Closes Saturday night, February 15th at 9 p. m. Last days! Last chance! Don't miss it!

STATESMAN CLASSIFIED ADS—ONE CENT A WORD

DR. COAN WILL GIVE LECTURE

Prominent Speaker to Be Here to Open Armenian Fund Drive

There are no Asiatic peoples that stir so much interest in the American breast as do the Armenians. America's great heart has always bled in sympathy with the unfortunate people of that down-trodden country who have been the victims of Turkish outrage and greed for centuries. Her hand has often been extended to aid in extricating the Armenian and Syrian millions from a fearful fate that appeared to be awaiting them.

Now with the lifting of the dark cloud of war, the terrible condition actually existing in Armenia and Syria is revealed in all of its dreadful reality exposing a certainty of famine and death if relief is not soon extended.

America is again willing to come to the relief of these long-suffering peoples and will send them ample supplies of food and clothing, but she is intending to do something more. She is fast losing patience with conditions existing in those countries under the governments they have had in the past. She is tired of the almost yearly appeals to the generosity of her liberty-loving people and is planning to depart from her attitude of non-interference and to demand that a better system of government be established, under which Christian institutions and peoples can thrive.

A great opportunity to view the past of these historic peoples and to glimpse the future unfolding before them, and the art of America in this future and what she is doing in the living present, will be afforded this community next Sunday evening. Ministers of the city have generally agreed to dispense with their Sunday evening services and there will be a mass meeting at the armory at 8 p. m., which will be addressed by Dr. Frederick G. Coan, one of the best platform orators in this country, and one who knows his subject thoroughly.

Dr. Coan is a graduate of Princeton university and has been one of the agencies through which America has been operating to help these unfortunate peoples, one of whom he is by extraction. He will tell how a few persons, under an American flag, defied a Turkish army of thousands. His traditions never fail to make Americans proud of their country and of the achievements of its valorous defenders.

Dr. Coan spoke at Eugene last year before an audience that packed the armory and his address was declared to have been the most stirring and appreciated of any war orator visiting the university city.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A Small Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, making one small strand at a time. The effect is amazing—your hair will be light, glossy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Bill Prohibiting Paid Lobbyists Dies in House

The old time bill to prohibit paid lobbyists about the legislative halls met its quietus in the house again yesterday on an adverse committee report and the bill was indefinitely postponed.

The measure was introduced by Representative Schuebel.

Dandruff Soon Ruins the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

DODGE BROTHERS MOTOR CAR

One thing has been made clearer than ever this year. The people who buy this car do so for sound business reasons.

We know this by what they say, and by the way they approach the purchase.

It will pay you to visit us and examine this car.

The gasoline consumption is unusually low. The tire mileage is unusually high.
