

Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about— and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa. "I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." —Mrs. James Croker.
Holmdel, N.J. "I live on a farm and am a hard working woman and for weak, run-down, nervous conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." —Mrs. Thomas Ellis.

CHAPTER I

HOW MADGE AND DICKY MET

"Madge, Madge, little sweetheart! I thought you would never get here." Dicky's eager eyes looked up from his white face into mine. His voice, weak but thrilling with the old love, repeated my name over and over, as if he could not say it enough. I sank to my knees beside the bed in which Dicky lay. I realized in a hazy sort of fashion that the room must be Harry Underwood's own bedchamber, but I spent no time in conjecture. All my being was fused in the one joyous certainty that Dicky was alive and in my arms, and that I had been assured he would get well. I laid my face against his cheek, shifted my arms so that no weight should rest against his bandaged left shoulder, which, at my first glimpse of it, had caused me to shudder involuntarily. "If you only knew how awful I felt about this," Dicky murmured, contently, and, as I raised my eyes to look at him his own contracted as with pain. "It's a fine mess I've brought you into by my carelessness this summer, but I swear I didn't dream—" I laid my hand on his lips. "Don't, sweetheart." I pleaded. "It is enough for me to know that you are safe in my arms. Nothing

Mixed Iron Helps to Spread Health and Strength to 3,000,000 People Annually. Get Your Share! When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply brim over when the blood is filled with Iron. Iron is red blood food—it helps put strength and energy into the veins of men and roses into the cheeks of women. A prominent New York Surgeon and former Adjunct Professor of the New York Post Graduate Medical School and Hospital, Dr. Kenneth K. MacAlpine, says: "If people would only realize that iron is just as indispensable to the blood as is the air to the lungs and be just as particular about keeping up a sufficient supply at all times there would, in my opinion, be far less disease resulting from anaemic, weakened conditions. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood builder any physician can prescribe."

"I do not know," I replied faintly, "but it doesn't matter. Tell me, is my husband all right, and how badly is he hurt?" "He is not hurt seriously at all," the physician replied. "The bullet went through the fleshy part of his left arm. It was a clean wound, and he will be around again in no time." He walked to Dicky's bed, bent over him, listened to his breathing, straightened, and came back to me. "He is doing splendidly," he said, "but you are not. You are on the point of collapse from what you have undergone tonight. You must lie down at once. If there is no one else to take care of you, I must do it." (To be continued)

Builds You Up The Right Way—Spring Medicine That Begins and Ends Right. So generally successful is Hood's Sarsaparilla as a spring medicine, and in all ailments of the blood, stomach, liver and kidneys, that it may truly be said to give universal satisfaction. It has been before the public for nearly 50 years, and today has the largest sale of any sarsaparilla. Nothing under the sun could keep up this great demand but phenomenal efficiency and loyal support by the people of a good medicine. It thoroughly renovates the blood, adds red corpuscles, creates an appetite, tones the stomach, aids digestion, perfects assimilation, secures 100 per cent benefit of the food you eat. Hood's Sarsaparilla represents the wisdom of one of the best physicians Boston ever had, combined with the practical experience of a pharmacist who has been putting up prescriptions for more than 50 years.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR. Save Your Hair! Make It Thick, Wavy and Beautiful! Try This! Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderrine tonight—now—any time—will surely save your hair. Get a small bottle of Knovitch's Danderrine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.
