VICTORY LOAN

I AM SALEM

—a proud and beautiful city in a great and mighty state.

I have given Time and Energy and Resources to my country.

I have contributed to help build ships that have sailed the deepest Seas; airplanes that have soared the highest Heavens; my sons have fought their Fight.

—to end the War.

Shall I stand upon that Record?

No—for I am Salem.

I shall be willing—glad—to settle up the Account which I helped to open in preparation for another twelve months of death and destruction.

—but which brought the end so soon.

I deem it a blessing to pay this price that brings my boys back home safe again.

I will perpetuate my Patriotism.

—so bring on your Victory Loan.

—for I am Salem.
