REPORT CZECH FORCES AS IN GRAVE DANGER

Lack of Ammunition Causes Some Towns to Fall to Bolsheviki Forces

GERMANS ARE AIDING

Concentrating Supplies With View to Advance on Volga, Advices Say

LONDON, Sept. 19.—The Czech-Slovak forces in European Russia are being hard pressed by the enemy, largely owing to lack of munitions and stores. Within the last 10 days, the Bolsheviki, assisted by a considerable number of Germans, have succeeded in occupying Volk, Simbirsk and Kazan. The fall of Kazan appears to have been due entirely to lack of ammunition by the Czech-Slovaks.

The Germans are reported to be concentrating considerable supplies at Khar'kov and Bielogorod with a view to an advance on the Volga and to prevent General Alexieff's forces in the Don valley from joining hands with the Czechs about Samara.

STOCKHOLM, Sept. 19.—Numerous refugees arrived today from Moscow and Petrograd, having left Petrograd on September 13. They say that the Russian capital is entirely in the hands of anarchists, and that conditions are worse than ever before. There is no police protection or any other means to preserve order and persons are openly murdered in the streets or held up and robbed as there is no risk of punishment for the criminals.

Armed gangs break into houses, stealing and murdering in their search for provisions, money and clothing. Several of the refugees in this way lost all their property.

The report that large sections of the town have been burned, they say, is exaggerated, but very serious fires have destroyed certain quarters, and the conflagrations often spread quickly, as there is no organized fire department, but only volunteers are available.

MASSACHUSETTS NURSE

Tells Women How to Get Strong.

Greenfield, Mass.—"I am a nurse and the grippe left me in a weak, rundown condition with a cough—my friends asked me to try Vinol. I did so and it has built up my strength so that I am in perfect health at the present time and I am recommending Vinol to others."

Mrs. F. M. Locke.

There is no secret about Vinol—it owes its success in such cases of beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building and strength creating tonics. We strongly recommend Vinol.—Email A. Schaefer and druggists everywhere.

Industrial Resources of Oregon Will Be Examined

SEATTLE, Wash., Sept. 19.—Alaska has been included in region number 20 of the war industries board, resources and conversion section, and within a few days Herbert Witherspoon of Seattle, regional adviser will appoint a chairman of the reserves commission for Alaska with headquarters at Juneau.

Tomorrow the executive committee of the regional board will meet to discuss the industrial resources of the state of Washington, Oregon and Idaho. Statistical forms on which to record information required by the committee, have been provided for distributors. The particular classifications including castings, chemicals, clay products, food products, forgings and stampings, machinery, rubber and leather, textiles and clothing, wood products.

Mr. Witherspoon will go to Washington, D. C., on Saturday to attend a meeting of regional advisers in October.

Proposes Change in Coal Mining Shaft Regulations

VANCOUVER, B. C., Sept. 19.—Amendment to the coal mines regulation act making the single shift system obligatory in all coal mines of the province except in cases of national emergency was proposed today by William Sloan, minister of mines, to companies and employees of the Fernie and Michel mines region. The companies have accepted the proposition and the men have submitted it to their locals for balloting. Mr. Sloan's amendment would make the single shift system effective with in one year after the conclusion of the war.

The men claim that the double shift system is dangerous because of the so-called "bumps" which have wrecked mine workings and imperiled workmen at times.

Undesirable Insurance Agents are Wells' Target

Insurance Commissioner Harvey Wells is trying to get a line on two undesirable life insurance agents who are said to be operating in the state. They are said to solicit for life insurance men who are about to enlist in military service, representing that the policies of their companies are identical with those of the government. This is a misrepresentation, according to Mr. Wells.

Delinquent Corporations Are Now Subject to Fine

Oregon corporations that have not paid up on their annual license fees are now paying 6 per cent interest on the fees, dating from September 5, and are also liable to fines of \$100 each. Companies not paying up became delinquent August 15.

Standers Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?"—The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn on earth

Corn-Pain is Eased—the Corn is Doomed!

peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-remover, not a corn-tender. You don't have to fuss with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have one corn? Use "Gets-It"—your corn-pain is over, the corn is a "goner" sure as the sun rises.

"Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill. Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry.

NEW YORK, Sept. 19.—Wearing all of the decorations for valor which grateful France bestows upon her heroes, seven officers and 79 men of the foreign legion arrived here today to campaign for the liberty loan. They took New York by storm. So warm was their welcome in fact, that the bronzed veterans of Morocco, the Marne and all the fields of France were not only amazed but embarrassed.

Their coming had not been heralded, but from the moment they set foot on shore they were recognized and lionized. They were even more picturesque than the "Blue Devils" for among them were men of many races and many climes. On the sleeve of every man were wound a service stripes, on their breasts medals.

Tomorrow morning, they will parade through the city in automobiles and then go to Washington where they will be received by President Wilson.

The contingent is commanded by Captain Maurice Clastinet De Gary, who lost a leg in the Champagne sector in 1915, but insisted upon returning to active service.

Woman Wants to Give Home for Crippled Children

Walter B. Jones of Eugene yesterday informed Secretary of State Olcott that a Mrs. Findley who owns 42 acres of land in Southern Oregon, with some buildings on the tract, wishes to deed the property to the state to be converted into a home for crippled children. She has asked Mr. Jones to handle it for her and inquiry is made of the secretary of state as to what procedure is necessary. Mrs. Findley and her husband are ready to execute the deed at any time.

Indian Relay Races Are Assured Daily at Fair

Secretary A. H. Lea of the state fair board became assured of daily Indian relay races at the state fair next week when he received a message yesterday from D. E. Witt at Wapato, Wash., who has just secured a string of horses for that race from the Yakima reservation. Practically every Indian reservation in the North west will be represented. George Drumheller of Walla Walla will have a string of horses in the race and will probably be the only white man entered for the relay.

Consuls of Many Nations Will Be in Salem Monday

Consuls representing about 28 foreign nations will be in Salem Monday to attend the All-Nations day program at the state fair. All will be accompanied by their staffs, according to information received by Secretary Lea. Most of them will be from Portland, although some will be from Seattle and probably some from San Francisco. All-Nations day will make the opening day program one of the most attractive of the week.

There is this to be sad about the airplane program in its early stages—it made the money fly.

More Authority Wanted by Brown for Pen Probe

Upon receipt of the governor's letter yesterday asking a probe at the penitentiary Attorney General Brown said that he would ask the governor for authority in addition to that granted in the communication. "I want a statement from the governor," said Brown, "authorizing me to assure any person examined in this investigation that he will not be punished for giving information. If any convict is examined I want to be able to assure him that he will not be discriminated against because of information he may give." Attorney General Brown was unable to say when he would begin the probe, but declared that the investigation will be thorough.

La Follett Files Petition as Independent Candidate

A. M. La Follett, who was defeated for the Republican nomination for state senator for Marion county in the primary election last May, today filed certificate of his nomination by independent electors. He also has accepted the Democratic nomination. Mr. La Follett said that unknown to him petitions asking him to become an independent candidate were circulated and that they were signed by about 2000 persons. The petition certifying his nomination contains about 600 names. The required number was 450. The Republican nominees are W. Al Jones and Louis Lachmund.

Buy Liberty Bonds!

To have withheld money from Washington might have prevented the founding of this nation upon the cornerstone of Liberty.

To have withheld money from Lincoln might have dashed the Republic upon the rocks and lost the Liberty so dearly bought.

To withhold money now would not only endanger this great, glorious country but might lose liberty for a whole world.

Buy Liberty Bonds! Invest \$50 or more for your children's freedom, your grandchildren's safety, your own happiness. Aren't they worth the price?
