

SHINOLA

AMERICA'S HOME SHOE POLISH

LARGE quantities of SHINOLA are purchased by the Government to be sold to the Soldiers and Sailors.

We aim to make SHINOLA cost the men serving their country and the public back of the men, as little as possible.

War conditions turn men's heads to profit making. We believe friends and users are more valuable than the profit of the moment. That is why you can buy SHINOLA at the same price as always.

Convalescent Soldiers to the Camps Nearest Home

WASHINGTON, Nov. 26.—Soldiers who have been incapacitated in overseas service and who are convalescing in this country will be assembled at twenty seven camps for organization into convalescent detachments. General orders issued today provide for the formation of these detachments and the abandonment of the practice of transferring convalescent men from overseas to development battalions. The convalescent men will be sent to camps nearest their homes. The order says "it is the intention to discharge all overseas convalescents as soon as possible consistent with maximum physical improvement." Intensive treatment and training of the detachments will be undertaken, the order provides, so that the entire or maximum improvement of the men and their subsequent discharge may be accomplished in the shortest possible time.

The camps in which the detachments will be formed are: Beauregard, Custer, Devens, Dix, Dodge, Funston, Gordon, Grant Hancock, Jackson, Kearney, Lee, Lewis, MacArthur, McClellan, Meade, Logan, Pike, Sevier, Shelby, Sherman, Sheridan, Taylor, Travis, Upton, Wadsworth and Wheeler.

KEEP HUN FROM PACIFIC.

MELBOURNE, Australia, Nov. 25. The parliament of Western Australia has passed a motion similar to that voted by the federal parliament, protesting against the restoration of Germany's Pacific island possessions.

The reported shortage of hot water bottles in Germany ought to account for the prevalence of the complaint of cold feet in that country.

SQUARE DEAL IS BASIS OF WORK

Dishonest Dealer Is Almost Eliminated by Weights and Measures Office

The square deal has been the basic principle in operation of the department of weights and measures during the past biennium. The biennial report to State Treasurer Kay made by Spence Wortman, deputy scaler of weights and measures, says "we have tried to protect both the consumer and the merchant by giving all a square deal." To this end district sealers have visited every town in the state, testing and correcting all weighing and measuring equipment, explaining the work and interpreting the law.

The department has been active continuously to eliminate all dishonesty and in various places whether honest quantities were being delivered. "In presenting the results of the last two years' work," says the report, "I feel that the success of the work cannot be measured alone by the detailed accomplishments as set forth in the report, but that a large result especially beneficial has been accomplished in the positive restraint that there is now on the dishonest dealer who fears detection." A total of 278 complaints were received during the two years from all the state including Portland and all have received prompt attention. Investigations have resulted in 53 prosecutions and in all but two convictions were secured.

During the last year all the state institutions have been visited and Mr. Wortman reports that all scale equipment in the institutions is in better condition than ever before. Copying on the net weight law which was placed under the jurisdiction and became effective May 21, 1917, the report states that since that date representatives of the department have weighed 12,448 packages of commodities throughout the state.

Outside of Portland the report shows that during the biennium 9507 business places have been visited in the state. A follow-up system that has been established has resulted in much improvement in conditions. It is asserted. This system gives merchants a certain time in which to make repairs of condemned scales and unless the scales are repaired in a reasonable time they are confiscated. Summarizing, the report shows the following examinations: Scales, 20,409; weights, 35,466; linear measures, 2825; liquid measures, 6763; oil pumps, 1187; gas line pumps, 2076. In addition there were thousands of miscellaneous inspections.

Concerning the specific gravity regulation of gasoline the report comments as follows: "During the 1917 session of the legislature a law was passed lowering specific gravity of gasoline sold in the state from 60 degrees (Beaume) to 56 degrees and it became the duty of the office of weights and measures to enforce the provision of the law. This was done in the entire state until September 27, 1918, when at the request of the government, owing to the fact that it is using ever increasing amounts of gasoline in airplane service, instructions were issued to the district sealers not to enforce the provision of this law in regard to gravity until they received further notice."

The appropriation for the department by the last legislature was \$8,500 for the biennium. Total expenditures from January 1, 1917, to October 1, 1918, amounted to \$7085.39, leaving a balance of \$1414.61.

Thrashing Machine Not Public Utility—Brown

Attorney General Brown has written an opinion in which he holds that a thrashing machine is not a public utility. C. C. Cate, county agricultural agent for Jackson county, on behalf of farmers here, complained that some of the threshermen in that

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of scientific research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make any one a pronounced crank on the subject of internal sanitation.

AFTER INFLUENZA

The Grip, Fevers, and Other Blood-Poisoning, Prostrating Diseases.

The best course of restorative treatment, purifying the blood, strengthening the nerves, stimulating the liver, is:

Hood's Sarsaparilla, the standard blood purifier, before eating, Peptonin, a real iron tonic (chocolate pills), after eating, Hood's Pills (cathartic, mild and effective) as needed.

These three great medicines make convalescence real, rapid and perfect. They are also of service in the prevention of disease and the preservation of health. They form Hood's Triple Combination Treatment.

Each is good alone; all are good together. Get them today.

county had given offense by moving past some fields and refusing to thresh them, or refusing to go to the inconvenience of pulling "out of their way" to harvest some fields. Mr. Cate wanted to know if there is a state law which would compel the threshermen to move into the fields and thresh them. Mr. Brown replies that there is not.

COURT DECORUM UNRUH'S PLAN

Formalities of Circuit Tribunal Will Prevail Before Justice of Peace

On January 1 the justice court for this district will be established in a suite of four rooms in the Gray building over Hartman's jewelry store. This was the announcement made yesterday by G. E. Unruh, recently elected justice of the peace. The court room is to be 18x24 feet in area and equipped in a thoroughly up-to-date manner.

Mr. Unruh is not contemplating any radical changes in the present mode of court procedure except that he intends to require observation of the same formalities, decorum and degree of preciseness prevailing on the circuit bench.

"Otherwise I will deal out justice in the same fair-minded, impartial way that Judge Webster has done in the past 12 years," he says. "It is my desire rigorously to enforce speedy trial of all cases in order that they do not collect on the docket for months at a time."

The justice-court will carry on the same filing fee system introduced by Judge Webster in order to do away with a large number of 25 and 50 cent entries on the books. If the attorneys agree he is also planning to instruct juries in jury trials.

Mr. Unruh expects to continue his law practice, but will not engage actively in other courts where local attorneys represent the opposing side.

GRANDMOTHER WAS DRUGGIST

In the early days of our country, grandmother was the druggist, and her drugs consisted mostly of root and herbs gathered from the field and forests. There was peppermint for indigestion, mullein for coughs, skullcap for nervousness, thoroughwort for colds, wormwood for bruises and sprains, and so on. They were successful remedies, too. It was from a combination of such roots and herbs that Mrs. Lydia E. Pinkham of Lynn, Mass., more than forty years ago originated her now famous Vegetable Compound; and during all these long years no other remedy has ever been discovered to restore health to ailing women so successfully as this good old-fashioned root and herb medicine.

Thanksgiving Concert to Be Held Thursday Night

A Thanksgiving concert at 7:30 in the evening will be the special attraction at the Central Congregational church Thursday. Special numbers will be given by H. N. Aldrich, Miss Gertrude Aldrich and Albert H. Gille. After the concert an informal reception will be held for those present. The Earth is the Lord's. O. Ye Gates. E. K. Heyzer Duet. We thank Thee, O Father. Alfred Wooler Sung by Rev. H. N. Aldrich and H. C. Stover. Anthem—"O Be Joyful in the Lord." E. L. Ashford Solo—"If God So Clothed the Grass." Bischoff Sung by Mr. Gille. Anthem—"Lift Up Your Heads." O. Ye Gates. E. K. Heyzer Solo—"To Pastures Green He Leads Us." from Emmanuel Sung by Miss Aldrich. Anthem—"Ye That Stand in the House of the Lord." By Walter Spinney Solo—"Praise to Thee, Glorious Father." Harding Sung by Rev. H. N. Aldrich. Anthem—"Rejoice, Ye pure in Heart." Henry Windermere.

Nearly Forty Thousand Casualties in British Navy

LONDON, Nov. 26.—British naval casualties from the outbreak of the war to November 11, numbered 39,766, the admiralty announced tonight. These were divided as follows:

Killed or died of wounds: officers, 2466; men, 30,895.

Wounded, missing or prisoner: officers, 1042; men, 5263.

In addition 14,661 officers and men of British merchant vessels and fishing boats lost their lives while pursuing their ordinary vocation by enemy action and 3295 were taken prisoner.

Here is a guess—the celebration of the next national holiday, in 1919, will not be a "safe and sane 4th." Exchange.

APPLES BRING HIGH PRICES

Shippers Receiving Phenomenal Returns Through Fruit Union

Early shipper of apples this season are receiving phenomenal prices for the fruit contracted through the Salem Fruit union which concern has sent out 13 cars. This is a big increase over the four shipped last year.

Farmers bringing in the fruit late are now taking big chances and may be forced to accept lower rates on the apples, which are likely to become diseased. November 1 is normally the latest date for sending them in.

The fruit is being sent F. O. J. Salem to California and a few eastern points. One carload went to Washington, D. C.

Last year prices averaged 25 to 50 cents a box lower. Spitzenbergs now bring \$1.75 a box fancy and \$1.50 on C grade. These are on 4 1/2 tier, as 35 cents is deducted on 5 tier. Baldwins are worth \$1.60 fancy and \$1.35 on C grade, the rates also applying to Rome Beauties, Winesaps, Northern Spies and others. A number of cars with Jonathans packed in fancy and C grades known as combination pack are going at \$1.65 a box with 25 cents off on the smaller size. One car brought \$1.75 on fancies and \$1.50 on the next best. These terms are not net to the grower, commissions and packing expenses being deducted.

Several of the Fruit Union pools have just been settled. Black Republic cherries with stems bringing 5.1 cents, without stems, 5 c cents, while dried black caps claimed 49.7 cents a pound. One Newberg grower, who had 1700 pounds of the last made an equivalent of 16 cents a pound fresh on his fruit, which was dried in the sun with no expense to himself.

High School Cadets Now Have Staff of Officers

Names of newly picked officers of the two companies of Salem high school cadets are as a result of a series of tryouts, which has just been completed.
