THE OREGON STATESMAN: WIEDNESDAY, APRIL 30, 1919

CONFIDENCE VOTE (Continued from page 1)

Premier Orlando gave the ambasador the impression that, owing to the critical situation and the fact that the promier's action either in going to Versailles or remaining away from the peace conference would have serious consequences, it would be preferable to have the trouble come from without Italy rather than from within the kingdom. A dispatch from Paris says that

while the non-return of Orlando would give the situation a more ser-1 throughout Tuesday with Baron Ma-

ious aspect than did the departure of the Italian delegation from Paris, the allied and associated powers would proceed to the signing of the treaty, notwithstanding Italy's nonparticipation. German's at Versailles

The main German delegates have arrived at Versailles, but it is probable that the peace treaty will not be delivered to them until Friday as from the parole office where letter pier on the previous day, "May Day" 5 24 strike which will dislocate transportation and communications is

planned by the labor unions. The council of three conferred

Is Your Blood Starving For Want of Iron?

Modern Methods of Cooking and Living Have Made an Alarming Increase in Iron Deficiency in Blood of American Men and Women

Why Nuxated Iron so Quickly Helps Build Up Weak, Nervous, Run-Down Folks-Over 3,000,000 People Annually Taking It to Increase Their Strength Power, Energy and Endurance.

Endurance. "Is your blood starving for want of iron? If you were to go without cating until you became weak, thin and cmaciated, you could not do a more serious harm to yourself than when you let your blood literally starve for want of iron-iron that gives it strength and power to change food into living tissue," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.). New York, and the Westchester County Hospital. "Modern methods of cooking and kind of m are you?

"Modern methods of cooking and the rapid pace at which people of this country live has made such an alarm-ing increase in iron deficiency in the blood of American men and women that I have often marveled at the large number of people who lack iron in the blood, and who never suspect the cause of their

I have often marveled at the large number of people who lack iron in the blood, and who never suspect the cause of their weak, nervous, runsdown state. Lack of the sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of blood-builder to are so walk of life.

Try Salem First

This is the call of the Salem Business Men but please Mr. Business Man what did you do in the last several years to prevent the trading in Salem, and thus sending it to Portland. NOTHING.

Until the People's Cash Store, 186-194 N. Commercial Street, took the problem in their hands and for their short time of existence you will hear from everywhere and everyone that the People's Cash Store is doing a wonderful business and every day and especially Saturdays all departments of Groceries, Dry Goods, Clothing and Shoes are crowded with people, while the 25 clerks are busy Saturday from early morning to late at night, but it is no wonder, our groceries are good, fresh and healthy, our Dry Goods, Clothing and Shoes are the best and latest style and everything in our departments are the lowest prices. We are giving free deliveries and also dividing our profits with our customers, by giving them FREE premium coupons with the purchase of each dollar which will secure nice silverware, dishes and crockery which enables them to decorate their sideboard with nice things entirely free.

Our ambition is to make not only a Salem week, but a Salem year. We will hold the trade of Salem and all around Salem for Salem. We will celebrate this week with unusually low prices in every department in groceries, dry goods, clothing and shoes. We are always in time. We are giving this week fly swatters to every customer. It is possible to chase out flys now with a swatter when you couldn't do it with a cannon. Prompt attention to all mail orders received.

OF REAL HOT WATER BEFORE BREAKFAST. Bays we will both look and feel clean, sweet and fresh and avoid liness.

Sanitary science has of late made rapid strides with results that are of ceived at national headquarters of it is as necessary to attend to internal sanitation of the drainage system, of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise. splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot

untold blessing to humanity. The the American committee for Armelatest application of its untiring re- nian and Syrian Relief in New York search is the recommendation that report conditions as "indescribably bad." A typhus epidemic has been raging in the region about Tiflis and Erivan, and at the time the messages were sent, the mediciaes were exhausted.

One of the cablegrams from Erivan, which is at the foot of Mt. Ararat, says:

"Food shortage terrible. Food now in Erivan will last six days only. Every week's delay costs thousands of lives."

The latest message from the Caucasus received by the committee came from Dr. John H. T. Main, president of Grinnell collége. Iowa,
