Catarrhal Deafness and Head Noises TELLS SAFE AND SIMPLE WAY TO TREAT AND BELIEVE AT HOME

If you have catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Farnim (double strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be rescued by this simple, harmless, home treatment. COUNTY SLOW IN WORK OF RELIEF

Outside of Salem Only About Half of Armenian-Syrian Quota Raised

While Salem is pretty well along with its quota of Armenian-Syrian relief the other points in Marion county have not done as well. Of the \$3000 quota outside of Salem only about half has been pledged. Very soon in order to insure its insertion into the edition. For information phone 23.

All over the United States the appeal is being emphasized and the cause is attracting contribution from the country's best citizens. As the relief workers sent out to the Near East by the American committee for Armenian and Syrian relief penetrate farther and farther into the interior they discover that conditions of destitution are worse than had been expected, according to telegrams received daily at national headquarters in New York.

A message received describes the movement of the first relief train sent into the interior by the committee and adds: "Need everywhere greater than anticipated. Forty-thousand refugees in Aleppo alone and number increasing daily. Interior people flocking to military centers through fear. Farms neglected, industries abandoned, business paralyzed." The relief train according to this dispatch, left preliminary workers and supplies at Konia, Adana, Tarsus and Aleppo. Others were sent by motor truck to Caesarea, Sivas, Aintab, and Marash.
