Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years

HARD COLDS — People whose blood is pure are not nearly so likely to take hard colds as are others. Hood's Sarsaparilla makes the blood pure; and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

TURNER NEWS.

The local Red Cross received $10.50 from the publicity committee of the liberty loan drive .

The new officers of the Ideal Rebekah lodge are N. G., Ida Robertson V. G., Mrs. Della Blaco; recording secretary, Mrs. Mabel Martin; financial secretary, Mrs. Emma Hohl; treasurer, Mrs. Susan Gerarden.

S. R Riches motored to Salem Saturday.

Miss Hazel Bear spent the week-end at home.

Wednesday afternoon excitement was caused by the burning of an S. P. tourist car, caused by a bursting tank. Some of the furnishings were saved.

Wallace Riches of O. A. C. spent Sunday at home

Rev. Mr. Hocking and wife came from Jefferson Saturday morning. Mr. Hocking is the Methodist pastor and had a good audience Sunday marning, for the Thanksgiving service.

An enjoyable party was held at the school house Friday evening chaperoned by the high school teachers. The main feature of the evening was the initiation of the freshman class. Refreshments were served.

Rev. James Elvin spoke on the war work drive Saturday afternoon.

The W. C. T. U. will meet Wednesday afternoon at the home of Mrs. Busby.

Mrs. J. F. Lyle of Portland was a recent Turner visitor.

Mr. and Mrs. A. E. Robertson have a young son, born November 15

J. H. Osborn is visiting his daughter. Mrs. C. L. Allison, of Harlan, Lincoln county.

C. A. Bear was a Salem visitor Friday.

Mr. and Mrs. E. Roberts of Independence visited their son, D. L. Roberts and family, the first of the week.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

That Terrible Backache.

Mrs. G. Hyde, Homestead, Mich., writes: "I had that terrible backache and tired out feeling, scarcely able to do my work, but find by using Foley Kidney Pills that I soon feel like a new person." Foley Kidney Pills help the kidneys throw out poisons that cause backache, rheumatic pains and aching joints. J. C. Perry.

Rate Hearings Cancelled By Commerce Commission

Secretary George B. McGinty of the interstate commerce commission yesterday informed the public service commission that the hearings dated for December 11 at Portland relative to rates over the Southern Pacific lines to northern California have been cancelled. Lower rates were allowed from San Francisco to northern California points and the Portland Traffic & Transportation association, the Medford Commercial club and the Klamath Falls oCmmercial club took action against the company to obtain similar readjustment of rates from Potriand. Hearing was conducted about a year ago, but the outcome was unsatisfactroy to the plaintiffs who petitioned for a rehearing, which was set for a date that has been cancelled. Examiner Mackley of the interstate commerce commission was expected to conduct the cases at Portland.

Protect the Children.

Children are as likely to get the grip and influenza as grown-ups. Foley's Honey and Tar gives quick relief from all kinds of coughs, colds, croup and whooping cough; covers raw, inflamed surfaces with a healing, soothing coating; clears air passages, checks strangling, choking, coughing. Contains no opiates. J. C. Perry.

Influenza Shakes Records Of Insurance Companies

Mortality statistics of the insurance companies have been badly shaken up by the influenza epidemic, a statement by State Insurance Commissioner Harvey Wells shows.

"Mortality statistics have received an awful shock for they are principally based on a term of years and as a rule have been accurately proven," says the statement, "but in the face of such a heavy toll from influenza the mortality tables for the last 60 days are somewhat out of proportion.

"From reliable sources it is estimated that in 46 cities having a combined population of about 23,000,000 in nine weeks there were 78,000 deaths caused by influenza and pneumonia. In addition thereto there were 20,000 deaths in army camps and cantonments in the United States.

"It has been roughly estimated that life insurance companies have been called upon to pay $200,000,000 in life insurance. Also the government losses are estimated to be 20,000 and each enlisted man will average insurance to the amount of $9000. Life insurance companies will be required to pay practically all of this amount at once. The government, however, will have 20 years in which to pay the beneficiaries of the soldiers."

THE BEST.

Remember that old and true adage, that "the best is the cheapest." This is especially applicable in buying, handling, and breeding livestock.

WEEK IS NAMED TO SAVE FOODS

Conservation Efforts to Be Concentrated During December 1-7

For the purpose of bringing before the people in a forcible maner the need for saving food and sharing it with the allies and the liberated nations, the United Staes food administration has named from 1 to 7 as a nation-wide "Conservative week for war relief" and a stirring program of education and enthusiasm will be carried out simultaneously throughout the country.

On Sunday, December 1, a personal message from Herbert Hoover will be read from all pulpits in churches of all denominations Wednesday, December 4, will be "Women's Organization Day" and a special Hoover message will be the central feature of a patriotic program in all the women's clubs of the country, the meetings being open to all women whether club members or not.

On Friday, December 6, special patriotic exercises will be held in all the public schools of the United States, and a special message from Mr. Hoover to the boys and girls of America will be the central feature of the program. Throughout the entire week meetings and rallies will be held, and efforts of war workers will be centered upon the task of waking the public to an alert realization of the after-war need for greater conservation than ever.

The original pledge made by the Food Administration on behalf of the people of the United States was 17½ million tons of food to be shipped overseas by July 1, 1919, an amount greater by 50 per cent than last year. Now that France and Belgium are liberated and millions of people in south central Europe clamoring for food, the United States is undertaking to increase its exports from 17½ million tons to 20 million tons

Don't Invite a Cold or the Grip.

If you feel "stuffed up," bloated, bilious, languid or have sick headache, sour stomach, coated tongue, bad breath or other condition caused by slowed up digestion, a Foley's Cathartic Tablet will give prompt relief. It is a gentle, wholesome, thoroughly cleansing physic that leaves no bad after-effects. J. C. Perry.

TELEGRAPHERS FAVOR STRIKE

CHICAGO, Nov. 26.—A vote favoring a strike of railway telegraphers on all roads in the United States and Canada was cast in Chicago today by the general chairmen and secretaries of the Order of Railroad Telegraphers and the western and middle western states. Similar meetings were held in Boston, Baltimore and Atlanta.

GETS TO THE TOP.

In the lexicon of youth, my boy,
There's no such word as fail;
You may be late in grabbing off
The honors and the kale,
But they can't keep the good men down,
No matter where they sot 'em.
The good stuff gets to the top at last;
You can't keep cream on the bottom.

If you've got the stuff beneath your hat,
And the will to do or die,
They cannot keep you down, my boy,
No matter how they try.
Just buckle to it—hit the grit—
You'll fool 'em all, dodrot 'em!
The good stuff gets to the top, some day.
You can't keep cream on the bottom!

In choosing Switzzerland instead of Holland as a refuge Admiral von Tirpitz may imply that he is tired of what the sad sea waves are saying.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

WHAT TO COOK AND HOW.

Sauted Tomato Slices.—Wipe, peel and cut three tomatoes in slices. Sprinkle with salt and pepper, dredge with flour, and saute in butter. Place on a hot platter, and pour over the following dressing: Work four tablespoonfuls of butter until creamy, then add two teaspoonfuls of powdered sugar, one teaspoonful of mustard, one-fourth teaspoonful of salt and a few grains of cayenne. Rub yolks of one hard-boiled egg to a paste and add one raw egg, beaten slightly, and two tablespoonfuls of vinegar. Combine mixtures and cook over hot water, stirring costantly until mixture thickens.

Bradley Toast.—Melt three and one-half tablespoonfuls of butter; add three tablespoonfuls of flour and stir until well blended; then pour on gradually, while stirring constantly, one and one-half cupfuls stewed and strained tomatoes to which has been added one fourth teaspoonful of soda. Bring to the boiling point, and add one-half cupful of milk and one-half teaspoonful of salt, and again bring to the boiling point. Dip eight slices toast (from which crusts have been removed) separately in sauce, and when soft remove to hot platter. To remaining sauce add one-third cupful of chopped corned beef and pour over all. Garnish with toast points and parsley.

Hashed Brown Potatoes.—Mix two and one-half cupfuls of chopped cold boiled potatoes, one and one-half tablespoonfuls of chopped onion, one tablespoonful of canned pimento, cut in small pieces, three-fourths tablespoonful of finely chopped parsley, one teaspoonful of salt and a few grains of pepper. Put in a hot frying pan and moisten with 1½ tablespoonfuls of melted butter. Spread evenly, and cook slowly until well browned underneath. Fold, and turn on a hot platter.

Waffles with Maple Sirup.—Mix and sift one and three-fourths cupfuls of flour, three teaspoonfuls of baking powder and one-half teaspoonful of salt. Add one cupful of milk gradually, while stirring constantly. Then add the yolks of two eggs, beaten until thick, one tablespoonful of melted butter, and the whites of two eggs, beaten until stiff. Cook on a greased hot waffle iron. In using a new iron, special care must be taken in greasing, or waffles will stick. Serve with maple sirup.

Peanut Scones.—2 cupfuls flour, sifted, ¾ level teaspoonful salt, scant, 4 level teaspoonfuls baking powder, 1 level tablespoonful butter, 4 level tablespoonfuls peanut butteh, ⅔ cupful milk. Mix and sift dry ingredients. Rub in the butter and the peanut butter. Add milk gradually, mixing lightly, until dough is just moist enough to drop from tip of spoon. Drop into buttered gem pans, or onto a shallow, buttered biscuit tin; bake in a quick oven. Delicious, nourishing, and very easily made. With cocoa and a green salad, or stewed fruit, these make an excellent supper or luncheon.

Steamed Brown Bread.—One cupful whole wheat flour, 1 cupful yellow cornmeal, ¾ level teaspoonful salt, 1½ level teaspoonful baking soda, ½ cupful molasses, 1 cupful molasses; mix well; then add the thick sour milk, 1 cupful raisins. Mix dry ingredients; add milk, water, raisins, well floured. Pour into a buttered mold, cover and steam three hours. This may be served hot or cold. Raisins may be omitted if desired. When cold, this bread makes excellent sandwiches for the picnic lunch; particularly good with cream cheese, nuts and lettuce.

HELPFUL HINTS.

Economy in Cotton Damasks.—The high price of medium and fine grade linen damasks is making them prohibitive. The high-grade mercerized cotton damasks will give far better service than the poor grades of all linen or linen and cotton union damasks.

Honor in Self-deniall.—The federal reserve board says: "Let the public realize that it is more respectabre in such war times to be seen in old clothes than in new ones. Let the people everywhere be encouraged to consume fewer things, and let those be the simple and substantial things necessary to health and strength.

Recipe for Meringue.—Good meringue is a simple matter to make, yet it is surprising how frequently we are set down to puddings and custards with frothy insipid foam on the top. Two eggs are sufficient to make a thick meringue for one custard; three eggs will cover two custards. A well made meringue has a crisp brown crust on the top, like egg kisses, and this is only to be obtained by hard beating and enough sugar. Brown the meringue in a slow oven. When brown, pull it to the edge of the shelf and leave the oven door open for a minute or two, then remove to a warm spot in the kitchen till needed. It is sudden coolings that make meringues fall, but a well-made meringue stands a far better chance of remaining stiff than the foamy kind.

To Bake Potatoes.—Before baking potatoes, let them stand in hot water for about fifteen minutes. They will require only half the time for baking, are more mealy and palatable, and you will save fuel.

To Save Sugar—A pinch of baking soda added to acid fruits, such as rhubarb, tart apples, and so forth, will save one-third the amount of sugar needed in cooking them.

Patriotic Piace Cards.—For a supper party, which followed an afternoon of Red Cross sewing, a clever woman evolved some very quaint place cards. She cut out from magazines figures that could be pasted on a small correspondence card to stand lengthwise by the water glass. Then with scraps of muslin and gingham she dressed these figures in Red Cross and Food Administration uniforms. The aprons were cut out and then pasted over the figures so that they stood out from the pictures in a natural way. The name was written beside the figure.—E. G.

MAKE CIDER.

An average of over four gallons of cider can be obtained from a bushel of undergrade or waste apples by the use of a modern cider press.

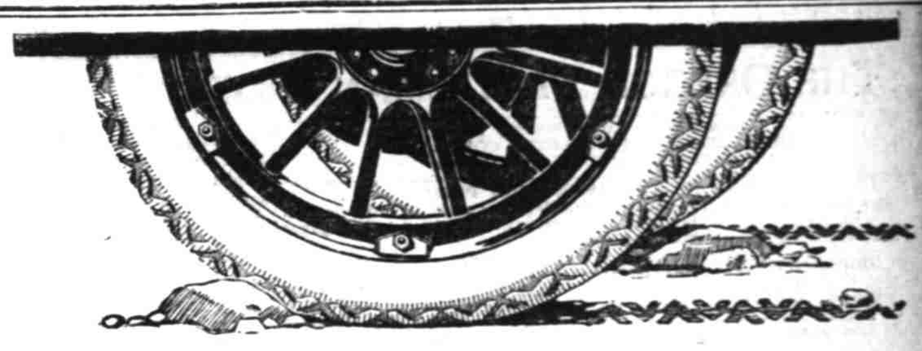
Don't let any cull apples go to waste this year. Eminent physicians throughout the civilized world acknowledge the hygienic properities of cider and recommend it for quite a series of diseases such as indigestion, rheumatism, kidney trouble, stone, gravel and gout. As a preventive and cure for various gastric ills, cider is unsurpassed. Its wholesomeness as a remediall agent are championed by many of the most distinguished physicians and scientists.

$17.70 THE MINIMUM.

For the month of December the price basis of a minimum of $17.70 for hogs will be maintained by the direction of the federal food administration. This is the same as the minimum for the present month.

TABLE SCRAPS FOR HENS.

"Table scraps and kitchen wa... are best prepared for feeding by r... ning them through an ordinary m... grinder. After the material has b... put through the grinder it is usua... a rather moist mass, and it is w... to mix it with some corn meal, br... or other ground grain until t... whole mass assumes a crumbly c... dition. All can be fed that the h... will eat up clean, and if any of t... material is left after one-half ... three-quarters of an hour it sho... be removed. If allowed to lie it m... spoil and would be very bad for ... hens.



The dangerous stone bruise

How new methods fortify this tire against it

Bruises mean broken inner fabric, and broken fabric means blowouts—the ruination of more tires than all other causes combined.

Frequently bruises result from underinflation, but too often they are due to faulty construction and to the shortcomings of ordinary rubber and fabric.

Two years of drastic road tests have proved the Thermoid Crolide Compound Casing to be remarkably resistant to the stone bruise. These tests—many hundreds of them—have been made with heavy cars and light cars, in all kinds of weather, over thousands of miles of rough, rocky highway.

R. J. Stokes' new formula

This is partly due to the design of the tire and partly to its extreme buoyancy.

But it is principally due to CROLIDE COMPOUND, the new formula of R. J. Stokes, Chief Production Engineer of the Thermoid Rubber Company.

Crolide is blended not only with the rubber that goes into the tread, but with the rubber-treated fabric.

Crolide makes the tread tougher and the fabric stronger. And it unites the plies of fabric to one another and to the tread in one solid and practically inseparable whole.

New hand methods, too

In the development of this new casing, Mr. Stokes experimented with every known theory of tire building.

His years of experience as a manufacturer of machine-made tires told him that only improved hand methods could produce a better-built tire.

And so he evolved new principles of hand construction, new ways of combating the stone bruise, tread separation, and all common evils that make tires short lived.

The most costly-built casing in America

These new hand methods are extremely expensive, and so are the rare chemicals that form Crolide.

Naturally, you pay a higher price for this casing than for average tires. But you pay more only at first—in the end you pay less.

One Thermoid Crolide Compound Casing will prove this to you. We ask you to take no risk, for this tire is sold on a basis of 6,000 miles of guaranteed service (in Ford sizes, 7,500 miles).

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Luster at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
