### IN A SOCIAL WAY

By DORRIS LEAH SIKES

YESTERDAY and today the sixth annual state conference of the Daughters of the American Revolution is being held in Portland at the Multnomah hotel.

The two important issues before the conference are the movements to raise a \$60,000 fund for the restoration of the French village of Tilloy and a donation to the national fund of \$100,000 for liberty bonds. These were introduced by Mrs. George Thatcher Guernsey, president general.

Mrs. Guernsey was accompanied on her trip from the east by Mrs. Frank Dexter Ellison, state regent of Massachusetts.

Mr. and Mrs. Charles G. Miller were among those who entertained recently for members of the legislature. The guests gathered around an attractively decorated table, the centerpiece for which was a handsome bouquet of easter flowers. Those who enjoyed the hospitality of the Millers were Senator and Mrs. A. W. Norblad, of Astoria, the honor guests, Mr. and Mrs. Armin Steiner, Mr. and Mrs. J. L. Van Doren and Mr. and Mrs. J. R. Linn.

Mrs. Walter M. Pierce, of La Grande, is here for the remainder of the legislative session visiting with husband, Senator Pierce.

Mrs. W. H. Strayer, wife of Senator Strayer, and little daughter, Nadine, are here from Baker to spend the remaining days of legislature.

The week of February 22 has been designated as national song week for the last three years and all our band communities are coming together to sing our national songs and to show loyalty and patriotism to this great country, also to honor the memory of George Washington. The Daughters of the American Revolution have arranged for such a gathering Saturday afternoon at the armory.

Judge Charles A. Johns will address the conference and representatives of city schools and city chorus

Mrs. L. A. Westcott, of Astoria, is visiting with friends in Salem during the absence of her husband on a business trip. The Westcotts were residents of Salem until about a year ago.

Colonel E. A. Hofer and daughter, Mrs. Allan A. Bynon, returned yesterday from a week at Newport.

The many friends of Lieutenant Allan A. Bynon will be glad to learn of his promotion to a captaincy. This message was contained in a cablegram received yesterday by his relatives and friends.

Following training at San Francisco Lieutenant Bynon went to France nearly two years ago as a reserve corps officer in the quarter-master department. He is a graduate of Salem high school and well known in the city.

Mrs. George Rogers of Astoria, who has been a guest of friends in Salem for a couple of weeks, returned to Portland Monday to join her husband, who is just back from the east.

President Carl Gregg Doney, Dean George Alden, Dr. B. L. Steeves, and Professors William E. Kirk and J. T. Matthews were delegates to the peace conference in Portland on Sunday and Monday.

Miss Flora M. Case, city librarian, returned yesterday afternoon from Portland, where she spent the week-end.

Mrs. F. T. Porter and small daughter, who have made their home in Salem for the past five and one-half years, left last evening for Santa Anna, Cal., where they will join Reverend Porter. The latter lately returned from England where he was in the Y. M. C. A. service and on December 24 was called south. While in Salem he was pastor of the First Christian church.

Salem people will dance at the armory Saturday night for the benefit of Company M with an excellent six-piece orchestra furnishing the music. A special feature of the orchestra will be Mary Talmadge, violinist and banjoist, who is now engaged in the Arcadian Gardens at the Multnomah hotel in Portland.

The dance for Company M comes in the place of the annual Cherrian banquet, which has been deferred until a later date, in order that funds may be raised for the homecoming of Company M. An admittance fee of one dollar for the gentlemen will be charged.

Mrs. Sloeth, the state president of the W. C. T. U., will conduct an institute at the local hall Wednesday afternoon at two o'clock.

## Public Is Warned Against Taking Substitutes For Nuxated Iron

Physicians Below Say That Ordinary Metallic Preparations Cannot Possibly Give The Same STRENGTH, POWER AND ENDURANCE As Organic Iron—Nuxated Iron

United States Judge Atkinson Gives Opinion

Careful investigation by physicians among druggists and patients has revealed the fact that there are thousands of people taking iron who do not distinguish between organic iron and metallic iron, and that such persons often fail to obtain the vital energy, strength and endurance which they seek, simply because they have taken the wrong form of iron.

Therefore, physicians mentioned below, advise without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labors have permitted the system to become debilitated, the body exhausted or the nerves run down. It has restored my appetite and my vitality. I feel that I have dropped off the burden of months of toil in the few weeks that I have been following the very simple directions for the use of Nuxated Iron.

The remarkable results today using it, has led to the offering of numerous substitutes, and these physicians who should caution the public against accepting substitutes in medicines and especially warn against accepting substitutes for Nuxated Iron, which, instead of being

Judge G. W. Atkinson

United States Judge G. W. Atkinson, of the Court of Claims, Washington, D. C., says: "It is without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labors have permitted the system to become debilitated, the body exhausted or the nerves run down. It has restored my appetite and my vitality. I feel that I have dropped off the burden of months of toil in the few weeks that I have been following the very simple directions for the use of Nuxated Iron."

organic iron may be nothing more than a metallic iron compound which may in some cases produce more harmful results than it does good. The widespread publication of the above information, has been suggested by Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Dr. Ferdinand King, New York; Physicians and Medical Authorities, so that the public may be informed on this subject and protected from the use of metallic iron under the delusion that it is something as good as Nuxated Iron.

It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well, you owe it to yourself to make the following tests: See how long you can walk or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which is prepared and recommended above by physicians, is not a mere iron salt, but a true organic iron product. It is easily assimilated and does not irritate the stomach. The manufacturers guarantee successful and satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all
