TELEPHONES: Business Office, 23. Circulation Department, 583. Job Department, 583.

Entered at the Postoffice in Salem, Oregon, as second class matter.

## SALEM PRODUCTS IN THE COURTS OF THE MIGHTY.

Salem products are going to the ends of the earth. It will not be long till the people in this country who are financially able to furnish their tables with champagne will not be able to secure the champagne for their tables, unless they have provided a liberal cellar stock for that purpose.

A letter from New York City, dated February 24th, from the office there of the Pheasant Northwest Products Co., whose home office is in Salem, contains the following:

"It may interest you to know that Mr. J. Pierpont Morgan dropped into the great store of Charles & Company last week and sampled Champagne Type Applju, with the result that the next day he called up and ordered three cases of Champagne Type Applju for his home use."

This is mentioned to show that the very best, most critical buyers of table supplies in the city of New York, many of whom gravitate to this wonderful store of Charles & Company, are selecting products manufactured in Salem for their tables.

The Pheasant Northwest Products Co. maintains a permanent demonstration in this store.

Our home people will be interested to know about an incident connected with this demonstration.

When H. S. Gile, president of the Pheasant Northwest Products Co., visited New York in November last, the lady in charge of this demonstration, without knowing to whom she was talking, proceeded to show to him the wonderful value of APPLJU as used in the place of wine or champagne for the purpose of baking the world famous Virginia ham; or any other good ham.

It may be that ham, without champagne, has become too great a luxury for the ordinary run of Oregonians, but if not, and as champagne is soon to become unavailable, the writer suggests that our domestic connoisseurs might very well try this wonderful champagne substitute that is manufactured by our home concern.

No doubt soon everybody will be going it. The demonstrator in New York is showing to the best judges on earth that champagne type APPLJU out Caesars Caesar in giving the proper tang to the world famous Virginia ham. And, by the way, some Salem cured hams are as good as any ever put up in Virginia or any other old country.

Figures just compiled by the American Jewish committee show that the Jews have contributed more than their quota, on a basis of population, to America's fighting forces in this war. It is modestly explained that the showing is due partly to the greater numbers of Jews in non-exempt occupations as well as to the fact that about 40,000 Jews volunteered. Whatever the explanations it is a good record, and like that made by the Jews in all the previous wars in which the United States has been engaged.

A friend at the writer's elbow suggests: "A study of the Bolsheviks, the I. W. W., the anarchists, Socialism and general business chaos, should prompt President Wilson to have a universal law passed 'that for what you sell you should have double and what you buy should be half-price.' Then let him have that antiquated 'law of supply and demand' repealed and the world will be happy."

Some people, who are easily labeled, seem to hate the league of nations because they fear that it might prevent the military conquest of Mexico and the annexation of its oil fields to the United States in the not distant future.

As for Ireland, if it were really to become fully independent, how could it get along without the league of nations? The island can never be moved from its present location and it must always have John Bull as its next door neighbor.

There is a lot of Spartacusness in Germany.

The peace conference is about to decide that the men guilty of starting the war cannot be punished; that there is no precedent; no court to try them. In the cases of Bill Hohenzollern, Enver Pasha and a few others, a precedent ought to be made. All precedents had to have a beginning.

It is announced that the government will return the bodies of every soldier who died overseas, if the family or friends desire it. But the expression of Colonel Roosevelt regarding the body of Quentin, that

## NATUROPATHY

There is absolutely no need of any girl or woman suffering pains at the monthly periods.

90 per cent of all cases are due entirely to Eye Strain.

Other attempts at curing them are not in the running when compared to the results obtained by removing the Eye Strain with Dr. Kellogg's system of Ophthalmology.

### DR. A. SLAUGHTER

Naturopath  
Room 210 U. S. Nat'l Bank Bldg.  
Phone 110.

the surest way to close the coal mines of the United Kingdom would be to grant their demands for shorter hours and more pay. He pointed out that the result would be to increase the cost of coal at the pit from seventeen shillings to twenty-six shillings a ton—adding that it must be apparent to the miners themselves that coal at such a price could not be sold in competition with American coal, which cost eleven shillings a ton at the pit. The British premier asked the miners to remember that the government is powerless against the inexorable laws of supply and demand, and that to nationalize the production of coal would not reduce the cost.

### NOT AN ALIEN'S CAFE

Blacklists of aliens who, after having filed their declarations of intention to become American citizens, withdrew their applications lest they might be summoned to serve the country with the colors, are being prepared by the naturalization examiners for submission to federal judges. The lists are being compiled under the new federal regulations aiming to bar such persons permanently from the privileges of American citizenship.

There is good reason for such a step. The other day Vice President Marshall in an address at Washington said: "America is not an anarchistic cafe nor an international boarding-house, and anybody who thinks that it is has no place in its citizenship."

He makes a dangerous element in our national life, for he does not understand the first principles of Americanism, namely, that this country must be an organic unity.

Those who come here from foreign countries must be made to know that this is a country of Americans, run by Americans, for Americans.

No one who is unwilling to fight for the freedom of America is fit to remain in the land of the free.

### THE BOLSHEVIST AT HOME

Persons who have read or listened to the propaganda of the "Intellectual Bolsheviks" in this country will do well to follow the testimony given before United States senate committee by representatives of the American government who have returned from official missions in Russia.

If there exists any doubt about the real conditions it should be cleared away by the following extract from an Associated Press report of the testimony:

"Robert E. Simmons, who recently returned from Russia on a commercial research work, of the Saturday Evening Post, Ladies' Home Journal and Country Gentleman. He showed that agriculture is the big thing in America; the greater to grow rapidly greater. With the development of the industries already well started in Salem, there is bound to grow here a city of 50,000; of 100,000, and then up. And solid as the Rock of Ages for it will be the farms and the factories hooked up together and pulling together and each depending on the other. And the world for a market. You can't stop such a combination."

### OVER THE TUB

The soviet government at Moscow will work no hardship in restricting the Russians to one bath a month, but if they go to the extent of making them take it the elements of another revolution will be ready at hand.

### THE DARK SIDE

It is just one tragedy after another. Among things to worry about it is now reported that Jack Johnson, the brunette slugger, is broke in distant Spain and has had to pawn some of his diamonds. Maybe he could get a job as policeman with the league of

## THIS MOTHER AND DAUGHTER

Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steele, Ala.—"During the Change of Life I had hot flashes, was nervous, run

down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and I am much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give your medicine the praise. You are welcome to use this letter for the benefit of other suffering women."—Mrs. F. A. GAINES, R.R. No. 1, Steele, Ala.

Women who suffer as Mrs. Gaines did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved much suffering among women.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years' experience is at your service.

nations. If so a lot of folks might be in favor of letting him come back here long enough to beat up Jess Willard.

### LITTLE GERMANY

Chicago voters renominated Mayor William Hale Thompson because of rather than in spite of his pro-German attitude before the war. Chicago has more Germans than Munich and most of them are still voting. The mayor's opponent in the finals is named Sweitzer, and that doesn't sound all-American, either.

### DID VERY WELL

Another lame duck cared for. A Mitchell Palmer, nominated as attorney general to succeed Hon. Thomas Watts Gregory of Texas, was the Democratic candidate for governor of Pennsylvania several years ago and the best he could do was to keep the Republican majority in the neighborhood of 200,000 votes.—Exchange.

But that was doing very well—for Pennsylvania.

The wonder is that another Texas man could not have been found for attorney general. Texas is large, surely the Lone Star state has not run out of timber, at least as good as that already used.

### LEST WE FORGET!

The tumult and the shouting dies—The captains and the kings depart—Still stands Thine ancient sacrifice, An humble and a contrite heart. Lord God of hosts, be with us yet, Lest we forget—lest we forget!

## YOUR FRECKLES

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use Othine—double strength.

This preparation for the removal of freckles is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

### BITS FOR BREAKFAST

A great speech.

At Hotel Marion last night.

By Mr. Parlin, head of the commercial research work, of the Saturday Evening Post, Ladies' Home Journal and Country Gentleman.

He showed that agriculture is the big thing in America; the greater to grow rapidly greater.

With the development of the industries already well started in Salem, there is bound to grow here a city of 50,000; of 100,000, and then up. And solid as the Rock of Ages for it will be the farms and the factories hooked up together and pulling together and each depending on the other. And the world for a market. You can't stop such a combination.

This will all mean many other factories; box and bottle factories; paper mills and paper box mills and factories; the streams harnessed for hydro-electric power for these and many other factories, and for electric lines. There is scarcely any limit to the possibilities. The right thing now is more loganberries, blackberries, raspberries, strawberries, and all other berries, and all other vegetables, and all other fruits, on the farms. Speed up the work on the farms, along practical and intelligent lines, and all the rest will follow as night follows the day. In short, "there is nothing to it."

Dr. Mary Walker, a picturesque character, who insisted upon wearing men's clothes, is dead at the ripe old age of 87. If she had worn the low-necked waists that leave but little to be imagined she would have died of pneumonia years ago.—Exchange.

It would seem that God has abandoned William Hohenzollern, and after the ex-kaiser had done so much for him, too. As the French would put it, "Dieu m'a Abandonne; et apres tout ce que j'ai fait pour lui."

And now the anti-tobacco crusade! If that succeeds it will be necessary for a fellow to die before he can smoke.

With national prohibition, what will Bill? Sunday do for a horrible example.

The combs gets redder as the grass gets greener—hence the drop in the price of eggs.

But there ain't going to be any wet goods in hand when the dry spell hits us July 1.

Why should we worry because we do not know what the Russians are? Neither do they.

In spite of the marriages of the doughboys in France the "Maid in America" is the one best bet.

But will the proposed league of nations be equal to the task of protecting the baseball umpire?

The allies are still holding the Russian bear by the tail.

# AUCTION SALE OF MERCHANDISE

### IN A SOCIAL WAY

By DORRIS LEAH SIKES

HONORING the members of the French army band which played in Salem Wednesday night the War Mothers entertained with a reception at the Commercial club rooms immediately following the concert. The receiving line included the Salem patronesses for the band, a number of the War Mothers, and other prominent society matrons and French speaking people. Invitations were issued to about 75 people.

The patronesses are Mrs. James Withycombe, Mrs. C. E. Albin, Mrs. William Bushy, Mrs. T. H. Kay, Mrs. P. E. Fullerton, Mrs. R. J. Hendricks, Mrs. Charles H. Fisher, Mrs. John A. Carson, Mrs. Theodore Roth, Mrs. A. N. Bush, Mrs. T. A. Livealey, Mrs. George H. Burnett.

### Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Mrs. Henry W. Meyers, Mrs. C. P. Bishop.

The service table in the reading room at the club was centered with bowls of cinnerari and primroses in lavender and white, making a large solid mass of the blossoms. At opposite corners the same flowers were used in baskets of oblong shape, and groups of red shaded candles graced the other corners. Presiding at the tea and chocolate urns were Mrs. A. N. Bush and Mrs. John A. Carson. In the lobby the guests were served to punch.

Mr. and Mrs. C. I. Kephart, 248 North Summer street, are proud parents of a son born Wednesday. He has been named Arnold Ahlson, Mr. Kephart is an engineer of the public service commission.

Mrs. L. T. Harris, wife of Judge Harris, returned Tuesday from Eugene where she has been visiting with the family of Dr. M. C. Harris. Mrs. M. C. Harris accompanied Mrs. Harris and will visit in Salem until the first of the week.

Mrs. Ruth E. Sayre returned Wednesday night from a two-months' visit in San Francisco and Sacramento. She was accompanied by her great granddaughter, Mary Ruth Cushman.

There will be many happy parents, wives and sweethearts today with the arrival of Companies M and L in Portland tonight. To avoid any danger of not being able to secure a badge in Portland it is urged that everyone entitled to go with in the gates at the depot secure their badge, which entitles them to admission, at The Statesman office.

Y. W. C. A. vesper services will be resumed Sunday afternoon at 4 o'clock. The program will include several selections by a quartette and Mrs. Leland W. Porter will read.

Miss Eva Parrott was a dinner guest at the F. S. Barton home on Sunday.

Miss Lucille Elliott will entertain the members of the Salem Woman's club with several readings at their meeting at the Commercial club Saturday.

An organization of the past matrons of the Eastern Star was effected yesterday afternoon in a meeting of these women at the home of Mrs. George P. Burnett. Mrs. Mabel Sattlemier, grand matron, of Woodburn, met with the women as organizer. The women present were: Mrs.

Carlton Smith, Mrs. David Wright, Mrs. Ida Babcock, secretary-treasurer, Mrs. E. M. La Fore, vice-president; Mrs. William Cherrington, Mrs. Reed, Mrs. Milton Meyers, Mrs. George G. Brown, Mrs. Frank Schaefer, Mrs. Frank Derby, Mrs. Ida Godfrey, and Mrs. George Burnett, president.

Mr. and Mrs. Peter Schmidt and two small daughters, of Olympia, Wash., are visiting with friends for a few days. During their stay they are living at the Marion.

The missionary department of the Women's Union of the First Congregational church will meet this afternoon at 2:30 at the home of Mrs. W. I. Staley at 271 North Summer street.

Mrs. Charles Becke, of Aurora, is a guest of Salem friends this week.

Mrs. M. Baruh and Mrs. Julius Louissou of Portland spent Thursday with Salem friends, coming down to attend the funeral of Governor Withycombe.

### Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

## The THINGS That COUNT

LIBERTY--  
HUMANITY--  
JUSTICE--  
RIGHT LIVING--  
HOLSUM BREAD!

Good bread! Made of pure, wholesome materials. A plain loaf—the kind of a loaf that is made in the homes of the country. Plain Virtues— Plain Living—Plain Food—are the things that count and win out in the long run.

IT HAS BEEN DEMONSTRATED!  
Cherry City Baking Co.
