hold the parade, which would terminate with a liberty loan rally in one of the parks, unless enthusiasm can be aroused.

Gervais has already notified the committee that it will hold a parade of its own and it is likely that Silverton will take similar action. All of the towns not holding these will be welcome to join in the Salem parade.

As only women are expected to participate, the Oregon guard companies will probably be posted along the line as a guard of honor.

Mr. Deckerbach has been looking over the situation in his territory and after visiting Jefferson yesterday morning found that town well organized and the committee feels sure of putting over its quota. Silverton will hold a rally today in connection with its registration day demonstration.

Loggin camps of the Spaulding, Hammond, Silverton and Silver Falls lumber companies will elect their own captain and teams and conduct the campaign independent of the Salem workers.

Hair Often Ruined By Washing With Soap

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

DEBS HAS PLEA IN OWN BEHALF BEFORE COURT

Would Die in Prison for Principles to Which He Has Devoted His Life

EVIDENCE UNDISPUTED

Prosecutor Declares That Address of Debs Is Confession of His Guilt

CLEVELAND, O., Sept. 11.—The ideals of the socialistic belief and the hard facts of the law of a land in deadly earnest about winning a war were presented to a federal jury here today and tomorrow Eugene V. Debs will know whether he is to pay the penalty for violation of the espionage act.

The defense presented no evidence and no argument save that of the defendant himself. Four times candidate of his party for president and famous as the most eloquent of its orators, Debs expended his eloquence in admitting every fact alleged by the government, even declining to repudiate the anti-war program of the socialists adopted at St. Louis. He pleaded only that the examination guarantees the light of free speech. His attorneys sat quietly as spectators while the tall, gaunt defendant declared his willingness to die in prison for the principles of socialism to which he has devoted his life.

Debs spoke at the opening of the afternoon session and District Attorney Edwin S. Wertz closed. Debs' speech, Wertz said, was a complete confession. It was a confession not only that he opposed all wars, but that he actively opposed this one, and the machinery by which it is being prosecuted.

In his first words Debs said: "I have no dispute with the evidence presented by the government. I would not take back a word of what I believe right to save myself from the penitentiary. I am accused of crime, but I look the court in the face; I look the jury in the face; I look the world in the face; for in my heart no accusation of wrong festers."

He spoke with few gestures in the main his argument was an exposition of the principles and the hopes of socialism. He spoke of sympathy for the Bolsheviks, and Mr. Wertz suggested that the court instruct the defendant to confine his remarks to the evidence.

Grant & Coad Will Not Clean Fine Crop of Hops

DALLAS, Or., Sept. 11.—(Special to The Statesman.)—Owners of a number of hop yards in the vicinity of Dallas quit picking their crop on Tuesday morning after receiving the word from buyers that owing to the bill stopping the brewing of beer after December 1 passed in Congress recently there will be no market for the crop this year. The Grant & Coad yard just west of the city has the finest crop in years but notwithstanding this fact the growers discontinued picking upon receiving the news. One or two of the growers, however, decided to take a chance upon the sale of their crops and are continuing the harvest.

The record heat by quarters was: 33; 1:05 1-4; 1:38 and 2:10 1-4.
