Good News From France Should Allow No Relaxation, Is Declaration

**MORE FUNDS NEEDED**

Mere Fact of Victory Makes Heavy Donations Imperative to Finish

WASHINGTON, Oct. 2.—President Wilson and other officials feel that the American people must exercise caution lest the good news from the battle fronts cause a relaxation of effort on behalf of the fourth liberty loan. Thus far no such tendency has been noticeable and the campaign has been going with an enthusiasm comparable to that with which the battle reports have received.

It is pointed out that now that victory is definitely being brought to the side of the allied armies, funds and more funds are needed to enable the fighting men to press home their hard won advantage and hurl the German hordes beyond the Rhine. Secretary McAdoo is understood to have determined to have speakers emphasize this point continuously until the huge \$6,000,000,000 total is raised.

Official reports today from all federal reserve districts except Kansas City, which has not started taking figures, showed \$411,142,050 in pledges actually received and accompanied by payment of the 10 per cent initial installment. This covers receipts up to last night, but does not include millions of dollars in figures on which the initial payment has not been made, or has been made, but not yet reported officially by banks. The total tomorrow night is expected to be several hundred million dollars greater.

**Liquid Air Used by Hun As a High Explosive**

BRITISH ARMY HEADQUARTERS, Oct. 2.—(Canadian Press)—The enemy for some time past has been employing liquid air as a substitute for high explosives, which is an indication that he is beginning to feel the heavy losses he has sustained in war material. The report that the Germans have set fire to Cambrai does not appear to be confirmed. It is believed that the fire was caused by the burning of ammunition dumps.

**Price of News Print to Return to \$3.50 Hundred**

NEW YORK, Oct. 2.—Judges of the United States circuit court acting as arbitrators in the controversy between the news print paper manufacturers and the federal trade commission over the price of news print paper today handed down a decision awarding a price of \$3.50 per 100 pounds for rolled news in carload lots f. o. b. mill.

This restores the price current last spring which was reduced to \$3.10 by the federal trade commission. Under the arrangement with the manufacturers by which the federal trade commission fixed the price it was agreed that if the manufacturers thought it was too low they could appeal to the circuit court of this district as arbitrators and that the attorney general acting as trustee of the people, could also appeal if he thought the price was too high. The manufacturers believed that the price fixed by the commission was too low.

**DR. STEINER MADE HEAD OF COUNCIL**  
(Continued from page 1).

for calling the meeting as informally as it had been done. Complaint had come in that the Marion county council was the least active in the state, while its next neighbor in Polk county was among the most energetic ones. The reason for this he ascribed to the fact that practically all the work had fallen upon the chairman and one assistant, instead of having it divided among men who could spare a little time for such service.

"The county council of defense ought to be on the job and controlled by a real body instead of by one man, who is simply swamped with all kinds of war work besides his own business. You can't expect the state council in Portland to direct everything. They can recommend action, but they can't look into all the details in every community," he declared. "The county council should rest its authority upon the consent of the citizens of the county. It should be financed by the county court."

He told of new duties in the line of issuing building permits, providing housing facilities and the like which had recently been added to the work of the organization. Likewise he pointed out the importance of holding an office in the council, as being one recognized as the best kind of authority in Washington, D. C. New York was cited a poor example of such organization, as Mr. Kolloek stated that the city is more alien than most of those on foreign shores and that the residents think the United States stops at the Bronx and are proud of it.

Dr. Steiner will probably announce the names of other members of the council today. He succeeds F. W. Steusloff, who recently resigned his post as chairman on account of too many other duties.

**HAVE DARK HAIR AND LOOK YOUNG**

Nobody can Tell when you Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears after another application or two. It is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

involves the change of the German constitution.

As a half-way measure and in a desperate effort to save the imperial prerogative, Emperor William already has tried the expedient of himself selecting leaders of the opposition parties for minor places in the cabinet and the promising to forward the enactment of popular measures. But the Socialists have gently declined to accept anything short of absolute control of the cabinet through the reichstag without reference to the wishes of the emperor and officials believe that at length they are able to realize their aspirations.

Such a change in Germany doubtless would bring, if not indeed, be preceded by a similar revolution in Austrian parliamentary government, and it is fully expected that as soon as a fact in the central empire there will be an irresistible movement toward peace, even on the terms laid down by President Wilson. In this connection, the news today that the Austrian emperor had summoned to Vienna the three biggest men of

Hungary, Counts Tisza, Andrássy and Apponyi, was received here with undigested interest. This action was regarded as very significant, although officials were not certain whether it had to do with the Bulgarian withdrawal from the war with its direct threat to the dual monarchy or with internal reforms or was a definite move for a separate peace.

**First of Master Lists Going to Draft Boards**

WASHINGTON, Oct. 2.—First of the master lists of order numbers of the thirteen million men who registered Sept. 12 were placed in the mails tonight en route to district boards all over the country which are to make them available to the newspapers and post them immediately upon receipt. The mailing will continue as rapidly as the lists can be run off the presses at the government printing office.

When clerks began checking the lists today a number of minor errors were found and several hours were required to straighten these out by comparison of the lists with the original numbers which were strung on tally wires as fast as they were drawn from the bowl in the caucus room of the senate office building.

**PIMPLY? WELL, DON'T BE**

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no more any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.
