Discharged Marine Visits—
R. H. Bowman, formerly of the Fifth Marines, was in Salem Friday night visiting with friends. While here he was the guest of George Nelson. Mr. Bowman saw active service on five of the French fronts, and is wearing two wound stripes. He will leave the last of the week for Bremerton, where he will receive his discharge. His home is La Mill City, where he is passing the week-end.

Goes to A. E. F. School—
According to news received by his relatives in Salem, Sergeant Edward N. Rauch, of the second provisional guard company of the district of Paris, has been sent to the A. E. F. university at Bearne, Cote d'Or, in south central France. Sergeant Rauch left Salem with Company M, but was later transferred to Paris as a guard at the big prison there.

Burial in Salem—
Funeral services will be held tomorrow at 2:30 in the afternoon for Mrs. Mary Halvorsen, who died Saturday at her home in Eugene. The services will be conducted from the Rigdon chapel with burial in the City View cemetery. Mrs. Halvorsen is survived by one son, George Halvorsen, of Salem, and by four daughters, Mrs. C. G. Robertson, of Salem, and Esther, Margaret, and Christina Halvorsen, all of Eugene. A sister, Mrs. Julia Iversen, also lives in Salem.

General Here Few Hours—
Adjutant General John L. May and Major A. A. Hall of the Oregon National guard were in Salem yesterday for a few hours. They arrived after midnight and left before 9 a. m. for Independence. The visit was not of an official nature.

Have Paid a Dividend—
The Federal Land Bank of Spokane has paid the stockholders of the Marion-Polk County National Farm Loan association, of Salem, Oregon, its first annual dividend of 5 per cent, amounting to \$427.51. Borrowers from the bank are required to take stock in their local associations up to five per cent of their loans. This is the stock upon which the dividends are paid. It is said that the dividends are likely to be increased from year to year. Out of the dividend money, 10 per cent must be set aside and invested, so as to enable the associations to make good their guarantees of interest and amortization payments on the individual loans to members of their associations. The local associations may, if they choose, set aside more than the 10 per cent at any given time.

FROM THE FIRST DOSE

Hood's Sarsaparilla Begins Its Reconstruction Work.

First, it creates an appetite. Second, it aids digestion. Third, it perfects assimilation. Fourth, it carries 100 per cent of the nourishment in the food you eat into the blood and the body, thereby enriching and vitalizing your blood, which in time renews your strength and builds up again your reserve strength and vitality. This makes Hood's Sarsaparilla one of the great remedies of the world. From the first dose you are on a definite road to improvement. It is of inestimable value just now to restore the health and nerve force so greatly exhausted by war excitement, the grip and influenza epidemic and the changing season. It is the right medicine for you this spring. Get a bottle today. And if you need a mild, effective cathartic, get Hood's Pills.

PERSONALS

Miss Hazel Harris, a teacher from Creswell, was in the city yesterday. H. C. Todd was in from Fruitland yesterday. Clare G. Morey of Oswego is in the city. He is engaged in teaching and is passing his week-end here. Paul R. Walker of Portland is in Salem visiting relatives for the week-end. George M. Post of Portland is in Salem.

BITS FOR BREAKFAST

Clearing weather promised. The farmers need it. They are behind with their spring work. Easter Sunday two weeks from today.

"If any would not work, neither should he eat," was the advice of Paul to the Thessalonians of his time. The doctrine will have to be applied in the reconstruction period that is before the world. The people of the United States will be willing to feed the starving of the war torn countries, even of Russia, until they can have opportunity to produce their own foodstuffs by their own labor on their own land. But no patience ought to be shown to any who may persist in disorderly idleness and slothfulness.

Changes will come quickly after

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT
Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching, if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of red hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish tinge which is not unpleasant. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.

THE SPINAL CORD
Carries the message from the brain to all parts of the body—These messages tell each part of the body how to perform its function. If the line of communication (the spinal cord) be interfered with, the messages do not reach their destination and that part of the body does not function normally. This so-called disease, pressure of a vertebra on the spinal cord produces this result. Chiropractic remove this pressure and health is the result.
