GERMANS TO BE GIVEN TREATY ON APRIL 25

(Continued from Page 1.)
It is intended to allow adequate time for the Germans to make inquiries concerning the various details before returning to Weimar. This is expected to take about two days, the first day being devoted by the

Germans to familiarizing themselves with the terms and the second day to answering such queries as they may make.

There is no purpose to have this assume the character of a discussion, but merely the elucidation of any points which may assist in obtaining prompt and favorable action when the plenipotentiaries return to Weimar.

It is believed the stay of the plenipotentiaries at Weimar will cover a week, thus bringing them back to Versailles about May 8 to 10. This, however, is conjectural, for it is dependent upon the rapidity of the decisions reached at Weimar.

Premier Lloyd George's declaration in the British parliament that France has been given full guarantees against a renewal of German attacks is the first authoritative statement that such guarantees have been given and arouses the keenest discussion regarding the nature of the

guarantees as affecting the United States and Great Britain. The French reports say that the guarantees amount to an alliance and the semi-official Temps says:

"Premier Lloyd George's language admits of only one meaning. That is that Great Britain and the United States engage to sustain France in case she is again attacked by Germany. Such an alliance is legitimate and necessary. Mr. Lloyd George may not pronounce such words lightly, and his announcement is singularly instructive."

The council of four, which framed the guarantees as part of the Rhine settlement, has thus far maintained a rigid silence except for the general declaration of Mr. Lloyd George. Viscount Chinda of the Japanese delegation arranged today for his appearance before the council of four Saturday on the Kaio-Chau question with a view to an adjustment with China which shall be incorporated in the peace treaty. The American delegates believe that an accord will be reached, whereby China will ultimately control Kaio-Chau, with suitable recognition of Japan's efforts. A plenary session of the peace conference will be held two days next week, Wednesday and Thursday to pass upon a large number of remaining details before the meeting with the Germans.

HOME COMING JOY

Saxonia's thirty ton propeller blade descended like a knife on the stern of the smaller vessel. Those on deck hardly had time to run to the pier before the tug's stack disappeared beneath the waters of the Hudson. Only the tips of her masts remained above the surface.

SALEM GOES OVER TOP IN VICTORY LOAN DRIVE

(Continued from Page 1)

"Much work has been eliminated for the business men" said Ivan G. McDaniel, manager for the campaign, "and this is particularly desirable when they were so urgently needed in their business because of the rapidly improving conditions. We feel greatly pleased with the way things have gone and I think Salem people should be appreciative of the unique record which has been attained."

Mr. McDaniel will continue in his office in the Commercial club rooms until Marion's quota is complete.

Much of the publicity work will be continued in order that the people who desire to purchase the bonds may be kept informed. This part of the campaign is in charge of J. F. Hutehason as chairman of the advertising committee.
