

SIXTY-EIGHTH YEAR—NO. 218

SALEM, OREGON, SUNDAY MORNING, DECEMBER 1, 1918.

PRICE: FIVE CENTS.

WASHINGTON DEFEATED BY BACKFIELD OF THE STURDY OREGONIANS

SEATTLE, Nov. 30.—Washington's football team made a determined attempt today to annex the Pacific Northwest Intercollegiate football championship, but failed to stand before the attacks of the University of Oregon backfield men, who led their teammates to a 7 to 0 victory.

Oregon almost made the score higher. At the very end of the game when the field was nearly in total darkness, the Eugene eleven had kicked and circled its way to within two or three inches of the goal. Just as Oregon was about to attempt to carry the ball over the whistle blew. Jacobberger brothers, Francis and Masdenburg, one of their mates behind the line, did most of the charging for the visitors. It was Brandenberg who carried the ball across Washington's goal line in the second period after the Jacobberger brothers had advanced it from about the center of the field. Vincent Jacobberger kicked the goal.

Washington, with four of its regular men injured and relieved by substitutes, put up what local followers would say was a very even fight. While Washington managed to break the opposition lines often, the visitors did the same thing a few times oftener. Quarterback Eckman led Washington's defense. He carried the ball in most of Washington's plays and did all of Washington's kicking.

A great part of the playing was done near the center of the field. With the lines held good at times, leading their backfield men to kick. Washington succeeded in gaining on forward passes. Oregon, at the best, kicked but failed. The line-up was:

Oregon	Howard
Walker	L. T. O'Rourke

Army Reserves of Peru Are Called War Is Looming

LIMA, Peru, Nov. 30.—The army reserves in this region have been called to the colors.

Three more Chilean consuls sailed for Valparaiso today.

Dispatches from Santiago and Lima, under date of November 25, reported that Chile and Peru had recalled their respective consuls.

WASHINGTON, Nov. 30.—An official report from the foreign minister of Chile, charging Peruvian consul General Llosa with responsibility for the recent trouble between the two countries at Iquique and specifically denying that Llosa was forced to return to Peru, was received today at the Chilean embassy.

The consul-general, the report said, left Valparaiso on instructions from his home office and had been shown every consideration by the Chilean authorities.

Mr. L. Lorain, French vice-consul and dean of the consular corps at Iquique in the absence of Senor Llosa, has addressed a communication to Provincial Governor Amnengual, according to advices to the Chilean embassy, stating that he had given to the members of the diplomatic corps a message from Senor Llosa saying he "was compelled to go aboard ship and to sail from Iquique." The French vice-consul added:

"Being positive that the fact referred to was entirely foreign to the action of the authorities it has been decided to inform you of the foregoing in order that you might request that measures be taken to avoid a repetition of the action in order that if it occurred it should not become a precedent."

PARIS, Friday, Nov. 29.—The American commission for relief in Belgium has informed the provincial food committee at Lille that it has at its disposal important stocks of fats and other foodstuffs at Rotterdam and various stores in Belgium.

BUDGET BILL BURIED DEEP BY ENEMIES

Vote Is Almost Two to One in Election Yesterday and School Board Is Facing Dire Predicament.

PERSONALITIES USED AT EVENING SESSION

Clark Is Under Fire and Unable to Suggest Way to Meet Situation

Snowed under with a two to one vote, the proposed school budget of \$95,818.54 for Salem district No. 24 was defeated at yesterday's election. Of 384 votes cast there was a variance of but five in the opposition to the two items on the ballot.

On the question, "Shall the amount of tax levied by school district 24 during the year 1918 be increased by more than 6 per cent over the amount levied by said district during the year immediately preceding?" the affirmative brought 103 and the negative 272. For the budget itself 107 votes were cast in favor of and 267 against the measure.

Means of meeting the situation now that the district according to the board is deprived of all support except from state and county turn-overs were taken up informally when the members gathered for a short meeting at which the count was certified.

That the city schools will be continued is the consensus opinion of the members, but who is to assume the responsibility for their support is another matter, which may be shifted to the shoulders of the property owners who voted against the budget. At least one member of the board has threatened to turn in his resignation at the next meeting and several others have suggested to Chairman H. L. Clark that he get them out of the difficulty since the action he first lent his support has carried.

Clark declined last night to make any statement as to what he proposed to do, but intimated that cutting expenses would have to be tried. When confronted with the statement that this is impossible and that contracts have already been signed that must be paid, he seemed unable to offer any suggestion. He emphatically stated, however, that Tuesday night's session of the board and discussion at that time killed the budget maintaining that it aroused antagonism.

This is the first time that a school budget has failed to pass in Salem and in the opinion of W. C. Winslow it deprives the district of the \$80,000 it had been running on during the present year as well as a 6 per cent increase. An overdraft already against the board and the necessity of paying present contracts such as teachers' salaries for the remainder of the year, purchase price on the Holman property and new equipment creates a serious situation.

"The voters made a great mistake," said H. O. White, one of the members last night, "because the schools have to be conducted just the same. As the result of the election the district must borrow approximately \$95,000 to pay the year's expenses and this will require payment of interest. The board next year will have the right to make a levy to pay its indebtedness and this will make the tax doubly heavy."

All members of the board were present last night when the results of the voting were announced and all but the chairman expressed similar opinions.

"It's disappointing to find that the people are not satisfied with the board's work and willing to stick behind it, as other cities have done," said R. C. Bishop, who has just returned from Pendleton and who was not present Tuesday night.

E. T. Barnes was particularly bitter against the element that did not turn out to the polls.

"What can the people in town expect when those who care for their schools don't get out and vote?" he demanded. "We've tried to make good schools and I hope there is some"

CAUCUS HAS HATCHET OUT FOR MR. MACY

Thanksgiving Session Held in Doctor's Office Lays Plans to Oust City Attorney and Health Officer.

ELMO S. WHITE IS NEW NAME ADVANCED

Party Is Invitational Affair and Some Members Are Left Off List

Among Thanksgiving parties heretofore unsung was a pretty and cleverly appointed invitational affair that took place in the office of Dr. F. L. Utter in the Salem Bank of Commerce building Thursday night. The function was attended by Mayor-elect C. E. Albin and a coterie composed of certain members of the city council which will have the city's affairs in its control after January 1. Some of the members who will hold seats on the aldermanic board not being included on the invitation list. Although the caucus was clandestinely arranged and its proceedings were intended to be secret, information has leaked out that the purpose was to effect an organization strong enough to lift the scalp of City Attorney B. W. Macy, depose City Health Officer O. B. Miles and line up some of the committee heads for the coming year.

Information that has been spilled has it that the caucus was primarily for members who will sit with the council for the first time after January 1, but that some of those present have been members for some time. Those who attended from the several wards, according to indirect information, in addition to the mayor-elect, were: First ward, R. W. Simeral and Fred Smith; second ward, F. L. Utter and H. H. Vandevort; third ward, J. S. Austin; fourth ward, A. H. Moore; fifth ward, Edward Schunker; sixth ward, nobody; seventh ward, Ralph Thompson.

Alderman Simeral is declared to be stalking the goat of Mr. Macy and to have advanced the name of Elmo S. White as his candidate to take Macy's place. No other names were advanced for the post. No endorsement was given White, however. Smith, Vandevort, Austin, Moore, Schunker and Thompson remaining silent on the question of the city attorneyship.

Dr. Utter, it has leaked out, is opposed to the council reappointing Dr. Miles as city health officer and to favor Dr. W. B. Morse for the position. Reason for the opposition to Miles has not been learned and as far as known Dr. Morse is not after the position. It has become apparent that Dr. Utter was slated by the caucus for the chairmanship of the committee on health and police.

Some of the other committee chairmanships planned, according to reports, are Simeral for the finance committee, Moore for the sewer committee, Thompson for streets, and Smith for ordinances.

The regular caucus of the entire membership of the new council ordinarily does not meet until some date between Christmas and New Year's day.

One of the first duties of the new council will be to elect an alderman to take the place of Merlin Harding, elected from the fifth ward, but who is now disqualified to serve because he has moved to another ward.

WEST REPORTS ON VALUATIONS

School and Road Districts, Cities and Towns Shown in Statement

If the valuation on public utilities property continues as high as last year, the total estimate for Marion county will show an increase of \$250,000 more than at present and the levy will be a fraction of a mill less. This is indicated by figures prepared by County Assessor Ben F. West, who is now contending for a higher ratio with the state tax commission. This would give still higher valuation to the property.

The total figure on the school roll is \$23,265,830, by the road district \$22,195,770 and for the cities \$14,504,910.

The following make up the items on the city list: Aumsville, \$105,455; Aurora, \$137,320; Butteville, \$11,095; Donald, \$55,760; Gervais, \$131,395; Hubbard, \$172,465; Jefferson, \$164,030; Mount Angel, \$287,820; Salem, \$10,867,160; Scotts Mills, \$83,185; Silverton, \$1,084,205; Stayton, \$363,740; St. Paul, \$48,840; Sublimity, \$65,755; Turner, \$113,745; West Woodburn, \$59,650; Woodburn, \$752,290.

The amount for Salem school district, No. 24 is \$11,600,735.

Information of Mrs. Van Winkle's death reached Salem in a telegram to Attorney General Brown. The message stated that the body will be brought back to Oregon for interment, but no other information relative to the funeral has been received. Mr. Van Winkle took his wife to Colorado Springs several weeks ago in the hope of benefiting her health by treatment in a sanitarium. Besides her husband, Mrs. Van Winkle leaves in her immediate family a daughter, Rosalind, 8 years old.

Mr. Van Winkle has been confined at a hospital at Colorado Springs with an infected hand.

FORMER KAISER DENIES THAT HE CAUSED THE WAR

COPENHAGEN, Nov. 30.—Former Emperor William of Germany attempted to shift the blame for the war to the shoulders of Dr. Theobald von Bethmann-Hollweg, former imperial chancellor, and Gottlieb von Jagow, former minister of foreign affairs, in a private conversation he had with Dr. Georg Wegener five days before he fled from Germany, according to a report of the interview written for the Cologne Zeitung by Dr. Wegener.

The emperor told Wegener that the government's policy of the last weeks before the outbreak of the war had been carried on by Dr. von Bethmann-Hollweg and Herr von Jagow alone.

"I knew no more about it than that," he declared, "against my will they sent me to Norway."

R. C. GLOVER HAS RESIGNED

Local Man to Practice Law After Eleven Years With Mr. Hawley

Ronald C. Glover, who has been secretary to Representative W. C. Hawley for almost 11 years, resigned several weeks ago with the intention of entering the United States infantry December 1 as a private. As the war is now practically over and soldiers are being discharged rather than recruited, Mr. Glover has decided to resume the practice of the law and will be associated with A. O. Condit, a lawyer of Salem for many years, with offices in the Hubbard building, after December 1.

Representative Hawley has not yet chosen a successor to Mr. Glover, but it is understood will employ clerical assistance temporarily, and select a regular secretary after next March should the president not call the next Republican congress in special session, in which event it is probable Representative Hawley will return to Oregon.

The association between Representative Hawley and Mr. Glover has been very intimate for almost a score of years and it is understood that their separation was mutually regretted and only occurred because of the desire of Mr. Glover to resume the practice of his profession. He is a graduate of Willamette university and was admitted to the bar in 1906.

MUST PERK UP, SAYS MR. SMITH

Hoover Asks American People to Keep in Mind Obligation to Allies

If Marion county is to raise its quota of war savings stamps pledged during the campaign last summer, large purchases must be made this month as out of the \$922,000 quota only \$512,000 has been paid in.

Other portions of the state are considering putting on a new campaign to bring up the laggards, but it is hoped by County Chairman W. M. Smith that it will not be necessary to do so here. In the last two weeks \$22,000 worth of the stamps were disposed of and this would mean that at the same rate only about \$44,000 would be sold in December instead of the needed \$114,000.

"We are especially anxious that all of those who pledged to invest in the stamps will keep their word," Mr. Smith said yesterday. "People should not cash in their stamps to pay installments on liberty bonds. The war savings pledge is just as sacred as one that calls for a bond. We want the county to go over the top in this, the same as it has done in other activities. When the war is won it is no time to fall down or pledges. The government needs the money just the same."

Circular letters are being sent to all of the school districts in Marion county reminding the children to keep their pledge.

Road Work for October Runs to Large Amount

Road work done in Marion county during October required an expenditure of \$25,679.94, according to the records in the county clerk's office. For the improvements it was necessary to haul 3100 1/2 yards of gravel, 81 1/2 yards of crushed rock, 2000 yards of men volunteered their services and 32 teams were loaned while the work was being done.

Items of expenditure include the following: Macadamizing, \$2854.26; graveling, \$4237.93; bridges, \$3271; general repairs and miscellaneous, \$6,823.89; new tools and machinery, \$94.50; patrolman's salary, \$1436.19; paving, \$104.32; payment to cities, \$6568.04; total, \$25,679.94.

SENATE SORE AT SLIGHT IN CONGRESS

Failure to Name a Member From That Body to Sit at Peace Table Causes Resentment to Be Shown.

PRESIDENT ADDRESSES CONGRESS TOMORROW

Hundreds of Newspaper Men Will Start Overseas on Orizaba Monday

WASHINGTON, Nov. 30.—Seldom has any utterance of President Wilson been awaited with greater interest than the annual address he is to deliver Monday at the opening of the winter session of congress and on the eve of his departure for Europe to attend the peace conference. Members of the senate and house expect to head something of American plans for the conference, as well as an outline of the executive's views of legislation needed to aid in the task of readjusting the war-organized country to a peace basis.

Arrangements were made today for a joint session in the hall of the house Monday afternoon at 1 o'clock after congressional leaders had been notified that the president desired to be heard on the first day of the session instead of on the second as usual, in order to hasten his departure. The address will constitute his good bye to congress and through it to the people for he is expected to sail on Tuesday.

No official comment was forthcoming during the day on the personnel of the peace delegation announced last night at white house. No one would undertake to say whether the president himself would be regarded as a part of the delegation accompanying him, or what might be the formal rank accorded the four delegates—Secretary Lansing, former Ambassador Henry White, Colonel E. M. House and General Tasker H. Bliss.

The state department made public the names of the chief officers and attaches for the delegation, including the secretaries and Dr. James Brown Scott and David Hunter, expert advisers in international law. The war department announced the personnel of the group of assistants to General Bliss, among whom will be a number of officers detailed from the American expeditionary force.

All of the party, which, with its large clerical force and corps of experts, will number some hundreds, will sail on the steamship George Washington from the president. Preceding them on the steamer Orizaba, leaving New York at noon tomorrow will be several hundred American newspaper correspondents.

Resentment among members of the senate over the president's failure to take one of their number on the delegation was apparent today, although no statements on the subject were issued for publication. Several of the Republicans discussed plans for introducing resolutions Monday proposing to send a special committee to France to remain during the conference particularly to keep congress advised regarding the proceedings.

Senator Cummins of Iowa, was one of those who prepared to offer such a resolution. Others were understood to be making ready speeches on the general subject of president's policy and there were predictions that the sessions during the first days of the week would be lively ones.
