HIGHER PAY TO BE URGED

State Board of Control Will Ask Legislature to Take up Question.

Without suggesting amounts in any specific case the state board of control yesterday voted to recommend the legislature a general increase in salaries for superintendents of all state institutions. Because of the difficulty presented in arriving at equitable re-adjustment of salaries, the board decided to leave this question to be threshed out when the legislature meets.

During the state printing board resolution offered by Governor Withycombe was adopted, urging heads of all institutions and state departments to cut down reports for the current biennium as far as possible in the interest of economy and conservation of man power. It was shown that by omitting from the reports much unnecessary matter that is on record in other places many reports can be abbreviated to the extent that an important saving will result.

The board of control appointed Secretary R. B. Goodin, Warden Murphy of the State Penitentiary and Superintendent R. E. Lee Steiner of the state hospital to act as a committee to ascertain the loss sustained by F. L. Smith, a farmer near Sahadred sords of wood, part of which belonged to the state on the Smith

farm several months ago. The committee will recommend an amount of recompensation to the board and the report will be presented to the legislature.

The budget of the State Training School was considered and \$8000 recommended for an estimated 20 per cent increase in salaries was eliminated, leaving the estimates for maintenance and salaries at \$109,920. The estimate for repairs and betterments was reduced \$1000, leaving the figure \$16,000 or a total estimate of \$125,920.

Hearing Dates Are Set by Service Commission

Seven hearings for November have been set by the Oregon public service commission. They are:

- November 7, 10 a. m., at Portland, Nevada street crossing.
- November 14, 10 a. m., at Stayton, rates of Stayton Electric company.
- November 15, 1 p. m., at Corvallis, Southern Pacific crossing.
- November 18, 10 a. m., at Albany, crossing in Linn county over lines of Southern Pacific company.
- November 19, 2:30 p. m., at Creswell, investigation of Creswell Water company.
- November 20, 1:30 p. m., at Eugene, rates of Oregon Water Power company.
- November 22, 9 a. m., at Marshfield, rates of Oregon Water Power company.

It is suggested that no man ought to be employed in a position that can be filled by a woman. If that is carried out good-bye to some of the self-conscious pride of the mere man.

BINGHAM PLAN IS COMMENDED

Method of Naturalization Attracts Attention of Washington Officials.

Attention of United States naturalization examiners in Washington has been called to the method of giving citizenship examinations employed by Judge G. G. Bingham of the circuit court in Salem and originated by himself. In a letter sent out early in October by John Speed Smith, chief of the department at the national capital, to examiners in the Seattle district, which includes Oregon, Washington, Idaho and Montana, he asks that the plan which was originated here and later adopted by Judge Eakin of Astoria be followed out.

Judge Bingham's method is a departure from the old one in that it requires the wife of the applicant for citizenship to take instruction with him and to be present at his examination. Until recently it was much easier to take out final papers, as often the man could not speak English nor had he a clear knowledge of government practices. If he were recommended as a desirable citizen his chief obstacle was overcome. With the declaration of war; and the enforcement of the alien enemy acts the situation was changed. On March 1 Judge Bingham revised the old order and arranged with the county school superintendents of Linn and Marion counties to provide instruction for applicants for citizenship and their wives upon presentation of an identification slip. The judge even appeared before teachers' institutes and explained to them what was desired. This made it possible for applicants in remote places to have the same advantages as those in the cities where there are night schools.

Because many failed to qualify under the new order a large number of applications have had to be continued.

A federal examiner in the city not long ago informed Washington authorities of the arrangement here and a letter was received a few days ago praising the innovation and stating that it had been referred to the federal courts with the suggestion that they adopt it. It is felt that as women in the western states particularly have the right to vote they should be as well educated in civil government as their husbands. It is not unlikely that some legislative action may be taken in the matter to make it nation-wide.

BIG BOAT LAUNCHED

SEATTLE, Wash., Oct. 31.—The second big product of the North Pacific Shipbuilding company, the 9400-ton steel freighter Yalok, was launched here today for the United States Shipping board.

Turnhout, in Belgium, from which the burgomaster of Brussels has just been released by the Germans after four years of captivity, was a long time waiting to justify its name.

A REAL IRON TONIC

Puts Iron into the Blood Where It Is a Prime Necessity.

You must have an abundance of iron in your blood if you would have the vigor necessary to overcome obstacles, push ahead and bring things to pass.

Iron is a valuable medicine; it gives strength, stamina, endurance. You can have more of it, better color, steadier nerves, by taking Pepton, a real iron tonic, which will make a gratifying change in your condition in a very short time.

Pepton combines iron with nux-celery, pepsin and other valuable ingredients, and is in chocolate-coated pills. Pleasant to take and easily assimilated. Of druggists or direct from C. I. Hood Co., Lowell, Mass.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

800 WOMEN NEEDED BY SALVATION ARMY

Commander Evangeline Booth Says War Relief Work Must Be Extended.

Commander Evangeline Booth, leader of the Salvation Army in the United States, has been suddenly called upon to furnish 800 additional war work women for France. The request is contained in a report just received by her from Col. William A. Barker of the Salvationist forces, whom she sent to France over a year ago to establish hutment and general war relief work with the American troops.

"We will do all we can to fill this demand," said Commander Booth when discussing the approaching United War Work Campaign, "and the need itself should impress the American public all the more with the absolute necessity for sustaining and enlarging the war relief work of the seven organizations, besides the noble Red Cross, now merged for a drive for funds. Each is a vital cog in a vast machine for human relief, and each is indispensable, serving its particular elements in its own way.

"The Salvation Army was born in hardship, reared in privation and trained to every phase of human misery and how to cope with it. Perhaps that accounts in some degree for the success our work has attained and for which we are thankful.

"We are of the common people, and we toil on a practical basis. We learned the lesson of how to do it in the Boer war, when we stood at the side of Britain's troops and weathered it out to the end. We have been tried by fire, and the mothers and fathers of America, as in other countries, trust the Salvation Army to do the thing they would like to do for their men if they but had the chance.

"With 1,210 trained workers at the front, operating from 420 huts and dugouts, the Salvation Army is doing, has done and will continue to do its best for the cause of humanity and Liberty."

AUSTRIAN TOWNS IN ARMS

(By The Associated Press) BERNE, Switzerland, Oct. 31.—Military insurrections occurred in both Vienna and Budapest Wednesday, according to the Berlin newspapers. The people and troops acclaimed a republic.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States,—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he staves his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centres which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides clubhouses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

PROFESSIONAL NURSE

Tells What to Do to Regain Strength After Sickness.

New York City.—"I am a professional nurse,—the grippe and bronchial pneumonia left me with a cough and in a depleted, anaemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others."—Miss E. M. Walker, R. N., 25 W. 38th St.

It is the Beef and Cod Liver Peptonates added by the iron and manganese peptonates and glycerophosphates contained in Vinol which makes it so wonderfully successful. Emil A. Schaefer and druggists everywhere. P. S.—For eczema or scalp try our Saxon Salve. Money back if it fails.

"No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

CATHOLIC BOYS JOIN WAR WORK CAMPAIGN

Girls, Too, Will Stand With Them Behind Every Fighter at the Front.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys and Victory Girls "Earn and Give" Division of the United War Work Campaign to raise \$170,500,000 "for the boys over there" during the week of November 11-15.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, including the Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Boys and girls in every Catholic parish throughout the United States are already being picked to represent each fighting man who has left their church for the front. In every home that flies a service flag little brothers and sisters, sons and daughters, are eagerly volunteering to look out for the share of their family fighter in the huge joint welfare campaign for all the boys abroad.

1200 Cases of Influenza in Camps in Porto Rico

SAN JUAN, P. R., Wednesday, Oct. 30.—Twelve hundred soldiers at Camp Las Casas are ill with a slight form of Spanish influenza. Forty cases of pneumonia have developed, but there has been only one death.

The insular sanitary authorities report that there are five cases of influenza among civil population in San Juan, but that there are eight hundred cases in the nearby town of Loisa.

SPOKANE STILL "FLU" STRICKEN

SPOKANE, Wash., Oct. 31.—Physicians reported 235 cases of influenza in Spokane today, a slight increase over yesterday's figures. Twenty-two new pneumonia cases were also listed. Seven deaths, four at Fort George Wright and three in Spokane from influenza were reported.

PANICS IN RHINE PROVINCES

AMSTERDAM, Oct. 31.—There has been an outbreak and a panic among the population of the Rhine provinces, arising from reports that the authorities were prepared, if necessary, to allow enemy troops to occupy Coblenz and Cologne, according to the Berlin Taglich Rundschau.

ARTILLERY BUSY IN FRANCE

SEATTLE, Wash., Oct. 31.—Announcement was authorized here today that nearly six regiments of artillerymen trained in the fort defenses of the Puget Sound district are now demonstrating their marksmanship on Germany's retreatal hordes in France.

A local seethsayer insists that he predicted 15 years ago that the end of the Kaiser would occur in 1918. It is a bit early for the appearance of this claim, but we knew it would come in good time.—Los Angeles Times.
