

## NEW FIRM IS FORMED HERE

Vick Brothers Dispose of Large Interests and Will Go to Portland

by the firm of Vick brothers of the major part of their holdings and business in Salem to Paul Wallace, Watt Shipp and Benjamin Vick. The consideration, it is said, is \$100,000. Vick brothers, with the exception of Benjamin Vick, will move to Portland to handle the wholesale Fordson tractor agency.

Included in the deal are the realty holdings of Vick brothers on North High street where they have a building 80 by 350 feet, the retail business of the Fordson tractor together with the stock and the plant at State

and Front streets which houses the Valley Motor company. The garage business and the retail Ford trade also are included in the deal. Property at Chemeketa and North High streets, owned by Vick brothers, will be retained by them and they will keep their homes in Salem.

Charles, George and Alfred Vick go to Portland to handle the Oregon and southern Idaho the wholesale agency of the Fordson tractor. The move to Portland is explained as in accordance with the desires of the Ford company which considers that the preferable point for headquarters.

The firm of Vick brothers is one of the latest motor vehicle concerns in the state and it is said that during the year 1918 the business was in excess of \$1,000,000. Tractor business for 1919 is estimated at over \$2,000,000 for Oregon and that portion of Idaho over which the firm will have jurisdiction. George Vick made a trip to Detroit and interviewed Henry Ford personally about a year ago in order to secure for Fordson tractor agency. It was only because he was impressed by Mr. Vick's confidence in the tractor which caused him to make the trip that Mr. Ford consented to the Oregon agency, which he had not previously contemplated. With an assignment of 1000 of the machines the Vick brothers were given the Oregon agency and the Idaho territory was added later. Vick brothers, with their families, and the employees to be with them in Portland will leave Salem in about two months. It is probable that a building for the firm's use will be constructed in that city. Prior to coming to Salem Vick brothers were in the dairy business at Falls City. They came to Salem and took the Ford agency in 1911.

The following employees will go with the firm to Portland: Ralph Thompson, salesman, now alderman from the seventh ward; Lawrence Simmons, salesman; W. J. Kearth, bookkeeper; Warren Bartiges, stockman; Fred Bernardi, mechanic; Al Zeilan, mechanic, and Byron Brunk, mechanic. From the office force there will go to Portland Russell Smith and Miss Freida Christensen. Paul B. Wallace, one of the members of the new Salem firm, returned to the United States about two months ago from France, where he was wounded in action while fighting the Germans. He is connected with a prominent family which long has been connected with the business life of Salem. Mr. Wallace has been in the east since his return. Watt Shipp has conducted a mercantile business in sporting goods and motor vehicle lines in Salem for several years. Benjamin Vick, who remains in Salem with the new firm, has been with his brothers in the Salem business.

## "Gets-It" Peels My Corns Off!

Any Corn or Callus Comes Off Peacefully, Painlessly. Never Fails.

It's almost a picnic to get rid of a corn or callus the "Gets-It" way. You spend 2 or 3 seconds putting on 2 or 3 drops of "Gets-It" about as simple as putting on your hat. "Gets-It" does away forever with "contraptions," "wrappy" plasters, greasy ointments that rub off, blood-letting

Use "Gets-It" peel off corn this way.

knives, and scissors that snip into the "quick." "Gets-It" eases pain. Your "jumpy" corn shrinks, dies, loosens from the toe in one complete piece. That's where the picnic comes in—you peel it off as you would a banana peel. Nothing else but "Gets-It" can do it. Get peaceful, common-sense "Gets-It."

"Gets-It," the guaranteed, money-back corn remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry and Frank S. Ward.
