Corn Averages Higher Despite Peace News

CHICAGO, Oct. 31.-Month-end adjustment of trades did a good deal to make the corn market average higher today despite news of the formal surrender of Turkey. Prices closed unsettled, at 1c net decline to \$1.17. Oats gained 1c to 1 1/2¢ and provisions finished irregular, 1¢ off to 1 1/2¢ up.

Uncertainty in regard to armistice conditions for Germany led to numerous bulges and breaks in the value of corn, but the price changes were kept within a narrower range than of late and the upward tendency of the market became more pronounced. Opinion appeared to prevail that bearish developments concerning the war had been discounted sufficiently for the time being, and this view is borne out by the fact that bulges in wheat of the complete withdrawal of Turkey as a combatant, had only a temporary weakening influence.

Oats showed independent strength based on cash purchases. Lower prices on hogs weakened provisions, but rallies followed owing to demand from packers.

Monetary Conditions Drop Adverse Influence

NEW YORK, Oct. 31.-Monetary conditions lost much of their adverse influence today, probably as a result of informal assurances that the local loan situation is now under control and partly because of foreign advice, which pointed more irresistibly to the dissolution of the central powers.

Trading in stocks was active during the morning, when prices declined, but became more moderate later on the general advance in which early losses were largely replaced by material gains.

Leaders in the recovery included oils, stippings, coppers, rails, tobacco and various specialties.

United States Steel was forced to a new low level for the current movement in the forenoon, but was among the first of the popular issues to rebound, rallying one and a half points and closing at a large fractional gain. Sales amounted to \$25,000 shares.

Liberty bonds and Internationals were steady, but railroad issues varied slightly on lighter offerings. Total sales, par value, aggregated \$8,250,000.

Old United States bonds were unchanged on call.
