Great Coal Production Drive Is Put Under Way

WASHINGTON, Sept. 30 .- To avert a coal famine this winter and also meet all the needs of the war program, Fuel Administrator Garfield today launched a drive for coal production which is to continue until-April 1.

In a formal proclamation to operators and miners alike, the fuel administrator calls upon all to enlist in a detailed program to produce 12-234,000 tons of bituminous coal and 2.030,000 tons of anthracite coal every week. This tonnage, he promises, will give the country all the coal needed this winter. It represents a weekly increase of 1,731,000 tons of bituminous and 121000 tons of anthracite over the weekly production averages of the corresponding period a year ago.
Mr. Garfield's call was transmitted

to every district production manager who will apportion a weekly quota for each mine. Each miner will be asked to assume personal responsibility for a weekly production representing his equitable proportion of the mines' allotment.

The tank naming competition lim ited to counties in which there is no city eligible for the ship naming contest, will be states and territorial divisions. One tank each is to awarded to the county making the best record in Alaska, Northern California, Southern California, Hawaii. Idaho, Nevada, Oregon, Utah and Washington, and one to the second highest county in the state or district showing the largest number of over subscription counties.

A GOOD FRIEND

A good friend stands by you when need. Salem people tell' how Doan's Kidney Pills have stood the test. A. J. Wood of 689 N. Commercial street, Salem, endorsed Doan's twelve years ago and again confirms the story. Could you ask for more convincing testimony? "Kidney and bladder trouble got

to a point with me where I was obliged to take some steps in checkhad was just after getting up in the morning and the kidney secretions were always very annoying. I began using Doan's Kidney Pills, getting them from Dr. Stone's Drug Store. My kidneys were restored to a normal condition and I was freed from every symptom of the trouble." (Statement given January 30, 1906).

On April 11, 1916, Mr. Wood added: "I have had but very little trouble from my kidneys or backache since I got hold of Doan's Kidney to them."
