W. H. Witzel Wins—In the damage action of T. L. Wood vs. W. H. Witzel, concluded yesterday after a run of two one-half days in the circuit court, all 12 jurors signed a verdict in favor of Witzel, completely exonerating him from blame in connection with an accident out of which the case arose. Wood was riding on Salem on a motorcycle on Portland day of the fair last year and when crossing Summer street collided with one wheel of Witzel's automobile in such a manner as to break his left leg badly below the knee. He sued Witzel for \$5000 damages for the broken leg and \$2000 damages for the motorcycle. By the jury's verdict Wood receives nothing and Witzel's contention that the motorcycle ran into his machine in place of his machine is sustained. Mr. Witzel is a well known farmer of the Waldo Hills district southeast of Salem and Mr. Wood is a collector of Portland. The case has been in the courts since last February. The accident happened at the corner of Court and Summer streets near the Patten residence at a time when the street was congested with traffic on account of Portland day at the fair and Witzel contended that the motorcycle came out from behind some automobile or some place not visible and struck him so quickly that he did not see it until it collided with his car.

MORE MEN ARE NEEDED IN THE AERIAL CAMPS

WASHINGTON, Sept. 18.—Production of aircraft and motors and the training of aircraft personnel are now so well advanced, the war department announced tonight, that additional pilots, observers and mechanics are needed. To secure these men, the air service enlistment rolls have been reopened for voluntary induction of men of draft age.

Since last March no civilians have been accepted for aviation schools, but it was announced that the fast moving overseas air squadrons, planes, motors and materials together with the completion of 29 flying fields, 1200 Dehaviland planes, 6000 liberty motors, 6,600 training planes, and 12,500 training engines, has allowed all of the 6,600 prospective fliers enrolled last year, as well as a number of men promoted from the ranks to set their names at the flying tests.

Candidates as pilots and observers must be between 18 and 30 years of age and balloonists between 18 and 45. They may apply for examination before the aviation boards in Atlanta, Boston, Chicago, Dallas, Fort Sill, Los Angeles, Minneapolis, New York, San Antonio, San Francisco, St. Louis, Washington and the Panama canal zone.

Skilled men for enlistment in the ranks may be between 18 and 45. Those who pass the trade tests at concentration camps will be sent in service at once for special training.

Since the declaration of war, the announcement said, the enlisted strength of the air service has increased from 1,100 to 147,434.

LOUIS SCHMIDT IS IDENTIFIED

Louis Schmidt, an inmate of the State Hospital for the Insane who made his escape last week and who was suspected of being the man who assaulted Mrs. Lucinda Long at Amity Friday night, was yesterday identified to a reasonable certainty as the man who committed the offense. Schmidt was arrested Tuesday in Portland and returned to the state hospital here. Yesterday he was taken to Amity for possible identification. A Mrs. Schroeder, who lives near Amity, identified Schmidt as the man to whom she gave clothing about noon last Saturday and who he said to have changed his apparel in her presence. When Schmidt was taken before Mrs. Long yesterday she said she was reasonably sure he was the man who attacked her, but more dependence was placed on the identification by Mrs. Schroeder. Schmidt has been placed in the ward for the violently insane.

Professor Center Will Talk on Corn Selection

A demonstration for the selection of corn for seed will be given by Prof. O. D. Center of Corvallis, Saturday, Sept. 21 at 1 o'clock p. m. The meeting place will be at the Witzel school. The women of the community have planned a picnic lunch to be given promptly at noon, and a cordial invitation is extended to all who expect to be present to bring their lunch and their families and join in the picnic.

Chemawa School Takes Up Work For The Year

With 350 students registered for the fall term, the Salem Indian Training school took up classes at Chemawa yesterday. This is a larger number of pupils than on opening

day last year, but the school will not be full until November, when it should have about 600. Practically all of the new Alaskans will not arrive until the middle of October and those who are already here have remained at Chemawa all summer.

CIRCULAR READY FOR COUNTIES

Secretary of State Olcott has prepared the printed information for county clerks relative to state and district offices to be filled and referendum and initiative measures to be voted on by the people at the election on November 5. County clerks are to use the information for the regular election notices, adding the county offices that are to be filled at the election. The circular will be mailed September 20.

The measures are: Referred to the people by the legislature—Establishing and maintaining Eastern and Southern Oregon Normal schools. Establishing dependent, delinquent and defective children home and appropriating money therefor.

Referred by the people—Prohibiting seine and set-net fishing in the Rogue river tributaries. Closing the Willamette to commercial fishing south of Oswego.

Proposed by initiative petition—Delinquent tax notice bill. Fixing compensation for publication of legal notices.

Referred by the state tax commission—Shall an increase of \$940,000 in the total amount of the state levy of taxes for the year 1919 over the amount otherwise limited by the constitution of Oregon, be authorized?

TWO AVIATORS KILLED

FORT WORTH, Tex., Sept. 18.—Second Lieutenants James L. McKeever of New York City and John M. Widenham of Los Angeles, California, both stationed at Love Field, Dallas, Tex., were killed late today when their airplane went into a side-slip and crashed to earth, twelve miles north of here.

Catarrhal Deafness May Be Overcome

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take a tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this description a trial. Capital Drug Store.

back to the field. He appeared at his tank with the statement that he could "carry on" with his right hand.

Several others were wounded but remained on duty. No one was killed, however, even though a German six-inch shell ploughed clear through a small tank, destroying it, but only injuring one of the crew. Another tank captured a battery of 77's but was so far ahead of the infantry it could not turn over the guns to them.

The story is told of another tank which went into a town with a sergeant armed with a rifle perched on the turret. This machine captured two batteries of 77's, five machine guns and many men.

Tanks were occasionally as much as two miles ahead of the infantry, throwing consternation into the Germans. Part of the success which attended their share in the battle undoubtedly was due to the intensive training given drivers who are taught to operate the machines blindfolded, guided only by signals from the gunners. This sometimes is necessary when the drivers are temporarily blinded by splashes of mud.

For several days before the offensive the tanks which were to take part were maneuvered into an interior town while the civilians

"BLANK CARTRIDGE" PATRIOTS

THESE are the kind that applaud—but do not act.

- That "let George Do it"
- That delay
- That say "I will"—but don't
- That can—but won't

Let's prove that Marion County and Oregon State have no "Blank Cartridge" patriots—by putting over the FOURTH LIBERTY LOAN as ONE MAN—and FIRST.
